First World War Strange Bedfellows On Civic Friendship Enforcing Freedom Prisoners' Rights

Feminism Confronts Homo Economicus 2018-08-06 the essays in this volume confront the inroads that economics has made into the legal academy law and economics uses principles of neoclassical economics to develop laws and social policies that maintain if not bolster current allocations of power from the introduction the law and economics school has had a significant impact on the legal and governmental landscape in the united states it posits a perfectly rational economic man homo economicus who is unconstrained by familial and communal ties and who can and should make decisions solely in light of considerations of economic value feminism confronts homo economicus offers a major intervention in debates about how law has come under the influence of economic principles drawing on the latest thinking in the fields of feminist legal theory critical legal studies and feminist economics the essays critique the notion that legal and policy decisions should be made solely through the lens of economics while the contributors question the wholesale incorporation of the neoclassical economic model into legal analysis they do not all discard economic analysis and theory situated at the intersection of feminism law and economics feminism confronts homo economicus will appeal to scholars and students of these disciplines as well as policy analysts and social theorists interested in family education labor and welfare

Law and Economics 2015-02-11 the law and economics approach to law dominates the intellectual discussion of nearly every doctrinal area of law in the united states and its influence is growing steadily throughout europe asia and south america numerous academics

and practitioners are working in the field with a flow of uninterrupted scholarship that is unprecedented as is its influence on the law academically every major law school in the united states has a law and economics program and the emergence of similar programs on other continents continues to accelerate despite its phenomenal growth the area is also the target of an ongoing critique by lawyers philosophers psychologists social scientists even economists since the late 1970s while the critique did not seem to impede the development of the field it certainly has helped it to become more sophisticated inclusive and mature in this volume some of the leading scholars working in the field as well as a number of those critical of law and economics discuss the foundational issues from various perspectives philosophical moral epistemological methodological psychological political legal and social the philosophical and methodological assumptions of the economic analysis of law are criticized and defended alternatives are proposed old and new applications are discussed the book is ideal for a main or supplementary textbook in courses and seminars on legal theory philosophy of law jurisprudence and of course law and economics

Transcending the Boundaries of Law 2010-07-12 transcending the boundaries of law is a ground breaking collection that will be central to future developments in feminist and related critical theories about law in its pages three generations of feminist legal theorists engage with what have become key feminist themes including equality embodiment identity intimacy and law and politics almost two decades ago routledge published the very first anthology in feminist legal theory at the boundaries of law m a fineman and n thomadsen eds 1991 which

marked an important conceptual move away from the study of women in law prevalent in the 1970s and 1980s the scholars in at the boundaries applied feminist methods and theories in examining law and legal institutions thus expanding upon work in the law and society tradition this new anthology brings together some of the original contributors to that volume with scholars from subsequent generations of critical gender theorists it provides a retrospective on the past twenty five years of scholarly engagement with issues relating to gender and law as well as suggesting directions for future inquiry including the tantalizing suggestion that feminist legal theory should move beyond gender as its primary focus to consider the theoretical political and social implications of the universally shared and constant vulnerability inherent in the human condition

Ethics, Law and Society 2022-07-30 this key collection brings together a selection of papers commissioned and published by the cardiff centre for ethics law society it incorporates contributions from a group of international experts along with a selection of short opinion pieces written in response to specific ethical issues the collection addresses issues arising in biomedical and medical ethics ranging from assisted reproductive technologies to the role of clinical ethics committees it examines broader societal issues with particular emphasis on sustainability and the environment and also focuses on issues of human rights in current global contexts the contributors collect responses to issues arising from high profile cases such as the legitimacy of war in iraq to physician related suicide the volume will provide a valuable resource for practitioners and academics with an interest in

ethics across a range of disciplines

Ethics, Law and Society 2017-07-28 this key collection brings together a selection of papers commissioned and published by the cardiff centre for ethics law society it incorporates contributions from a group of international experts along with a selection of short opinion pieces written in response to specific ethical issues the collection addresses issues arising in biomedical and medical ethics ranging from assisted reproductive technologies to the role of clinical ethics committees it examines broader societal issues with particular emphasis on sustainability and the environment and also focuses on issues of human rights in current global contexts the contributors collect responses to issues arising from high profile cases such as the legitimacy of war in iraq to physician related suicide the volume will provide a valuable resource for practitioners and academics with an interest in ethics across a range of disciplines

