## ***Michael P. Johnson 2015***

the publishing industries production of ubiquitous volumes on starchitects does little to inform society the benefits good architecture can have on our everyday lives the small regional architectural firms working throughout the united states and abroad have a more profound effect on the built environment than the cultural imperialism thrust upon us harking back to the pre modernist movement of the last century looking back 50 60 years we can find architects such as bruce goff jack hilmer and al beadle to see how their work influences architectural culture and generations of young students the unshakeable search for architecture about the life work of architect michael p johnson speaks directly of his regional buildings from his native wisconsin through his work after his migration to arizona it also expands upon his work in new york colorado and california and further in canada mexico and italy

## **Community-Based Operations Research *2011-09-18***

this edited volume is an introduction to diverse methods and applications in operations research focused on local populations and community based organizations that have the potential to improve the lives of individuals and communities in tangible ways the book s themes include space place and community disadvantaged underrepresented or underserved populations international and transnational applications multimethod cross disciplinary and comparative approaches and appropriate technology and analytics the book is comprised of eleven original submissions a re print of a 2007 article by

johnson and smilowitz that introduces cbor and an introductory chapter that provides policy motivation antecedents to cbor in or ms a theory of cbor and a comprehensive review of the chapters it is hoped that this book will provide a resource to academics and practitioners who seek to develop methods and applications that bridge the divide between traditional or ms rooted in mathematical models and newer streams in soft or that emphasize problem structuring methods critical approaches to or ms and community engagement and capacity building

## **Black Masters: A Free Family of Color in the Old South 1986-04-17**

a remarkably fine work of creative scholarship c vann woodward new york review of books in 1860 when four million african americans were enslaved a quarter million others including william ellison were free people of color but ellison was remarkable born a slave his experience spans the history of the south from george washington and thomas jefferson to robert e lee and jefferson davis in a day when most americans black and white worked the soil barely scraping together a living ellison was a cotton gin maker a master craftsman when nearly all free blacks were destitute ellison was wealthy and well established he owned a large plantation and more slaves than all but the richest white planters while ellison was exceptional in many respects the story of his life sheds light on the collective experience of african americans in the antebellum south to whom he remained bound by race his family history emphasizes the fine line separating freedom from slavery

## **Plain Folk's Fight 2011-01-20**

in an examination of the effects of the civil war on the rural southern home front mark v wetherington looks closely at the experiences of white plain folk mostly yeoman farmers and craftspeople in the wiregrass region of southern georgia before during and after the war although previous scholars have argued that common people in the south fought the battles of the region s elites wetherington contends that the plain folk in this georgia region fought for their own self interest plain folk whose communities were outside areas in which slaves were the majority of the population feared black emancipation would allow former slaves to move from cotton plantations to subsistence areas like their piney woods communities thus they favored secession defended their way of life by fighting in the confederate army and kept the antebellum patriarchy intact in their home communities unable by late 1864 to sustain a two front war in virginia and at home surviving veterans took their fight to the local political arena where they used paramilitary tactics and ritual violence to defeat freedpeople and their white republican allies preserving a white patriarchy that relied on ex confederate officers for a new generation of leadership

## **Travel and the Pan African Imagination *2021-09-02***

travel and the pan african imagination explores the african atlantic world as a productive theater or space where modernity racialized dominance and racialized resistance took form the book stresses the importance of placing three atlantic figures the charleston south carolina based armed resistance leader denmark vesey the west african emigration advocate edward wilmot blyden and the christian missionary and teacher in liberia as well as the united states alexander crummell within an atlantic context and as african world community figures between the late eighteenth and early twentieth centuries the book also examines the religious origins of black power ideology and modern pan africanism as products of the intense dialogue within the african world community about concepts of modernity progress and civilization tracy keith flemming identifies how travel and social mobility led to the generation of an ever more complex and dynamic atlantic world and of a fluid and adaptive african world community imagination for those figures who were forced to operate within and against a racially framed universe the vexing social position and symbolic figure of the african was central to the dilemmas facing the racialized imagination of african world community figures and the discipline of africology

## **Reading the American Past: Volume I: To 1877 2012-01-05**

violence probing the boundaries around the world includes implicit and explicit contributions to the conceptualisation of violent processes across the world the circumstances that enable them to exist and opens ways to think valuable interventions

