*Collective Responsibility* 1992-10-27 this anthology presents the best recent philosophical analyses of moral political and legal responsibility of groups and their members motivated by reflection on such events as the holocaust the exploding ford pintos the my lai massacre and apartheid in south africa the essays consider two important questions what collective efforts could have prevented these large scale social harms and is some group to blame and if so how is blame to be apportioned contributors

**Action and Responsibility** 2006-01-27 this book is an exploration of what it takes for an event to count as an action i first became interested in this topic nearly a

decade ago while working on a different topic i kept coming across philosophers making claims about the nature of action that seemed false or at least dubious to me as a consequence i turned to the philosophy of action directly to get to the heart of the matter i have wrestled with this territory ever since i hope that with this book i have finally earned the intuitions that put me at odds with the philosophers i was originally reading this book develops ideas in part two of my doctoral dissertation which i wrote at queen s university in kingston ontario canada i loved being at queen s for both professional and personal reasons my thanks go to the social sciences and humanities research council of canada for financial support as a doctoral candidate steve leighton and ronald de souza were readers for my dissertation they provided some early and invaluable challenges to the ideas developed here my deepest debt of gratitude is owed to david bakhurst my supervisor i learned a lot from david this book would not be the same without his help

**Reason and Responsibility** 2013-01-01 this best selling text has long been the standard by which other introductory philosophy anthologies are judged reason and responsibility 15e international edition provides a comprehensive anthology of high quality primary readings organized topically and drawn from historical and contemporary sources the scope of the text s readings 89 in all covers the central issues in metaphysics epistemology philosophy of religion philosophy of mind and ethics each section has been updated and expanded for this edition including the section on the nature of knowledge which now includes material on the value of knowledge it also upholds the anthology s traditional emphasis on high quality translations and full length articles newly revised concise introductions provide students with reading tips and background information that allow them to engage

directly and meaningfully with the primary sources with reason and responsibility readings in some basic problems of philosophy 15e international edition you don't have to spend valuable time assembling material for your introductory philosophy class this proven collection offers a comprehensive selection of essential engaging readings that instructors have turned to for decades

**Doing & Deserving** 1970 edmund burke modernity politics and aesthetics examines the philosophy of burke in view of its contribution to our understanding of modernity stephen k white argues that burke shows us how modernity engenders an implicit forgetfulness of human finitude white illustrates this theme by showing how burke's political thought his judgment of the modern system of morality and policy and its taste for a false sublime are structured by his aesthetics

Professional Ethics and Social Responsibility 1994 the paperbound edition of a 1987 work which began a series on ethics in economics and business may argues that the structure of social groups influences the behavior of their members and that groups should be given different moral status from individuals he discusses mobs corporations and other groups in terms of collective action responsibility and rights annotation copyrighted by book news inc portland or

The Morality of Groups 1987 it is well over a decade since john fischer and mark ravizza and before them jay wallace and daniel dennett defended responsibility from the threat of determinism but defending responsibility from determinism is a potentially endless and largely negative enterprise it can go on for as long as dissenting voices remain and although such work strengthens the theoretical foundations of these theories it won't necessarily build anything on top of those foundations nor will it move these theories into new territory or explain how to

apply them to practical contexts to this end the papers in this volume address these more positive challenges by exploring how compatibilist responsibility theory can be extended and or applied in a range of practical contexts for instance how is the narrow philosophical concept of responsibility that was defended from the threat of determinism related to the plural notions of responsibility present in everyday discourse and how might this more fine grained understanding of responsibility open up new vistas and challenges for compatibilist theory what light might compatibilism shed and what light might be shed upon it by political debates about access to public welfare in the context of responsibility for one s own health and by legal debates about the impact of self intoxication on responsibility does compatibilist theory which was originally designed to cater for analysis of individual actions scale to scenarios that involve group action and collective responsibility e g for harms due to human induced climate change this book s chapters deal with a range of theoretical problems discussed in classic compatibilist literature e g the relationship between responsibility and capacity the role of historical tracing in discounting the exculpatory value of incapacities and the justifiability of retributive punishment but instead of motivating their discussions by focusing on the alleged threat that determinism poses to responsibility these chapters authors have animated their discussions by tackling important practical problems which crop up in contemporary debates about responsibility

Moral Responsibility 2011-08-17 this brief text is designed to assist students with no previous formal background in writing philosophy papers contents includes topic selection outlines and drafts proper and improper quotation argument development and evaluation principles of good writing style and logic