Human Rights and Economic Policy Reform 2021-09-22 this book deals with the complex and challenging relationship between economic policy and human rights in the context of the covid 19 pandemic crisis the need to address the conceptual and methodological disconnects between these two areas is more pressing than ever inspired by the 2019 united nations guiding principles on human rights impact assessments hria for economic reform policies this book brings together experts working on human rights and economic policy from a range of disciplinary perspectives including economics law and development studies the contributions reflect a huge body of professional experience in the academic policy making

advocacy and practitioner fields they cover issues including the politics of evidence in the context of hria economic inequality child rights impact assessment of economic reforms economic policy and women s human rights tax regimes for multinational corporations and human rights as well as the human rights impacts of the economic fall out of the covid 19 pandemic the collection also includes the text of the guiding principles themselves it constitutes a crucial volume for scholars policymakers advocates and others working on the burning topic of human rights and economic policy reform the chapters in this book were originally published as a special issue of the international journal of human rights

Ethics, Law and Society 2013-02-28 this volume forms part of a series exploring key issues in ethics law and society published in association with the cardiff centre for ethics law and society the works collectively address new technological social and regulatory developments and the fresh ethical dilemmas these pose and also critically compel an urgent revisiting of social and legal issues that were once the subject of controversy but which have now fallen out of the line of sight of academics politicians and policy makers this fifth and final volume brings the series to a close and is dedicated to the memory of dr jennifer gunning

Gendered Risks 2007-11-13 edited and contributed to by a collection of eminent international scholars in the field this is the first book to explore the gendered aspects of risk it analyzes what is currently known and identifies some of the new directions and challenges for research and theory that emerge from thinking of risk as a governmental technique as a form of consciousness and action and as a political issue shaped by and shaping gender in

contemporary society

and politics of our time are on full display in this volume

Counting on Marilyn Waring 2014-03-01 this edited volume maps new advances in theories and practices in feminist economics and the valuation of women care and nature since marilyn waring s groundbreaking critique of the system of national accounts if women counted 1988 it features theoretical practical and policy oriented contributions empirical studies and new conceptualizations theorizations and problematizations of defining and accounting for the value of nature and unpaid household work eco feminism national and international policy processes gender budgeting unpaid care and hiv aids policy activism and artwork and mirrors the wide ranging impact and resonance of waring s work as well as the current frontiers of feminist economics

In Defense of Plural Marriage 2015-05-28 this book outlines the constitutional argument in favor of plural marriage in the united states

Whitman, Melville, Crane, and the Labors of American Poetry 2019-05-23 in whitman melville crane and the labors of american poetry peter riley confronts our enduring and problematic investment in poetic vocation a myth he argues that continues to inform how all our multifarious labors are understood valued and exploited the book seeks to challenge a dominant cultural logic that frames contingent non vocational labor as a necessary sacrifice that frustrates the righteous progress towards realizing that seemingly purest of callings poet incorporating the often overlooked or excluded workaday ephemera of three canonical us romantic poets walt whitman herman melville and hart crane this volume offers new archival

insights that call for a re examination of celebrated literary careers and disputes their status as renowned or tragic icons of creative vocation the poetry of whitman the real estate dealer melville the customs inspector and crane the copywriter riley contends does not constitute the formal inscription of an antagonistic or discreet poetic labor struggling against quotidian work towards the fulfilment of exceptional individual callings instead the distracted forms of their poetry are always already intermingled with a variety of apparently lesser labors ousting poetic production from its default sanctuary of privileged exemption or transcendent repose the volume refigures the work of the poet as a living sensuous activity that transgresses labor s various divisions and hierarchies it consequently recasts the poet as a figure who actually unfastens the right of passage vocational logic that does so much to secure and reproduce the current neoliberal paradigm

