new times create new needs and new needs require new solutions the new pioneers is a practical guide for capitalists and idealists on how to navigate in the new economic world order it is about the social megatrends that are shaping our lives in new ways and creating a new face of capitalism and it is about the pioneers that are paving the way for the new business revolution this century s generation of visionary leaders social entrepreneurs and social intrapreneurs hardcore business people are realising that they can increase their profits by incorporating social responsibility into their business and heartcore idealists are realising that the use of market methods helps them meet their social goals successfully argues tania ellis with a wide array of cases from all over the world tania ellis explains the key principles of sustainable business success read the new pioneers to gain insight into the new rules that are paving the way for business unusual for the benefit of humanity and the bottom line learn more about the new pioneers and join the movement of sustainable businesses and social entrepreneurs at [thenewpioneers biz](http://thenewpioneers.biz)

Snyder County [Pennsylvania] Pioneers 2009-06

here is an essential guide to the formation and historical highlights of 100 tennessee counties in existence at the time of the work s original publication in 1923 each essay gives the county s date of formation the names of all parent counties the names of some of its earliest pioneers and landowners the dates its courts were organized locations of county seats and additional information on each county s topography and economy

Headstrong and Unorthodox Pioneers for a Critical Theory of Consumption 2023-08-28

this volume offers contributions on the fundamentals of current consumption theory and consumption research which have developed almost entirely from originally unorthodox approaches against traditional micro and macroeconomic theory the inspiration came mainly from social economic behavioural research and ecological economics but the reception is very patchy and the history is largely forgotten with reference to the work of earlier authors new arguments are offered to the current discussion about delimitations and paradoxes in consumption and the still narrowly understood consumer role it is as much about rework in sharpening the understanding of consumption and consumers in their lifeworlds as it is about indications of fruitfulness for the analysis of open questions it is about arguments for a paradigmatic reorientation of consumer research and policy the contributions address in particular ambivalences options and future modes in consumption in the search for individual satisfaction and ecological sustainability this book is a translation of an original german edition the translation was done with the help of artificial intelligence machine translation by the service deepl com a subsequent human revision was done primarily in terms of content so that the book will read stylistically differently from a conventional translation

Pioneers of civilisation 1891

in the period since the end of world war ii numerous develop ing countries have employed colonization or planned pioneer settlement as one method of building a more reliable and bal anced economy it is felt that the traditional single sided sys tems of farm ownership and production with their latifundium and minifundium holdings will gradually and peacefully become less prominent as better settlement systems are introduced and extended marked increases in population pressure large tracts of unused or underused land and modern improvements in set tlement planning are among other compelling reasons for star ting colonization programs of all the areas in the world the continent of south america probably has the widest variety of planned pioneer settlements as well as the most sizeable programs brazil the largest country on the continent is actively engaged in populating the vast emp ty spaces of its interior and provides excellent opportunities for the scholarly investigation of new frontier settlement types in addition to the academic discussion of the origin and develop ment of these expressions of man s expansion into marginal ar eas the critical examination of relatively new attempts at land settlement is a useful thing because what is to be learned from such studies may be directly applicable to other pioneer zones and moreover may be of vital significance to overall economic improvement on the continent in this monograph my student k muller analyzes the south brazilian frontier colony of toledo parana founded in 1946

Jefferson County, Pennsylvania her pioneers and people, 1800-1915 1917

the book leads the reader through the past to the present and here leaves him amid active and progressive men who are advancing along with him toward the future including as it does lives of men now living it constitutes a connecting link between what has gone before and what is to come after it is therefore fitting that it should be dedicated to a prominent man of our day in preference to one of former times the matter presented in the nature of things is largely biographical there can be no foundation for history without biography history is a generalization of particulars it presents wide extended views to use a paradox history gives us but a part of history that other part which it does not give us the part which introduces us to the thoughts aspirations and daily life of a people is supplied by biography the men whose deeds are recorded in this book were or are deeply identified with texas and the preservation in this volume in enduring form of some remembrance of them their names who and what they were has been a pleasant task to one who feels a deep interest and pride in texas its past history its heroes and future destiny

Pioneer Settlement in South Brazil: The Case of Toledo, Paraná 2012-12-06

story of the 7th battalion durham light infantry with the creation of the territorial force in 1908 the battalion was re designated as the 7th battalion it went to france in april 1915 with the rest of the northumbrian division seeing action almost immediately at the second battle of ypres in november 1915 the battalion was picked to become the divisional pioneers the 17 battalion suffered 600 fatalities in 1920 when the territorial army was reformed it was re raised in its original role as infantry the story concludes on 10 december 1936 when the 7th battalion durham light infantry became the 47th durham light infantry a a battalion r e t a whose personnel went on to serve in the second world war

Transactions of the ... Annual Reunion of the Oregon Pioneer Association 1895

for more than a century american communities erected monuments to western pioneers although many of these statues receive little attention today the images they depict sturdy white men saintly mothers and wholesome pioneer families enshrine prevailing notions of american exceptionalism race relations and gender identity pioneer mother monuments is the first book to delve into the long and complex history of remembering forgetting and rediscovering pioneer monuments in this book historian cynthia culver prescott combines visual analysis with a close reading of primary source documents examining some two hundred monuments erected in the united states from the late nineteenth century to the present prescott begins her survey by focusing on the earliest pioneer statues which celebrated the strong white men who settled and conquered the west by the 1930s she explains when gender roles began shifting new monuments came forth to honor the pioneer mother the angelic woman in a sunbonnet armed with a rifle or a bible as she carried civilization forward an iconic figure resonated particularly with mormon audiences while interest in these traditional monuments began to wane in the postwar period according to prescott a new wave of pioneer monuments emerged in smaller communities during the late twentieth century inspired by rural nostalgia these statues helped promote heritage tourism in recent years americans have engaged in heated debates about confederate civil war monuments and their implicit racism should these statues be removed or reinterpreted far less attention however has been paid to pioneer monuments which prescott argues also enshrine white cultural superiority as well as gender stereotypes only a few western communities have reexamined these values and erected statues with more inclusive imagery blending western history visual culture and memory studies prescott s pathbreaking analysis is enhanced by a rich selection of color and black and white photographs depicting the statues along with detailed maps that chronologically chart the emergence of pioneer monuments