*Doing Philosophy* 1997 global poverty and responsibility duties of beneficence duties of redress duties of institutional justice responsibilities of affluent individuals Individual and Collective Responsibility 1998 clear and concise this brief text is designed to assist introductory philosophy students who have no prior experience in writing philosophy papers contents include topic selection outlines drafts proper and improper quotation argument development and evaluation principles of good writing style criteria for grading student papers and a review of common grammatical and dictional errors in addition the book devotes several chapters to basic concepts in logic which have proven invaluable for philosophy students in the course of critically considering and writing about the ideas and arguments they encounter important notice media content referenced within the product description or the product text may not be available in the ebook version

**Global Poverty and Individual Responsibility** 2009 dealing with a diverse set of problems in practical and theoretical ethics these fourteen essays three of them previously unpublished reconfirm joel feinberg s leading position in the field of legal philosophy with a clarity and humor that will be familiar to readers of his other works feinberg writes on topics including wrongful life suits in the law of torts or whether there is any sense in the remark that a person is so badly off that he would be better off not existing at all the morality of abortion educational options free expression civil disobedience and the duty of easy rescue in criminal law he continues with a three part defense of moral rights in the abstract a discussion of voluntary euthanasia and an inquiry into arguments of various kinds for not granting legal rights in enforcement of a person s acknowledged moral rights this collection concludes with two essays dealing with concepts used in appraising

the whole of a person's life absurdity and self fulfillment and their interplay  
*Doing Philosophy* 2007-03-06 this book provides a comprehensive systematic theory of moral responsibility the authors explore the conditions under which individuals are morally responsible for actions omissions consequences and emotions the leading idea in the book is that moral responsibility is based on guidance control this control has two components the mechanism that issues in the relevant behavior must be the agent's own mechanism and it must be appropriately responsive to reasons the book develops an account of both components the authors go on to offer a sustained defense of the thesis that moral responsibility is compatible with causal determinism

The Moral Responsibility of Collectives 1982 a provocative and lucid defense of retributivism against several long standing criticisms the author explores the matter of reparations for past wrongs in the case of crimes committed against native americans by the united states government unequalled in its depth and scope of discussion the book delves deeply into particular concerns with retributivism responsibility and certain areas of compensation

*Freedom and Fulfillment* 2020-09-01 the terrorist threat remains a disturbing issue for the early 1990s this book explores whether terrorism can ever be morally justifiable and if so under what circumstances professor burleigh taylor wilkins suggests that the popular characterisation of terrorists as criminals fails to acknowledge the reasons why terrorists resort to violence it is argued that terrorism cannot be adequately understood unless the collective responsibility of organised groups such as political states for wrongs allegedly done against the groups which the terrorists represent is taken into account terrorism and collective

responsibility provides an analysis of various models of collective responsibility and it takes into account recent discussions of military responsibility and business ethics the book also explores the problems that terrorism poses for the just war tradition the arguments of prominent philosophers against terrorism are critically examined and the claim that terrorism necessarily violates the rights of innocent persons is considered wilkins sets forth an original definition of terrorism that is sure to provoke controversy

**Responsibility and Control** 1999-10-13 offense to others is the second volume of joel feinberg s magisterial work the moral limits of criminal law a four volume work that addresses the question what kinds of conduct may the state make criminal without infringing on the moral autonomy of ind

**Responsibility** 1975 this leading anthology contains essays and cases written by some of the most influential figures in legal philosophy representing the major theoretical positions in the field its primary focus is to relate traditional themes of legal philosophy to the concerns of modern society in a way that invigorates the former and illuminates the latter this classic text is distinguished by its clarity and accessibility balance of topics balance of positions on controversial questions topical relevance imaginative use of cases and stories and the inclusion of only lightly edited or untouched legal classics this revision is distinguished by its inclusion of new material on law and economics international law distributive justice religion and freedom of expression feminist legal theory and critical race theory as well as a greater emphasis on concrete legal problems

Responsibility and Punishment 2006-07-10 a provocative and lucid defense of retributivism against several long standing criticisms the author explores the

matter of reparations for past wrongs in the case of crimes committed against native americans by the united states government unequalled in its depth and scope of discussion the book delves deeply into particular concerns with retributivism responsibility and certain areas of compensation

**Terrorism and Collective Responsibility** 2003-05-20 since it may seem strange for a new series to begin with volume 3 a word of explanation is in order the series philosophy and technology inaugurated in this form with this volume is the official publication of the society for philosophy technology approximately one volume each year is to be published alternating between proceedings volumes taken from contributions to biennial international conferences of the society and miscellaneous volumes with roughly the character of a professional society journal the forerunners of the series in its present form were two proceedings volumes philosophy and technology 1983 edited by paul t durbin and friedrich rapp and philosophy and technology information technology and computers in theory and practice 1986 edited by carl mitcham and alois huning both published as volumes 80 and 90 respectively in the series boston studies in the philosophy of science the society for philosophy technology now more than ten years old is devoted to the promotion of philosophical scholarship that deals in one way or another with technology and technological society philosophical scholarship is interpreted broadly as including contributions from any and all perspectives the one requirement is that the scholarship be sound and all contributions to the series are subject to rigorous blind refereeing technology the other half of the philosophy and technology pairing is also construed broadly

