## **Economic Development in Louisiana and the Role of Small Business**

1988

this book develops a novel approach to distributive justice by building a theory based on a concept of desert as a work of applied political theory it presents a simple but powerful theoretical argument and a detailed proposal to eliminate unmerited inequality poverty and economic immobility speaking to the underlying moral principles of both progressives who already support egalitarian measures and also conservatives who have previously rejected egalitarianism on the grounds of individual freedom personal responsibility hard work or economic efficiency by using an agnostic flexible data driven approach to isolate luck and ultimately measure desert this proposal makes equal opportunity initiatives both more accurate and effective as it adapts to a changing economy it grants to each individual the freedom to genuinely choose their place in the distribution it provides two policy variations that are perfectly economically efficient and two others that are conditionally so it straightforwardly aligns outcomes with widely shared fundamental moral intuitions lastly it demonstrates much of the above by modeling four policy variations using 40 years of survey data from the panel study of income dynamics

## **The Journal of the Assembly During the ... Session of the Legislature of the State of California**

1870

the european garden flora is the definitive manual for the accurate identification of cultivated ornamental flowering plants designed to meet the highest scientific standards the vocabulary has nevertheless been kept as uncomplicated as possible so that the work is fully accessible to the informed gardener as well as to the professional botanist this new edition has been thoroughly reorganised and revised bringing it into line with modern taxonomic knowledge although european in name the flora covers plants cultivated in most areas of the united states and canada as well as in non tropical parts of asia and australasia volume 1 contains accounts of all the monocotyledons which includes those groups known informally as the petaloid monocotyledons the liliaceae and amaryllidaceae in the first edition divided here among 17 families the grasses and sedges gramineae and cyperaceae the aroids araceae and the large and diverse orchidaceae