Owning Land, Being Women 2021-04-06 owning land being women enquires into the processes that establish inheritance as a unique form of property relation in law and society it focuses on india examining the legislative processes that led to the 2005 amendment of the hindu succession act 1956 along with several interconnected welfare policies scholars have understood these acts as a response to growing concerns about women s property rights in developing countries in re reading these acts and exploring the wider nexus of indian society in which the legislation was drafted this study considers how questions of family structure and property rights contribute to the creation of legal subjects and demonstrates the significance of the politico economic context of rights formulation on the

basis of an ethnography of a village in west bengal this book brings the moral axis of inheritance into sharp focus elucidating the interwoven dynamics of bequest distribution of family wealth and reciprocity of care work that are integral to the logic of inheritance it explains why inheritance rights based on the notion of individual property rights are inadequate to account for practices of inheritance mondal shows that inheritance includes normative structures of affective attachment and expectations i e evaluatively charged imaginaries of the future that coordinate present practices these insights pose questions of the dominant resource based conceptualisation of inherited property in the debate on women s empowerment in doing so this work opens up a line of investigation that brings feminist rights discourse into conversation with ethics enriching the liberal theory of gender justice

Church, State, and Family 2019-04-11 presents a robust defence of the essential place of stable marital families in modern liberal societies

Transnational Feminist Politics, Education, and Social Justice 2021-11-18 written by an international group of feminist scholars and activists the book explores how the rise in right wing politics fundamentalist religion and radical nationalism is constructed and results in gendered and racial violence the chapters cover a broad range of international contexts and offer new ways of combating assaults and oppression to understand the dangers inherent within the current global political and social climate the book includes a foreword by the distinguished critical activist antonia darder as well as a chapter by renowned feminist scholar chandra talpade mohanty

Paradigms of Justice 2020-10-28 this book explores the relation between redistribution and recognition two key paradigms in the contemporary discourse on justice combining insights from the traditions of critical social theory and analytical political philosophy the volume offers a multifaceted exploration of this incredibly inspiring conceptual couple from a plurality of perspectives the chapters engage with concepts such as universal basic income property owning democracy poverty equality self respect pluralism care and work all of which have an impact on individuals recognition as well as on distributive policies an important contribution to the field of political and social philosophy the volume will be useful to scholars and researchers of politics law human rights economics social justice as well as policymakers

The Foundations of Vulnerability Theory 2023-11-03 this volume is the first collection of martha albertson fineman s most important and influential work feminist legal theorist martha albertson fineman has spent decades pushing the boundaries of law questioning and reconceptualizing legal and social definitions of family dependency vulnerability and state responsibility the pieces collected in this book trace the arc of fineman s scholarship from gender equality to the role of the family as a social institution to dependency to autonomy to the legal subject and vulnerability theory this book reflects a lifetime of radical reimagining of the relationship between the state individuals families and other social institutions that is just as relevant today if not more so in this book fineman offers a foundation for the achievement of true social justice through the centering of our shared human vulnerability and dependency grounded in the recognition of the ontological body and its material needs

arranged in sections and introduced by leading scholars in the field these pieces ask us to re-examine our legally enshrined commitment to formal equality and the mythological autonomous independent legal subject recognizing instead that we must call for an active and responsive state that meaningfully provides resilience through its social institutions this collection demonstrates an evolution of heretical thought that has always pressed for a deeper understanding of the foundations of law and society offering a model for other scholars on how to keep pressing through the hard work of thinking and rethinking the conceptual basics of language law society and justice this book will appeal to academics policymakers lawyers activists and students in law and politics theory with interests in law and society human dependency and vulnerability state responsibility and feminism and the family as well as others who have applied fineman's vulnerability theory to issues in the fields of bioethics artificial intelligence and policing to name just a few

Tax and Government in the 21st Century 2022-09-08 with an accessible style and clear structure miranda stewart explains how taxation finances government in the twenty first century exploring tax law in its historical economic and social context today democratic tax states face an array of challenges including the changing nature of work the digitalisation and globalisation of the economy and rebuilding after the fiscal crisis of the covid 19 pandemic stewart demonstrates the centrality of taxation for government budgets and explains key tax principles of equity efficiency and administration presenting examples from a wide range of jurisdictions and international developments stewart shows how tax policy

and law operate in our everyday lives ranging from family and working life to taxing multinational enterprises in the global digital economy employing an interdisciplinary approach to the history and future of taxation law and policy this is a valuable resource for legal scholars practitioners and policy makers