**Offense to Others. The Moral Limits of the Criminal Law** 1988 this 1994 volume

contains fifteen essays by leading philosophers exploring themes developed in the work of joel feinberg

Philosophy of Law 2014 this text brings together contributions from 18 of the world's foremost legal and political philosophers to examine the lasting influence of h l a hart the essays explore the major subjects of hart's work general jurisprudence criminal responsibility rights justice causation and the foundations of liberalism

**Responsibility and Punishment** 2013-03-14 examines responsibility and luck as these issues arise in tort law criminal law and distributive justice

**Reason and Responsibility** 1965 the oxford handbook of moral responsibility is a collection of 33 articles by leading international scholars on the topic of moral responsibility and its main forms praiseworthiness and blameworthiness the articles in the volume provide a comprehensive survey on scholarship on this topic since 1960 with a focus on the past three decades articles address the nature of moral responsibility whether it is fundamentally a matter of deserved blame and praise or whether it is grounded anticipated good consequences such as moral education and formation or whether there are different kinds of moral responsibility they examine responsibility for both actions and omissions whether responsibility comes in degrees and whether groups such as corporations can be responsible the traditional debates about moral responsibility focus on the threats posed from causal determinism and from the absence of the ability to do otherwise that may result the articles in this volume build on these arguments and appraise the most recent developments in these debates philosophical reflection on the personal relationships and moral responsibility has been especially intense over the past two decades and several articles reflect this development other chapters take up the link between

blameworthiness and attitudes such as moral resentment and indignation while others explore the role that forgiveness and reconciliation play in personal relationships and responsibility the range of articles in this volume look at moral responsibility from a range of perspectives and disciplines explaining how physics neuroscience and psychological research on topics such as addiction and implicit bias illuminate the ways and degrees to which we might be responsible

**Technology and Responsibility** 2013-03-09 in this lively and accessible book matt matravers considers the role of responsibility in politics morality and the law in recent years responsibility has taken a central place in our lives in politics both tony blair and george w bush have claimed that individual responsibility is at the centre of their policy agendas in morality and the law it seems just that people should be rewarded or punished only for things for which they are responsible yet responsibility is a hotly contested concept some philosophers claim that it is impossible while others insist on both its possibility and importance this debate has become increasingly technical in the philosophical literature but it is seldom connected to our practices of politics and the law matravers asks what are we doing when we hold people responsible in deciding questions of distributive justice or of punishment by addressing this question he not only shows how philosophy can help in thinking about current political and legal controversies but also how we can keep hold of the idea of responsibility in an age in which we are increasingly impressed by the roles of genetics and environment in shaping us and our characters

In Harm's Way 1994-06-24 the concept of causation is fundamental to ascribing moral and legal responsibility for events yet the relationship between causation and responsibility remains unclear what precisely is the connection between the concept

of causation used in attributing responsibility and the accounts of causal relations offered in the philosophy of science and metaphysics how much of what we call causal responsibility is in truth defined by non causal factors this book argues that much of the legal doctrine on these questions is confused and incoherent and offers the first comprehensive attempt since hart and honoré to clarify the philosophical background to the legal and moral debates the book first sets out the place of causation in criminal and tort law and outlines the metaphysics presupposed by the legal doctrine it then analyses the best theoretical accounts of causation in the philosophy of science and metaphysics and using these accounts criticises many of the core legal concepts surrounding causation such as intervening causation foreseeability of harm and complicity it considers and rejects the radical proposals to eliminate the notion of causation from law by using risk analysis to attribute responsibility the result of the analysis is a powerful argument for revising our understanding of the role played by causation in the attribution of legal and moral responsibility

**The Legacy of H.L.A. Hart** 2008 packing his case with moral argument and relevant facts angelo corlett offers the most comprehensive defense to date in favor of reparations for african americans and american indians as corlett see it the heirs of oppression are both the descendants of the oppressors and the descendants of their victims corlett delves deeply into the philosophically related issues of collective responsibility forgiveness and apology and reparations as a human right in ways that no other book or article to date has done he recommends specific policies and tests the basic arguments of this book with a lengthy chapter considering several objections to the line of reasoning grounding the project