## **Violence: Probing the Boundaries around the World 2020-08-10**

despite its great achievements the domestic violence revolution is stalled even stark argues a provocative conclusion he documents by showing that interventions have failed to improve women's long term safety in relationships or to hold perpetrators accountable stark traces this failure to a startling paradox that the singular focus on violence against women masks an even more devastating reality in millions of abusive relationships men use a largely unidentified form of subjugation that more closely resembles kidnapping or indentured servitude than assault he calls this pattern coercive control drawing on sources that range from fbi statistics and film to dozens of actual cases from his thirty years of experience as an award winning researcher advocate and forensic expert stark shows in terrifying detail how men can use coercive control to extend their dominance over time and through social space in ways that subvert women's autonomy isolate them and infiltrate the most intimate corners of their lives against this backdrop stark analyzes the cases of three women tried for crimes committed in the context of abuse showing that their reactions are only intelligible when they are reframed as victims of coercive control rather than as battered wives the story of physical and sexual violence against women has been told often but this is the first book to show that most abused women who seek help do so because their rights and liberties have been jeopardized not because they have been injured the coercive control model stark develops resolves three of the most perplexing challenges posed by abuse why these relationships endure why abused women develop a profile of problems seen among no other group of assault victims and why the legal system has failed to win them justice elevating coercive control from a second class misdemeanor to a human rights violation stark explains why law policy and advocacy must shift its focus to emphasize how coercive control

jeopardizes women's freedom in everyday life fiercely argued and eminently readable stark's work is certain to breathe new life into the domestic violence revolution

## **Coercive Control:How Men Entrap Women in Personal Life 2007-04-16**

in rich man's war historian david williams focuses on the civil war experience of people in the chattahoochee river valley of georgia and alabama to illustrate how the exploitation of enslaved blacks and poor whites by a planter oligarchy generated overwhelming class conflict across the south eventually leading to confederate defeat this conflict was so clearly highlighted by the perception that the civil war was a rich man's war and a poor man's fight that growing numbers of oppressed whites and blacks openly rebelled against confederate authority undermining the fight for independence after the war however the upper classes encouraged enmity between freedpeople and poor whites to prevent a class revolution trapped by racism and poverty the poor remained in virtual economic slavery still dominated by an almost unchanged planter elite the publication of this book was supported by the historic chattahoochee commission

## ***Biomedical Index to PHS-supported Research 1992***

the congressional record is the official record of the proceedings and debates of the united states congress it is published daily when congress is in session the congressional record began publication in 1873 debates for sessions prior to 1873 are recorded in the debates and proceedings in the congress of the united states 1789 1824 the register of debates in congress 1824 1837 and the congressional globe 1833 1873

## **Rich Man's War 2011-03-15**

regardless of whether they owned slaves southern whites lived in a world defined by slavery as shown by their blaming british and northern slave traders for saddling them with slavery most were uncomfortable with the institution while many wanted it ended most were content to leave that up to god all that changed with the election of abraham lincoln rebels in the making is a narrative driven history of how and why secession occurred in this work senior civil war historian william l barney narrates the explosion of the sectional conflict into secession and civil war carefully examining the events in all fifteen slave

states and distinguishing the political circumstances in each he argues that this was not a mass democratic movement but one led from above the work begins with the deepening strains within southern society as the slave economy matured in the mid nineteenth century and southern ideologues struggled to convert whites to the orthodoxy of slavery as a positive good it then focuses on the years of 1860 1861 when the sectional conflict led to the break up of the union as foreshadowed by the fracturing of the democratic party over the issue of federal protection for slavery in the territories the election of 1860 set the stage for secession exploiting fears of slave insurrections anxieties over crops ravaged by a long drought and the perceived moral degradation of submitting to the rule of an antislavery republican secessionists launched a movement in south carolina that spread across the south in a frenzied atmosphere described as the great excitement after examining why congress was unable to reach a compromise on the core issue of slavery s expansion the study shows why secession swept over the lower south in january of 1861 but stalled in the upper south the driving impetus for secession is shown to have come from the middling ranks of the slaveholders who saw their aspirations of planter status blocked and denigrated by the republicans a separate chapter on the formation of the confederate government in february of 1861 reveals how moderates and former conservatives pushed aside the original secessionists to assume positions of leadership the final chapter centers on the crisis over fort sumter the resolution of which by lincoln precipitated a second wave of secession in the upper south rebels in the making shows that secession was not a unified movement but has its own proponents and patterns in each of the slave states it draws together the voices of planters non slaveholders women the enslaved journalists and politicians this is the definitive study of the seminal moment in southern history that culminated in the civil war

