throughout his long life michelangelo buonarroti 1475 1564 never ceased to practice drawing with pen pencil or chalk in the 60 years of creative activity encompassed by this volume the artist produced scores of sketches drawings and studies nudes heads figure studies madonnas anatomical drawings studies of children and animals mythical representations and religious works this book reproduces 46 of his finest drawings embodying most of his artistic themes and techniques and executed in his characteristic media of pen and ink and red and black chalk the extraordinary strength grace and clarity of his renderings are beautifully illustrated on every page the compositions carefully reproduced on fine quality paper range from youthful studies modeled after ancient sculpture and early renaissance frescoes to the otherworldly religious creations of his old age many are preliminary drawings executed in connection with some of his most important commissions the marble david of 1501 04 the famous cartoon of 1504 for the projected fresco in the palazzo vecchio the battle of cascina the paintings on the vaulted ceiling of the sistine chapel executed 1508 12 and the imposing fresco of the last judgment in the same chapel executed 1535 14 as well as several of the more highly finished allegorical presentation drawings of the early 1530s in some cases e g the battle of cascina the drawings are all that remain of a lost masterpiece all drawings are accompanied by brief descriptive captions including date medium size and current location

Life and Works of Michelangelo Buonarroti

2020-03-07

the life of michelangelo offers one of the most striking examples of the influence that a great man can have on his time at the moment of his birth in the second half of the fifteenth century the serenity of ghirlandajo and of bramante illuminated italian art florentine sculpture seemed about to languish away from an excess of grace in the delicate and meticulous art of rossellino disiderio mino da fiesole agostino di duccio benedetto da maiano and andrea sansovino michelangelo burst like a thunder storm into the heavy overcharged sky of florence michelangelo di lodovico buonarroti simoni or more commonly known by his first name michelangelo 6 march 1475 18 february 1564 was an italian sculptor painter architect and poet of the high renaissance born in the republic of florence who exerted an unparalleled influence on the development of western art 1 considered by some the greatest living artist during his lifetime he has since been described as one of the greatest artists of all time 1 despite making few forays beyond the arts his artistic versatility was of such a high order that he is often considered a contender for the title of the archetypal renaissance man along with his rival the fellow florentine and client of the medici leonardo da vinci a number of michelangelo s works of painting sculpture and architecture rank among the most famous in existence 1 his output in these fields was prodigious given the sheer volume of surviving correspondence sketches and reminiscences he is the best documented artist of the 16th century he sculpted two of his best known works the pietà and david before the age of thirty despite holding a low opinion of painting he also created two of the most influential frescoes in the history of western art the scenes from genesis on the ceiling of the sistine chapel in rome and the last judgment on its altar wall his design of the laurentian library pioneered mannerist architecture 2 at the age of 74 he succeeded antonio da sangallo the younger as the architect of st peter s basilica he transformed the plan so that the western end was finished to his

design as was the dome with some modification after his death michelangelo was the first western artist whose biography was published while he was alive 1 in fact two biographies were published during his lifetime one of them by giorgio vasari proposed that michelangelo s work transcended that of any artist living or dead and was supreme in not one art alone but in all three 3 in his lifetime michelangelo was often called il divino the divine one 4 his contemporaries often admired his terribilità his ability to instil a sense of awe attempts by subsequent artists to imitate 5 michelangelo s impassioned highly personal style resulted in mannerism the next major movement in western art after the high renaissance michelangelo with leonardo da vinci and raphael is one of the three giants of the florentine high renaissance although their names are often cited together michelangelo was younger than leonardo by 23 years and older than raphael by eight because of his reclusive nature he had little to do with either artist and outlived both of them by more than forty years michelangelo took few sculpture students he employed francesco granacci who was his fellow pupil at the medici academy and became one of several assistants on the sistine chapel ceiling 40 michelangelo appears to have used assistants mainly for the more manual tasks of preparing surfaces and grinding colours despite this his works were to have a great influence on painters sculptors and architects for many generations to come while michelangelo s david is the most famous male nude of all time and destined to be reproduced in order to grace cities around the world some of his other works have had perhaps even greater impact on the course of art

Michelangelo. the Complete Works. Paintings, Sculptures, Architecture

2022-03

today most of us enjoy the work of famed renaissance artist michelangelo by perusing art books or strolling along the galleries of a museum and the luckier of us have had a chance to see his extraordinary frescoes on the ceiling of the sistine chapel but as bernadine barnes shows in this book even a visit to a well preserved historical sight doesn't quite afford the experience the artist intended us to have bringing together the latest historical research she offers us an accurate account of how michelangelo's art would have been seen in its own time as barnes shows michelangelo's works were made to be viewed in churches homes and political settings by people who brought their own specific needs and expectations to them rarely were his paintings and sculptures viewed in quiet isolation as we might today in the stark halls of a museum instead they were an integral part of ritual and ceremonies and viewers would have experienced them under specific lighting conditions and from particular vantages they would have moved through spaces in particular ways and been compelled to relate various works with others nearby reconstructing some of the settings in which michelangelo's works appeared barnes reassembles these experiences for the modern viewer moving throughout his career she considers how his audience changed and how this led him to produce works for different purposes sometimes for conventional religious settings but sometimes for more open minded patrons she also shows how the development of print and art criticism changed the nature of the viewing

public further altering the dynamics between artist and audience historically attuned this book encourages today s viewers to take a fresh look at this iconic artist seeing his work as they were truly meant to be seen

Michelangelo

2018-11-26

this major new biography recounts the extraordinary life of one of the most creative figures in western culture weaving together the multiple threads of michelangelo s life and times with a brilliant analysis of his greatest works the author retraces michelangelo s journey from rome to florence explores his changing religious views and examines the complicated politics of patronage in renaissance italy the psychological portrait of michelangelo is constantly foregrounded depicting with great conviction a tormented man solitary and avaricious burdened with repressed homosexuality and a surplus of creative enthusiasm michelangelo s acts of self representation and his pivotal role in constructing his own myth are compellingly unveiled antonio forcellino is one of the world s leading authorities on michelangelo and an expert art historian and restorer he has been involved in the restoration of numerous masterpieces including michelangelo s moses he combines his firsthand knowledge of michelangelo s work with a lively literary style to draw the reader into the very heart of michelangelo s genius