Equality, Responsibility, and the Law 2001-03-12 osar is a forum for outstanding new work in an area of vigorous and broad ranging debate in philosophy and beyond what is involved in human action can philosophy and science illuminate debate about free will how should we answer questions about responsibility for action this volume focuses on non ideal agency and responsibility

**The Oxford Handbook of Moral Responsibility** 2022 this book is the product of a major british academy symposium held in 2007 to mark the centenary of the birth of h l a hart the most important legal philosopher and one of the most important political philosophers of the twentieth century the book brings together contributions from seventeen of the world s foremost legal and political philosophers who explore the many subjects in which hart produced influential work each essay engages in an original analysis of philosophical problems that were tackled by hart some essays including extended critical discussions of his major works the concept of law punishment and responsibility causation in the law and law liberty and morality all the main topics of hart s philosophical writings are featured general jurisprudence and legal positivism criminal responsibility and punishment theories of rights toleration and liberty theories of justice and causation in the law

**Custom Introduction to Philosophy - Randolph College** 2014-05-27 this book develops a novel approach to distributive justice by building a theory based on a concept of desert as a work of applied political theory it presents a simple but powerful theoretical argument and a detailed proposal to eliminate unmerited inequality poverty and economic immobility speaking to the underlying moral principles of both progressives who already support egalitarian measures and also conservatives who have previously rejected egalitarianism on the grounds of individual freedom

personal responsibility hard work or economic efficiency by using an agnostic flexible data driven approach to isolate luck and ultimately measure desert this proposal makes equal opportunity initiatives both more accurate and effective as it adapts to a changing economy it grants to each individual the freedom to genuinely choose their place in the distribution it provides two policy variations that are perfectly economically efficient and two others that are conditionally so it straightforwardly aligns outcomes with widely shared fundamental moral intuitions lastly it demonstrates much of the above by modeling four policy variations using 40 years of survey data from the panel study of income dynamics

*Responsibility and Justice* 2013-04-24 this is the third volume of joel feinberg s highly regarded the moral limits of the criminal law a four volume series in which feinberg skillfully addresses a complex question what kinds of conduct may the state make criminal without infringing on the moral autonomy of individual citizens in harm to self feinberg offers insightful commentary into various notions attached to self inflicted harm covering such topics as legal paternalism personal sovereignty and its boundaries voluntariness and assumptions of risk consent and its counterfeits coercive force incapacity and choice of death

**Causation and Responsibility** 2010-07-15 the moral responsibilities of companies is a philosophical analysis of the question of whether companies can be held morally responsible for the harms they create and what implications such a view has on the moral position of employees and shareholders in these companies

Heirs of Oppression 2010-11-16 a new framework for intermediary liability presents a step by step framework for determining when internet intermediaries ought to have a duty to act to prevent copyright infringement on their platforms and services

**Oxford Studies in Agency and Responsibility Volume 8** 2024-03 drawing upon research from a variety of disciplines this volume offers a systematic discussion of the issues and assumptions of the corporate responsibility debate james j brummer provides an extensive review of the relevant literature and develops a methodology for treating specific problems of corporate responsibility illustrating its use in actual practice the book also proposes a theory of corporate responsibility and legitimacy that builds upon the concept of accountability and explores the relevance of applying methods of study traditionally associated with the humanities to contemporary problems of corporate ethics the author begins by addressing general concepts and principles including types of corporate responsibility relations of accountability models of the corporation and theories of institutional legitimacy part two outlines the four theories of corporate responsibility the classical stakeholder social demandingness and social activist theories and examines their major premises and supporting evidence two chapters treat the specific issue of plant closing or relocation in relation to each of the four theories of corporate responsibility finally the author discusses collective and subordinate responsibility paying particular attention to the concept of whistleblowing the concluding chapter summarizes the corporate responsibility debate and analyzes various models of accountability an ideal supplemental text for courses in business ethics and public administration this volume is also an invaluable resource for executives confronted with issues of corporate responsibility in their own operations

*The Legacy of H.L.A. Hart* 2008-07-31 this book examines responsibility in grave humanitarian crises focusing on the international community s collective

responsibility to take action in such cases as genocide or ethnic cleansing the idea of collective responsibility highlights how we would like to see the global level primarily as something more akin to a community of peoples rather than as a society of states in which other international and transnational actors operate since the acceptance of human rights and in view of the atrocities of the holocaust and other genocides we have realized that some things concern us all a realization that has led to the development of the responsibility to protect r2p framework this book focuses on understanding the international community and its collective responsibility unlike the research frameworks put forward in other publications on this topic the research model developed here does not distribute the collective responsibility to particular actors instead it sets out how the burden should be divided among those actors responsible in order to protect human security on a global scale this book will be of interest to students of humanitarian intervention the responsibility to protect international law peace and conflict studies and international relations in general