Philosophy of Science: The Key Thinkers 2021-07-15 from the 19th century the philosophy of science has been shaped by a group of influential figures who were they why do they matter this introduction brings to life the most influential thinkers in the philosophy of science uncovering how the field has developed over the last 200 years taking up the subject from the time when some philosophers began to think of themselves not just as philosophers but as philosophers of science a team of leading contemporary philosophers explain criticize and honour the giants now updated and revised throughout the second edition includes easy to follow overviews of pivotal thinkers including john stuart mill rudolf carnap thomas kuhn karl popper and many more coverage of central issues such as experience and necessity logical empiricism falsifiability paradigms the sociology of science realism and feminist critiques an afterword looking ahead to emerging research trends study questions and further reading lists at the end of each chapter philosophy of science the key thinkers demonstrates how the ideas and arguments of these figures laid the foundations of our understanding of modern science

The Bloomsbury Companion to Analytic Feminism 2018-06-14 applying the tools and methods of analytic philosophy analytic feminism is an approach adopted in discussions of

sexism classism and racism the bloomsbury companion to analytic feminism presents the first comprehensive reference resource to the nature history and significance of this growing tradition and the forms of social discrimination widely covered in feminist writings through individual sections on metaphysics epistemology and value theory a team of esteemed philosophers examine the relationship between analytic feminism and the main areas of philosophical reflection their engaging and original contributions explore how analytic feminists define their concepts and use logic to support their claims each section provides concise overviews of the main debates in feminist literature within that particular area of research as well as introductions to each of the chapters together with a glossary and an annotated bibliography this companion features an overview of the basic tools used in reading analytic philosophy the result is an in depth and authoritative guide to understanding analytic feminist s characteristic methods

Misogyny in American Culture [2 volumes] 2018-10-01 this set surveys american misogyny in all its cultural forms from popular music film and education to healthcare politics and business the work also assesses proposals to confront and reduce such expressions of hatred the essays contained in this two volume set explore misogyny within various areas of american culture to demonstrate its pervasiveness and identify common foundations of its many presentations beyond a basic definition of misogyny which includes hatred of women and girls and the ways in which this hatred and distrust influences action speech discrimination policy and culture in the united states this project also aims to expand and

complicate definitions of misogyny in order to provide readers with a robust introduction to and understanding of the larger topic given the current political and cultural climate and the more frequent and widespread use of the term misogyny by various media outlets and voters during the 2016 presidential election this book has the potential both to contribute to ongoing conversations on misogyny and among its intended audience of advanced high school beginning college students and the general public to inform a shift currently unfolding in public conversation on the topic

Women who Opt Out 2012 in a much publicized and much maligned 2003 new york times article the opt out revolution the journalist lisa belkin made the controversial argument that highly educated women who enter the workplace tend to leave upon marrying and having children women who opt out is a collection of original essays by the leading scholars in the field of work and family research which takes a multi disciplinary approach in questioning the basic thesis of the opt out revolution the contributors illustrate that the desire to balance both work and family demands continues to be a point of unresolved concern for families and employers alike and women s equity within the workforce still falls behind ultimately they persuasively make the case that most women who leave the workplace are being pushed out by a work environment that is hostile to women hostile to children and hostile to the demands of family caregiving and that small changes in outdated workplace policies regarding scheduling flexibility telecommuting and mandatory overtime can lead to important benefits for workers and employers alike

Sustainable Development Goals and the Catholic Church 2020-11-29 this book identifies both the consistencies and disparities between catholic social teaching and the united nation s un sustainable development goals sdgs with pope francis laudato si encyclical catholicism seems to be engaging more than ever with environmental and developmental concerns however there remains the question of how these theological statements will be put into practice the ongoing involvement of the catholic church in social matters makes it a significant potential partner in issues around development therefore with the use of the comparative method this book brings together authors from multiple disciplines to assess how the political and legal aspects of each of the un s 17 sdgs are addressed by catholic social teaching chapters answer the question of how the catholic church evaluates the concept of sustainable development as defined by the agenda 2030 goals as well as assessing how and if it can contribute to shaping the contemporary concept of global development examining the potential level of cooperation between the international community and the catholic church in the implementation of the agenda 2030 goals this volume will be of keen interest to scholars of catholic studies religious studies and the sociology of religion as well as environmental studies and development studies

