## ***BUSINESS AND NON-PROFIT ORGANIZATION FACING INCREASED COMPETITION AND GROWING CUSTOMERS' DEMANDS (Vol. 10)***

2006

in a conservative educational climate that is dominated by policies like no child left behind one of the most serious effects has been for educators to worry about the politics of what they are teaching and how they are teaching it as a result many dedicated teachers choose to avoid controversial issues altogether in preference for safe knowledge and safe teaching practices diana hess interrupts this dangerous trend by providing readers a spirited and detailed argument for why curricula and teaching based on controversial issues are truly crucial at this time through rich empirical research from real classrooms throughout the nation she demonstrates why schools have the potential to be particularly powerful sites for democratic education and why this form of education must include sustained attention to authentic and controversial political issues that animate political communities the purposeful inclusion of controversial issues in the school curriculum when done wisely and well can communicate by example the essence of what makes communities democratic while simultaneously building the skills and dispositions that young people will need to live in and improve such communities

in a recent paradigm shift local governments find themselves shouldering more responsibility for day to day governance and crisis management thanks to regulations and federal spending cuts while 20

years ago a book on local government administration might have been considered complete with chapters on budgeting public personnel management productivity and responsivity and community engagement any discussion of local government must now also include resilience emergency management climate change smart cities social media and infrastructure funding bringing together key voices from the academic and public sectors local government management offers techniques and insight into how local government can most effectively lead and manage their resources in an evolving political and environmental landscape featuring examples from expert contributors own decades of public service and research this forward thinking book explores the rapid speed of change in local communities and the need for local government to not only adapt but also proactively plan for the future local government management is essential reading for local government officials public stakeholders practitioners and students of public administration and management

## **An Examination of Federal 9/11 Assistance to New York**

2002

for some years we have observed a broad public discussion over the shrinking civic space while the focus has generally been on countries with authoritarian governance systems it has more recently become apparent that the issue is neither restricted to these countries nor indeed to countries with weak or non existing democracies it has been demonstrated that the space in which civil society actors and individual citizens may contribute to public affairs is undergoing fundamental changes in europe while in some areas the clout of civic initiative is larger today than ever before in others civic action is highly disputed and governments are attempting to crowd out non governmental actors from the public sphere this edited volume examines the wellbeing of civil society in the europe and its riparian states presented by experts from 12 european countries the book presents insights in the latest developments of civil society and aspect like the shifting interaction between the state market and civil society or the influence of populist movements on civil society and tackles the question wether there is a shrinking civic space in europe it addresses policy and decision makers civil society academics and actors in the field as well as the public
