**The Frighteners** 2019-03-13 the frighteners follows the quest of peter laws a baptist minister with a penchant for the macabre to understand why so many people love things that are spooky morbid and downright repellent he meets vampires hunts werewolves in hull talks to a man who has slept on a mortuary slab to help him deal with a diagnosis and is chased by a chainsaw wielding maniac through a farmhouse full of hanging bodies staring into the darkness of a transylvanian night he asks what is it that makes millions of people seek to be disgusted and freaked out and in a world that worships rationality and points an accusing finger at violent video games and gruesome films can an interest in horror culture actually give us safe ways to confront our mortality might it even have power to re enchant our jaded world grab your crucifixes pack the silver bullets and join the sinister minister on his romp into our morbid curiosities George R.R. Martin and the Fantasy Form 2017-11-01 using the frameworks of literary theory relevant to modern fantasy dr joseph young undertakes a compelling examination of george r r martin s a song of ice and fire and his employment of the structural demands and thematic aptitudes of his chosen genre examining martin s approaches to his obligations and licenses as a fantasist young persuasively argues that the power of a song of ice and fire derives not from martin s abandonment of genre convention as is sometimes asserted but from his ability to employ those conventions in ways that further rather than constrain his authorial program written in clear and accessible prose george r r martin and the fantasy form is a timely work which encourages a reassessment of martin and his approach to his most famous novels this is an important work for both students and critics of martin s work and argues for a reading of a song of ice and fire as a wide ranging example of what modern fantasy can accomplish when employed with an eye to its capabilities and purpose

**General Studies & CSAT** 2017-12-25 2023 uppcs pre general studies csat solved papers Vadophil Issue No. 151-152 2018-02-06 the world is changing fast it is imperative for aspirants of every competitive exam to keep themselves updated with the latest happenings and the causes and effects pertaining to these happenings the aspirants must be aware of the fundamental structure tenets of our country that define the social political and economic past present and the future only these fundamentals build a foundation for larger self improvement goals and the understanding of the global world disha s mega yearbook 2018 a thoroughly revised reorganised updated and enlarged 3rd edition presents a comprehensive study of all the sections that are covered under the subject of general knowledge the mega yearbook 2018 the most authoritative and high quality reference material book on all subjects current affairs and general knowledge has specially been designed to cater to aspirants of various competitive exams like civil services banks railways upsc and psc exams and quiz competitions across the country given the latest exams structure the book has been designed in a way that it will help aspirants get an insight into the recent developments and the types of questions asked therein the mega yearbook 2018 has been divided into 2 inclusive parts part a current affairs part b general knowledge current affairs consists of articles on issues india and the world grappling with india world timeline people events ideas and issues that left their mark in 2017 india world at a glance social economic political infographics special coverage on indian economy union budget 2017 18 economic survey gst and effects of demonetization global economic outlook bills acts policies schemes swot analysis indian economic political social climate india world s who s who emerging

**The Current Affairs Yearbook 2018 for Competitive Exams - UPSC/ State PCS/ SSC/ Banking/ Insurance/ Railways/ BBA/ MBA/ Defence - 3rd Edition** 2018-06-28 how and why does a catastrophic disaster change public discourse and social narratives this is the first book to comprehensively investigate how japanese newspapers tv documentary films independent journalists scientists and intellectuals from the humanities and social sciences have critically responded to the fukushima nuclear disaster over the last decade in japan nuclear power consistently had more than 70 support in opinion polls however the fukushima disaster of 2011 has caused a shift in public opinion and the majority of the population now desires an end to nuclear power in japan alternative energy and countermeasures against climate change have thus become hot button issues in public discourse moreover topics previously left undiscussed have become common talking points among journalists and intellectuals concealed power structural dynamics that

work upon japan s politics bureaucracy industry academia and media japan s peculiar strong support for nuclear power despite being a nation subjected to the atomic bombing of hiroshima and nagasaki and its latent ability to develop nuclear weapons by utilizing the plutonium generated by its power plants and japan s dependence on the us nuclear umbrella these discussions have often evolved into macro level controversies over japan and its modernity in this book hidaka critically evaluates how the fukushima disaster has shaken hegemonic public discourse and compares it to the impact of previous moments of disaster culture in modern japanese history such as the great kanto earthquake and the pacific war offers vital insights into contemporary japanese culture and social discourse for students and scholars alike