The Poverty of Disaster 2019-10-17 examines debt insecurity in eighteenth century britain a period of famously rapid economic growth when many people nevertheless experienced financial failure

Counting on Marilyn Waring: New Advances in Feminist Economics 2014-09-01 this second

edition which includes an epilogue by marilyn waring maps new advances in theories and practices in feminist economics and the valuation of women care and nature since marilyn waring s 1988 groundbreaking critique of the system of national accounts if women counted it features theoretical practical and policy oriented contributions empirical studies and new conceptualizations theorizations and problematizations of defining and accounting for the value of nature and unpaid household work eco feminism national and international policy processes unpaid care and hiv aids policy activism and artwork and mirrors the wide ranging impact and resonance of waring s work as well as the current frontiers of feminist economics

Philosophy of Science after Feminism 2010-10-28 in this monograph janet a kourany argues for a philosophy of science more socially engaged and socially responsible than the philosophy of science we have now the central questions feminist scientists philosophers and historians have been raising about science during the last three decades form kourany s point of departure and her response to these questions builds on their insights this way of approaching science differs from mainstream philosophy of science in two crucial respects it locates science within its wider societal context rather than treating science as if it existed in a social political and economic vacuum and it points the way to a more comprehensive understanding of scientific rationality one that integrates the ethical with the epistemic kourany develops her particular response dubbed by her the ideal of socially responsible science beyond the gender related questions and contexts that form its origins and she defends it against a variety of challenges epistemological historical sociological economic

and political she ends by displaying the important new directions philosophy of science can take and the impressive new roles philosophers of science can fill with the approach to science she offers

At a Turning Point 2024-02-01 australia is at a much needed turning point in work care and family policy australian women families and communities are struggling to manage the complex demands of work and care rapid social and demographic change alongside new workplace labour market trends and the aftermath of the covid 19 pandemic requires a policy revamp that will allow all australians to work care and be cared for in seven chapters authored by leading scholars in the field at a turning point work care and family policies in australia provides a comprehensive account of key policy areas that shape the experience of work and care across the life course these include reproductive wellbeing paid parental leave early childhood education and care flexible work elder and disability care and equitable systems of tax and transfer payments at a turning point argues that a new social contract that puts gender equality economic security and the well being of carers and those they care for at the centre of policy design is essential to national productivity and prosperity it is the foundation of a good society

Reworking the Relationship between Asylum and Employment 2012-05-16 touching on the laws and practices of a wide array of countries around the globe this book examines the extent to which refugees and asylum seekers right to work is protected by international human rights law the book examines a number of key international treaties national

constitutions and some foundational cases from national courts in order to make the case that the practise of restricting refugees and asylum seekers access to the labour market is illegal in so doing the author examines some intricate legal questions such as the interpretation of the refugee convention s provisions restricting rights to refugees lawfully staying the application of racial discrimination to citizenship distinctions and the ways in which limitations on human rights are applicable in this context the book also looks at some broader philosophical questions such as the meaning of equality and human dignity and the legitimacy of the right to work the book goes on to explore broader debates concerning migration and open borders in order to unpack the fears that drive many countries restrictive measures readers are invited to consider whether the world would be a better place with more freedom of movement it is a unique stand alone treatment of the subject and includes the michigan guidelines on the right to work reworking the relationship between asylum seekers and employment is written in an accessible style that will appeal to academics policy makers practitioners and students it combines a strong black letter approach with a law in context approach that explains why the law takes its current shape and questions current orthodoxy

The Struggle for Female Suffrage in Europe 2012-06-07 by comparing women s access to suffrage in the countries that make up the european union i the struggle for female suffrage in europe provides a retelling of the story of how citizenship was gradually coined in europe from the perspective of women

