1975

special edition of the federal register containing a codification of documents of general applicability and future effect with ancillaries

Wade Hampton Frost, Pioneer Epidemiologist, 1880-1938

2004

the code of federal regulations is the codification of the general and permanent rules published in the federal register by the executive departments and agencies of the federal government

Special Report - Highway Research Board

1952

this is a comprehensive guide to clay bricks and mortars their physical and aesthetic properties and their use in a wide range of building projects clear accessible text supported by full colour illustrations and an extensive glossary provides practical instruction in choosing using and making the most of these highly versatile and durable building materials written for both the diy enthusiast and for those wishing to specify brickwork or to check that it is being done correctly by professional builders the book is an invaluable source of information and reference for anyone involved in building work covers basic bricklaying techniques tools and equipment dimensions and setting out building straight and curved walls and building simple arches bonding patterns brickwork as cladding and foundations for paving work includes laying patterns steps drainage sand bedding and mortar jointed paving also covers maintenance and repair including dealing with water penetration replacing bricks repointing mortar cleaning and artificial weathering

Soil Survey of Latah County Area, Idaho

1981

a review of underwater archaeology offering a clear exposition of new developments in undersea technologies

Code of Federal Regulations

1969

in recent years building failures and the resulting lawsuits and awards for damages have frequently been in the news the biggest headlines may have been reserved for structural failures and complete collapses but we should not forget the less newsworthy failures such as leaky roofs damp walls dropped foundations and rotted timber this book gives practical guidance on the prevention of failure by describing the nature and cause of the most common defects in buildings and then shows how they should be avoided in design and construction

The Code of Federal Regulations of the United States of America

1971

report of the dominion fishery commission on the fisheries of the province of ontario 1893 issued as vol 26 no 7 supplement

Soil Survey of ... [various Counties, Etc.].

1963

that calling at once religious ethical and aesthetic is one that only a genuine poet can hear and very few poets can explain it as compellingly as mr wiman does that gift is what makes ambition and survival not just one of the best books of poetry criticism in a generation but a spiritual memoir of the first order new york sun this weighty first prose collection should inspire wide attention partly because of wiman s current job partly because of his astute insights and partly because he mixes poetry criticism with sometimes shocking memoir the collection s greatest strength comes in general ruminations on the writing reading and judging poetry publishers weekly wiman is a terrific personal essayist as this new collection illustrates with the command and instincts of the popular memoirist this is a brave and bracing book booklist blazing high style is how the new york times describes the prose of christian wiman the young editor transforming poetry the country s oldest literary magazine ambition and survival is a collection of stirring personal essays and critical prose on a wide range of subjects reading milton in guatemala recalling violent episodes of his youth and traveling in africa with his eccentric father as well as a series of penetrating essays on writers as diverse as thomas hardy and janet lewis the book concludes with a portrait of wiman s diagnosis of a rare form of incurable and lethal cancer and how mortality reignited his religious passions when i was twenty years old i set out to be a poet that sounds like i was a sort of frigate raising anchor and in a way i guess i was though susceptible to the lightest of winds when i read samuel johnson s comment that any young man could compensate for his poor education by reading five hours a day for five years that s exactly what i tried to do practically setting a timer every afternoon to let me know when the little egg of my brain was boiled it s a small miracle that i didn t take to wearing a cape christian wiman is the editor of poetry magazine his poems and essays appear regularly in the new yorker the atlantic monthly harper s and the new york times book review