## ***Congressional Record 1970***

covers receipts and expenditures of appropriations and other funds

## ***Comprising Reports of Cases in the Courts of Chancery, King's Bench, and Common Pleas, from 1822 to 1835 1844***

## ***Journal of the Executive Proceedings of the Senate of the United States 2009***

viola franziska muller examines runaways who camouflaged themselves among the free black populations in baltimore charleston new orleans and richmond in the urban south they found shelter work and other survival networks that enabled them to live in slaveholding territory shielded and supported by their host communities in an act of collective resistance to slavery while all fugitives risked their lives to escape slavery those who fled to southern cities were perhaps the most vulnerable of all not dissimilar to modern day refugees and illegal migrants runaway slaves that sought refuge in the urban south were antebellum america s undocumented people forging lives free from bondage but without the legal status of freedpeople spanning from the 1810s to the start of the civil war muller reveals how urbanization work opportunities and the interconnectedness of free and enslaved black people in each city determined how successfully runaways could remain invisible to authorities

## **Journal of the Executive Proceedings of the Senate of the United States of America 2008**

although much has been written about the ways in which confederate politics affected the course of the civil war george rable is the first historian to investigate confederate political culture in its own right focusing on the assumptions values and b

### **Report of the Clerk of the House from ... 1995-04**

traditionally the secession of the states in the lower south has been viewed as an irrational response to lincoln s election or as a rational response to the genuine threat a republican president posed to the geographical expansion of slavery both views emphasize the fundamental importance of relations between the federal government and the southern states but overlook the degree to which secession was a response to a crisis within the south johnson argues that secession was a double revolution for home rule and for those who ruled at home brought about by an internal crisis in southern society he portrays secession as the culmination of the long developing tension between slavery on one side and the institutional and ideological consequences of the american revolution on the other this tension was masked during the antebellum years by the conflicting social political sectional and national loyalties of many southerners lincoln s election forced southerners to choose among their loyalties and their choice revealed a south that was divided along lines coinciding roughly with an interest in slavery and the established order starting with a thorough analysis of election data and integrating quantitative with more traditional literary sources johnson goes beyond the act of secession itself to examine what the secessionists said and did after they left the union although this book is a close study of secession in georgia it has implications for the rest of the lower south the result is a new thesis that presents secession as the response to a more complex set of motivations than has been recognized

## **Register of Commissioned and Warrant Officers of the United States Navy and Reserve Officers on Active Duty 1981**

one of janet maslin s favorite books of 2018 the new york times one of john warner s favorite books of 2018 chicago tribune named one of the best civil war books of 2018 by the civil war monitor a fascinating and important new historical study janet maslin the new york times a stunning contribution to the

historiography of civil war memory studies civil war times the stunning groundbreaking account of the ways in which our nation has tried to come to grips with its original sin providence journal hailed by the new york times as a fascinating and important new historical study that examines the place where the ways slavery is remembered mattered most denmark vesey s garden maps competing memories of slavery from abolition to the very recent struggle to rename or remove confederate symbols across the country the new republic this timely book reveals the deep roots of present day controversies and traces them to the capital of slavery in the united states charleston south carolina where almost half of the slaves brought to the united states stepped onto our shores where the first shot at fort sumter began the civil war and where dylann roof murdered nine people at emanuel a m e church which was co founded by denmark vesey a black revolutionary who plotted a massive slave insurrection in 1822 as they examine public rituals controversial monuments and competing musical traditions kytle and roberts s combination of encyclopedic knowledge of charleston s history and empathy with its inhabitants past and present struggles make them ideal guides to this troubled history publishers weekly starred review a work the civil war times called a stunning contribution denmark vesey s garden exposes a hidden dimension of america s deep racial divide joining the small bookshelf of major paradigm shifting interpretations of slavery s enduring legacy in the united states

## **Sickness and Health in America 1997**

against marriage argues that marriage violates both equality and liberty and should not be recognized by the state clare chambers shows how feminist and liberal principles require creation of a marriage free state one in which private marriages whether religious or secular would have nolegal status part one makes the case against marriage chambers investigates the critique of marriage that has developed within feminist and liberal theory feminists have long argued that state recognised marriage is a violation of equality chambers endorses the feminist view and argues in contrast to recentegalitarian pro marriage movements that same sex marriage is not enough to make marriage equal the egalitarian case against marriage is the most fundamental argument of against marriage but chambers also argues that state recognised marriage violates liberty including the political liberalversion of liberty that is based on neutrality between conceptions of the good part two sets out the case for the marriage free state chambers criticizes recent arguments that traditional marriage should be replaced with either a reformed version of marriage such as civil partnership or a purely contractual model of relationship regulation she then sets out a new model forthe legal regulation of personal relationships instead of regulating by status the state should regulate relationships according to the practices they involve instead of regulating relationships holistically assuming that relationship practices are bundled together in one

significant relationship the marriage free state regulates practices on a piecemeal basis the marriage free state thus employs piecemeal practice based regulation it may regulate private marriages including religious marriages so as to protect equality but it takes no interest in defining or protecting the meaning of marriage