*Japanese Media and the Intelligentsia after Fukushima* 2021-11-08 this textbook offers valuable insights into the nexus between geography geopolitics and humanitarian action it elucidates concepts regarding conflict and power as well as the role of the state and the international community in mitigating and preventing violence and war here the material and non material existential or imagined reasons for conflict are deconstructed ranging from land and resource grabs to utopian ideals that can degenerate into dystopias as with daesh s caliphate in syria and iraq in turn the issues discussed range from the local to wider national and global levels as do their resolution mechanisms due to insecurities the impacts of globalization divisive nationalistic and isolationist reactions emerging in some democracies including the usa the uk s brexit stress and the ominous rise of populist parties across continental europe from france and the netherlands to the visegrád group the balkans and greece citizen fatigue has become increasingly evident reflected in ever growing socio political malaise and violence as the impact of any humanitarian disaster is proportional to the level of development of the area affected concepts and categories of humanitarian action are explored along with development issues at their core especially in the global south broadly speaking humanitarian disasters fall into the categories of natural human made technological or complex here however the focus is on human made crises attempts at greater regulation national and international organization and multilateralism to prevent violent conflicts as well as enhanced responses to humanitarian emergencies need to be supported now more than ever before this textbook will appeal to graduate and upper undergraduate students and practitioners in the fields of geography geopolitics humanitarian action and geographies of conflict and war in addition to the main content it includes exercises questions and sections for autonomous student learning

**Aligning Geopolitics, Humanitarian Action and Geography in Times of Conflict** 2018-09-17 how do plants animals and humans manage to survive and adapt to the urban environment this book provides a comprehensive coverage of biological matters related to urban environments presenting both the conceptual and theoretical underpinnings and practical examples required to understand and address the challenges presented by this novel environment the biology of urban environments focusses on urban denizens species both domesticated and non domesticated that live for all or part of their life cycle in towns and cities the biology of household plants and companion animals is discussed alongside that of species that have become feral or have not been domesticated temporal and spatial distribution patterns are set out and generalizations are made while exceptions are also discussed the various strategies used and the genotypic phenotypic and behavioural adaptations of plants and animals in the face of the challenges presented by urban environments are explained the final two chapters contain a discussion of the impacts of urban environments on human biology and suggestions on how this understanding might be used to address the increasing human health burden associated with illnesses that are characteristic of urbanites in the early twenty first century

The Biology of Urban Environments 2023-03-27 the research work focuses on detailed

large scale mapping geological geo technical investigation slope stability assessment and stabilization measures of dhalli jhakri landslide shimla district himachal pradesh and kotropi landslide mandi district himachal pradesh dhalli landslide occurred on 2nd september 2017 was a structurally controlled rock slide that occurred along a road cut slope national highway nh 5a without proper toe support jhakri landslide is also located along the steep slope section of a national highway nh 22 connecting rampur and jhakri area kotropi landslide occurred on august 2017 along the mandi pathankot national highway nh 154 the landslide is of complex type with deep seated failure with huge social and economic loss landslide susceptibility map lsm have been developed for the dhalli jhakri and kotropi landslide the results reveal that for dhalli landslide site 42 15 of the total area was covered in moderately vulnerable zone and 57 85 of the area is covered in high and very high vulnerable area in jhakri landslide site 100 of the total area was covered in very high vulnerable zone lsm of kotropi study area reveal that 43 5 of the total area was covered in moderate vulnerable zone 42 5 falls under high vulnerable zone and 15 falls under very high vulnerable zone large scale mapping of the landslide sites dhalli and jhakri were conducted through total station the results reveal that all the study areas are located along steep slopes of various national highways

**LANDSLIDE: INVESTIGATIONS AND STABILIZATION MEASURES FOR SAFER GEO-ENVIRONMENT**

2018-04-17 land management is normally embedded in a complex legal context which frequently consists of contradictory objectives such as strengthening of rural areas satisfying the need for affordable living and commercial space protecting environment and health supporting transport infrastructure development and preserving the landscape land management can be understood as a process that comprises coordination of such activities while managing the use and the development of land resources it can be constrained by the land use specifications resulting from spatial planning process along with this the legal framework often contains generally formulated concepts and open standards which provide a range of opportunities for realization while balancing the different interests in this process it is important if and how both constraints and opportunities are recognised by the actors in this volume this topic is examined from various aspects first the problems in promoting mutual understanding between researchers and the general public but also among scientists of different disciplines second the success requirements of land management instruments as well as unfortunate experience caused by land use changes third covering land management costs by absorbing value increase and other trade off aspects and fourth supporting land management by providing geodata with low cost methods

**Opportunities and Constraints of Land Management in Local and Regional Development**
