Fostering Local Entrepreneurship in a Multinational Enterprise

2014-10-10

across the world most people are well aware of ordinary criminal harms to person and property often committed by the powerless and poor these individualized crimes are catalogued in the statistics collected annually by the fbi and by similar agencies in other developed nations in contrast the more harmful and systemic forms of injury to person and property committed by powerful and wealthy individuals groups and national states are neither calculated by governmental agencies nor annually reported by the mass media as a result most citizens of the world are unaware of the routinized crimes of the powerful even though they are more likely to experience harms and injuries from these types

of organized offenses than they are from the atomized offenses of the powerless research on the crimes of the powerful brings together several areas of criminological focus involving organizational and institutional networks of powerful people that commit crimes against workers marketplaces taxpayers and political systems as well as acts of torture terrorism and genocide this international handbook offers a comprehensive authoritative and structural synthesis of these interrelated topics of criminological concern it also explains why the crimes of the powerful are so difficult to control edited by internationally acclaimed criminologist gregg barak this book reflects the state of the art of scholarly research covering all the key areas including corporate global environmental and state crimes the handbook is a perfect resource for students and researchers engaged with explaining and controlling the crimes of the powerful domestically and internationally

The Good Man of Nanking

2002
