Senate Documents, Otherwise Publ. as Public Documents and Executive Documents 1880 polish hybrid and otherwise examines the triple compact made by displaced authors with language their host country and the homeland left behind it considers the entwined phenomena of expatriation and homelessness and the artistic responses to these conditions including reconstructions of identity and the creation of idealized new homelands conrad and gombrowicz writers who lived with the condition of exile were in the vanguard of what today has become a thriving intellectual community of transnationals whose calling card is precisely their hybridity and fluency in multiple cultural traditions conrad and gombrowicz s polish childhoods emerge as cultural touchstones against which they formulated their writing philosophies gasyna claims that in both cases negotiating exile involved processes of working through a traumatic past through the construction of narrative personae that served as strategic doubles both authors engaged in extensive manipulation of their public image above all conrad and gombrowicz s narratives are united by a desire for a linguistic refuge a proposed home in language and a set of techniques deployed in the representation of their predicament as subjects caught in between

Public Statutes of New South Wales 1888 many natural scientists believe climate change will bring civilizational collapse tim gorringe argues that behind this threat is a commitment to false values embodied in our political economic and farming systems at the same time millions of people the world over perhaps the majority are committed to alternative values and practices this book explores how these values already foreshadowed in people s movements all over the world can produce different political and economic realities which can underwrite a safe and prosperous future for all

House Documents, Otherwise Publ. as Executive Documents 1880 this edited volume focuses on the thorny and somewhat controversial issue of teaching and learning interculturality in a way that considers the notion from critical and reflexive perspectives when introduced to students comprised of three parts the book discusses the nuts and bolts of teaching interculturality considers changes in the teaching of interculturality and provides pedagogical insights into interculturalising the notion it studies both teaching im explicitly about interculturality and how to incorporate interculturality into teaching practices or into an institution by sharing varied cases and theoretical reflections on the topic the editors and contributors from different parts of the world aim to stimulate more initiatives to enrich the field instead of delimiting it especially in complement to and beyond the west or global north and also to build up further reflexivity in the way readers engage with interculturality in education this will be a must read for teachers and researchers of intercultural communication education at different educational levels as well as anyone interested in scholarship on education for interculturality

The shipmasters' guide; containing ample directions for making the returns, and otherwise complying with the provisions of the Merchant Seamen's Act ... With a copy of the Act ... Fifth edition 1855 what do the humanities have to offer in the twenty first century are there compelling reasons to go on teaching the literate arts when the schools themselves have become battlefields does it make

sense to go on writing when the world itself is overrun with books that no one reads in these simultaneously personal and erudite reflections on the future of higher education richard e miller moves from the headlines to the classroom focusing in on how teachers and students alike confront the existential challenge of making life meaningful in meditating on the violent events that now dominate our daily lives school shootings suicide bombings terrorist attacks contemporary warfare miller prompts a reconsideration of the role that institutions of higher education play in shaping our daily experiences and asks us to reimagine the humanities as centrally important to the maintenance of a compassionate secular society by concentrating on those moments when individuals and institutions meet and violence results writing at the end of the world provides the framework that students and teachers require to engage in the work of building a better future

Life and Writings of Juan de Valdés, Otherwise Valdesso ... 1865 this collection of essays first highlights the popularity of interdisciplinary undergraduate studies and their recent gains in the world of higher education and then addresses the paradoxical failure of these studies to achieve a permanent position in the curricula of individual universities and colleges this question and its attendant issues are explored in three ways 1 an overview of how these changes are affected by the political economy 2 case studies from actual universities and colleges and 3 a discussion of the sustainability of undergraduate interdisciplinary studies programs

Life and Writings of Juan de Valde's Otherwise Valdesso, Spanish Reformer in the Sixteenth Century ... 1865 the author argues that the existing conceptual frameworks of political and social theory restrict both theorists and empirical researchers to a narrow definition of authoritarianism that focuses on governmental structure and fails to take account of forms of social control exercised outside the governmental sphere rather than define authoritarianism primarily by contrast to liberal democracy sciulli argues we need to broaden our conception of authoritarianism to include social authoritarianism referring to social control imposed by private organizations and institutions such as business corporations and professional associations in this book sciulli develops an alternative conceptual framework which he calls the theory of societal constitutionalism and he explains how the theory can be used to assess whether social order in a society whether democratic or authoritarian in political rule is characterized by some degree of social authoritarianism the book will be important reading for theorists in sociology political science and legal studies
