*What Would You Do?* 2020-09-03 what are your thoughts about money many of us were taught that money is bad many people mistaken the verse in the bible that says the love of money is the root of all evil money and the love of money are two entirely different things money is simply a tool we can use this tool for good or bad right or wrong take a hammer for instance who's to say that a hammer is bad it can do a lot of good and help people in many ways but if used the wrong way it can do a lot of harm and damage money is the same way we can use it for evil or we can use it to do good and help not only ourselves but others the person holding it gets to decide which way they choose to use it did you know that some of the most wealthy people in this world are givers they give and give and give if you were to study their lives you would see how generous they really are they understand the law of the universe that states when we give something always comes back this is one of the main reasons that they are so wealthy many of us have this backwards we say to ourselves once i receive then i will give we may feel that we don't have anything to give but this is not true at the moment it may not be money that we can give but we all have something to share we are here to help each other out and as we do we are always blessed in return as you read through this story feel free to dream dream about all the different things you would do with a million bucks and think of all the ways you could share it to bless the lives of others

**Design Your Own Book: Get Started on Your Journey to Self-Publishing** 2005-03-25 many people sincerely believe that they are going to heaven when they die to be with jesus and his holy angels or if he is swamped with a million or so people every day they at least hope to discover their loved ones among the billions of people who have

died and gone to heaven whose names are written in the lamb s book of life even if they did not drink his blood nor eat his flesh as a requirement for entering through those overcrowded pearly white gates at the rate of about 695 persons per minute which only means that those are very large gates just to allow a million people to pass through them each day without checking for their names in any books because of the difficulty of checking for 695 names per minute and then there is the business of judging each person before he or she can enter heaven and especially if witnesses have to be called upon to testify who have yet to die and especially in the cases of murders who may not die for another 20 to 60 years which complicates everything about a judgment day record keeping etc nevertheless it is assumed that jesus will be able to handle all of it and has been handling it for the past 2 000 or so years god alone knows how the important thing to remember is that poor old saint peter has the keys into the kingdom and no one gets passed him without their garments being washed in the blood of the lamb literally according to certain fake religions which have no answers for a million questions such as how can i find my poor old uncle henry who lost his riit mind long before he died from the bug who could not remember his own first name much less his last name who must be lost in the crowd but his wife was a reformed transvestite who was converted to christ on her deathbed whereby she would be unrecognizable because no one ever seen her without several layers of makeup paint and buckets of perfume howbeit all of those are minor problems when you consider the fact that jesus supposedly created the entire universe which has billions of trillions of worlds in it whereby several trillion people are attempting to pass through those pearly gates daily and each one is expecting a good hug from him who remembers all of their trials and troubles who somehow kept track of every event in every life in trillions of lives yes you probably have a personal relationship with him yourself right
