as cartoonist author public speaker blogger and periscoper scott adams has had best sellers in several different fields his dilbert cartoons his meditations on the philosophy of dilbert his works on how to achieve success in business and all other areas of life his two remarkable books on religion and now his controversial work on political persuasion adams s two most recent best sellers are how to fail at almost everything and still win big kind of the story of my life 2014 and win bigly persuasion in a world where facts don t matter 2017 adams predicted donald trump s election victory on august 13th 2016 and has explained then and more recently how trump operates as a master persuader using weapons grade persuasive techniques to defeat his opponents and often to stay several moves ahead of them adams has provocative ideas in many areas for example his outrageous claim that 30 percent of the population have absolutely no sense of humor and take their cue from conventional opinion in deciding whether something is a joke since they have no way of deciding this for themselves in scott adams and philosophy an elite cadre of people who think for a living put scott adams s ideas under scrutiny every aspect of adams s fascinating and infuriating system of ideas is explained and tested among the key topics does humor inform us about reality do religious extremists know something the rest of us don t what are facts and how can they not matter what happens when confirmation bias meets cognitive dissonance how can we tell whether president trump is a genius or just dumb lucky does the dilbert philosophy discourage the struggle for better workplace conditions how sound is adams s claim that systems thinking beats goal directed thinking does dilbert exhibit a nietzschean or a kierkegaardian sense of life or is it sisyphian in camus s sense can truth be over rated the political side that is out of power is the side that hallucinates the most if there s a serious chance we re living in a matrix type simulation how should we change our behavior are most public policy issues just too complex and technical for most people to have an opinion about in politics says adams it s as if different people watch the same movie at the same time some thinking it s a romantic comedy and others thinking it s a horror picture how is that possible does logic play any part in persuasion
