on torts personal injury for paralegal students auto accident personal injury insurance claim reveals the inside secrets of claim negotiating and shows you how to settle your case for top dollar this book will guide you through the insurance claim wilderness and provide you with the answer to that critical question how much is my pain and suffering worth the mystery of how to place a value on your pain and suffering has been solved with the introduction of base the baldyga auto accident settlement evaluation formula it will help you to prove your losses and to know how to present them during your negotiations youll learn the all important 4 values that base provides for you the premium value the mean value the core value and the low value the base formula is a simple yet revolutionary evaluation tool knowing how to guide an accident claim to a victorious payoff is not an exclusive ability possessed by a select few dont be seduced into thinking you cant do it yourself that simply isnt true this book will show you how if youve been in an accident and youre uninformed you have little or no concept of the ultimate value of your possible recovery because of this youre less able to make appropriate demands as the claims negotiation process moves towards a close youre settlement demands are very often too low or too high youre ignorant of the accepted principles which justify your demands when you attempt to negotiate a settlement with these handicaps you run a strong chance of being victimized the amount of compensation you should be paid isnt found in a crystal ball rather a number of simple factors such as the type of accident related injuries out of pocket expenses medical costs and lost wages all go into determining how much a claim is worth what amount an insurance company is willing to pay actually falls into a fairly narrow spectrum to read this book is to become informed on bodily injury claim settlement facts and details youll discover how to implement base so you can determine the monetary value of the pain and suffering youve endured because of your injury youll know what to ask for and how to negotiate it youll learn how to supply the adjuster with all the documentation and proof needed to establish your claim youll gain the knowledge needed to accomplish this when you read auto accident personal injury insurance claim and youll walk away from the negotiation table with a smile on your face this ground breaking book takes a fresh look at potential non litigation solutions to providing personal injury compensation it is the first systematic comparative study of such a large number over forty of personal injury compensation schemes it covers the drivers for their creation the frameworks under which

they operate the criteria and thresholds used the compensation offered the claims process statistics on throughput and costs and analysis of financial costings it also considers and compares the successes and failings of these schemes many different types of redress providers are studied these include the comprehensive no blame coverage offered by the new zealand accident compensation corporation the widely used patient pharmaceutical motor accident and workers compensation insurance systems of the nordic states the far smaller issue focused schemes like the uk thalidomide and vevjd trusts vaccine damage schemes that exist in many countries as well as motor vehicle schemes from the usa conclusions are drawn about the functions essential requirements architecture scope operation and performance of personal injury compensation systems the relationships between such schemes the courts and regulators are also discussed and both calls and need for reforms are noted noting the wide calls for reform of nhs medical negligence litigation within the uk and its replacement with a no blame approach the authors findings outline options for future policy in this area this major contribution builds on general shifts from courts to adr and from blame to no blame in regulation and is a work that has the potential to have a major impact on the field of personal injury
