this work is an introspective approach to major religious texts we are compelled to see things in the way that they have been prepared for us to see though for convenience we suffer the burden of ignorance beyond the conventionally accepted methods of religious study there is a vast wealth of information waiting for those willing to inconvenience themselves out of the grasp of ignorance the true master does not cling to systems or set ceremonial practices they simply see systems and practices as bridges that lead to higher ground the master is not even attached to his own ideas in fact at the level of mastery there is no attachment there is only investment investment in those actions that make sense and bring about results the present is the masters arena

THE DARK SIDE OF GOD'S LIGHT 2008
