at nearly forty years old cash malloy has accepted that the lifestyle he and sage his partner both in life and on the job live isn't normal but is what both men need to escape the darkness of their pasts but he also knows that sage's wounds run much deeper than his own and that there will come a day where what cash can give sage isn't enough anymore and after meeting the young woman sage has become enamored with cash knows that day is closer than ever at twenty one daisy washburne has found a new life working for an underground vigilante group to the men she works with she's daisy it girl extraordinaire but in the silence of her apartment she's just awkward quiet weird daisy whose computer is her best friend and whose only link to the outside world are the voices of the men she's trying really hard not to think of as family but it's one voice on the other end of the phone in particular that calls to her like no other and eases just a little bit of the loneliness that has consumed her since losing her mother to a brutal act of violence in order to survive sage brighton has had to learn how to be two different people to most of the world he's happy go lucky flirty easy going sage but to the one man who knows him better than anyone else and yet still doesn't really know who he is sage sees himself as nothing more than a fucked up mess who takes more than he gives life without cash isn't even a possibility for sage but he can't deny the pull young daisy washburne has had on him from the moment he hears her voice for the first time only in the deepest recesses of his mind does sage allow for a world in which he can have both cash and daisy at the same time fortunately for sage the lines between fantasy and reality are miles apart almost a thousand miles to be exact since daisy doesn't live anywhere near cash and sage's home in the ozarks but when a chance encounter between daisy cash and sage in a motel just outside seattle changes everything the demons from sage's past threaten

to derail the life he and cash have built together when circumstances bring the trio back together cash sees an opportunity to give sage what he needs even if it costs cash everything he s ever wanted only he soon finds that sage isn t the only one drawn to the quiet young woman who s good at being invisible and he can t help but wonder if maybe the key to saving sage isn t about sage choosing who can give him a normal life because maybe normal isn t enough just like maybe one love isn t enough for any of them

in the late nineteenth and early twentieth centuries indigenous communities in the united states and australia suffered a common experience at the hands of state authorities the removal of their children to institutions in the name of assimilating american indians and protecting aboriginal people although officially characterized

as benevolent these government policies often inflicted great trauma on indigenous families and ultimately served the settler nations larger goals of consolidating control over indigenous peoples and their lands white mother to a dark racetakes the study of indigenous education and acculturation in new directions in its examination of the key roles white women played in these policies of indigenous child removal government officials missionaries and reformers justified the removal of indigenous children in particularly gendered ways by focusing on the supposed deficiencies of indigenous mothers the alleged barbarity of indigenous men and the lack of a patriarchal nuclear family often they deemed white women the most appropriate agents to carry out these child removal policies inspired by the maternalist movement of the era many white women were eager to serve as surrogate mothers to indigenous children and maneuvered to influence public policy affecting indigenous people although some white women developed caring relationships with indigenous children and others became critical of government policies many became hopelessly ensnared in this insidious colonial policy
