popular mechanics inspires instructs and influences readers to help them master the modern world whether it s practical diy home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science pm is the ultimate guide to our high tech lifestyle popular mechanics inspires instructs and influences readers to help them master the modern world whether it s practical diy home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science pm is the ultimate guide to our high tech lifestyle auto repair for dummies 2nd edition 9781119543619 was previously published as auto repair for dummies 2nd edition 9780764599026 while this version features a new dummies cover and design the content is the same as the prior release and should not be considered a new or updated product the top selling auto repair guide 400 000 copies sold now extensively reorganized and updated forty eight percent of u s households perform at least some automobile maintenance on their own with women now accounting for one third of this 34 billion automotive do it yourself market for new or would be do it yourself mechanics this illustrated how to guide has long been a must and now it s even better a complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview making it much easier to find hands on fix it instructions author deanna sclar has updated systems and repair information throughout eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles she s also revised schedules for tune ups and oil changes included driving tips that can save on maintenance and repair costs and added new advice on troubleshooting problems and determining when to call in a professional mechanic for anyone who wants to save money on car repairs and maintenance this book is the place to start deanna sclar long beach ca an acclaimed auto repair expert and consumer advocate has contributed to the los angeles times and has been interviewed on the today show nbc nightly news and other television programs twenty five years ago how many people were thinking about the internet on a daily basis now you can find everything including technical and instruction manuals online but some things never change users still need instructions and warnings to guide them in the safe and proper use of products good design clear instructions and warnings place popular mechanics inspires instructs and