The Struggle for Female Suffrage in Europe 2012-06-07 whilst scholarship on women's suffrage usually focuses on a few emblematic countries the struggle for female suffrage in Europe casts a comparative look at the articulation of women's suffrage rights in the countries that now make up the political unity in the making we call the European Union the book uncovers the dynamics that were at play in the recognition of male and female suffrage rights and in the definition of male and female citizenship in modern Europe it allows readers to identify differences and commonalities in the histories of women's disenfranchisement and sheds light on the role suffrage has played in the construction of female citizenship in European countries it provides the background against which a new European paradigm of parity democracy is gradually asserting itself

Peacemaking and International Order after the First World War 2023-03-31 the Paris Peace Settlements following the First World War remain amongst the most controversial treaties in history bringing together leading international historians this volume assesses the extent to which a new international order combining old and new political forms emerged from the peace negotiations and settlements after 1918 taking account of new historiographical perspectives and methodological approaches to the study of peacemaking after the First World War it views the peace negotiations and settlements after 1918 as a site of remarkable innovations in the practice of international politics the contributors address how a wide range of actors set out new ways of thinking about international order established innovative institutions and revolutionised the conduct of international relations they illustrate the ways

in which these innovations were merged with existing practices institutions and concepts to shape the international order that emerged out of the paris peace conference of 1919

Strange Bedfellows 2018-05-15 strange bedfellows recounts the unlikely ways in which the efforts of feminists and divorced men s activists dovetailed with the activity of lawmakers judges welfare activists immigrant spouses the lgbtq community the reagan coalition and other americans to redefine family and marriage without relying on traditional gender norms

On Civic Friendship 2009-08-22 women have performed the vast majority of often unpaid friendship labor for centuries embodying the freedom equality and ideals of the constitution civic friendship emerges as a necessary condition for genuine justice through a critical examination of social and political relationships from ancient times to today sibyl schwarzenbach develops a truly innovative feminist theory of the democratic state beginning with an analysis of aristotle s notion of political friendship schwarzenbach brings the philosopher s insights to bear on the social and political requirements of the modern state she elaborates a conception of civic friendship that with its ethical reproductive praxis functions differently from male centered notions of fraternity and with its female participants remains fundamentally separate from generalized male inflected claims of marxist solidarity schwarzenbach also distinguishes civic friendship from feminist calls for public care arguing that friendship unlike care not only is reciprocal but also seeks to establish and maintain equality schwarzenbach concludes with various public institutions economic legal and social that can promote civic friendship without sacrificing crucial liberties in fact women s entrance

into the public sphere en masse makes such ideals realistic within a competitive individualistic society

Enforcing Freedom 2019-12-17 in 1989 the first drug treatment court was established in florida inaugurating an era of state supervised rehabilitation such courts have frequently been seen as a humane alternative to incarceration and the war on drugs enforcing freedom offers an ethnographic account of drug courts and mandatory treatment centers as a system of coercion demonstrating how the state uses notions of rehabilitation as a means of social regulation situating drug courts in a long line of state projects of race and class control kerwin kaye details the ways in which the violence of the state is framed as beneficial for those subjected to it he explores how courts decide whether to release or incarcerate participants using nominally colorblind criteria that draw on racialized imagery rehabilitation is defined as preparation for low wage labor and the destruction of community ties with bad influences a process that turns participants against one another at the same time kaye points toward the complex ways in which participants negotiate state control in relation to other forms of constraint in their lives sometimes embracing the state s salutary violence as a means of countering their impoverishment simultaneously sensitive to ethnographic detail and theoretical implications enforcing freedom offers a critical perspective on the punitive side of criminal justice reform and points toward alternative paths forward

Prisoners' Rights 2017-07-05 this volume brings together a selection of the most important published research articles from the ongoing debate about the moral rights of prisoners the

articles consider the moral underpinnings of the debate and include framework discussions for a theory of prisoners rights as well as several international documents which detail the rights of prisoners including women prisoners finally detailed analysis of the moral bases for particular rights relating to prison conditions covers areas such as health solitary confinement recreation work religious observance library access the use of prisoners in research and the disenfranchisement of prisoners
