 178 big argues that a company s capability to conceive and design quality prototypes and
 bring a variety of products to market more quickly than its competitors is increasingly the
 focal point of competition the authors present principles for developing speed and efficiency
 from an award winning author of historical fiction comes a story of survival crime adventure
 and horses in the streets of 19th century new york city eleven year old rocco is an italian
 immigrant who finds himself alone in new york city after he s sold to a padrone by his poverty
 stricken parents while working as a street musician he meets the boys of the infamous bandits
 roost who teach him the art of pickpocketing rocco embraces his new life of crime he s good at
 it and it s more lucrative than banging a triangle on the street corner but when he meets
 meddlin mary a strong hearted irish girl who s determined to help the horses of new york city
 things begin to change rocco begins to reexamine his life and take his future into his own
