comfort food a great nosh or the ideal covered dish to take to a potluck supper as a small museum staff person you are responsible for a lot including areas outside of your expertise or training you need a guick reference that makes the process of becoming a sustainable valued institution less overwhelming the small museum toolkit is a collection of six books that serves as a launching point for small museum staff to pursue best practices and meet museum standards these brief volumes address governance financial management human resources audience relations interpretation and stewardship for small museums and historic sites amazon programs tours and exhibits are the meat and potatoes of what most museums do to meet their missions to educate the public interpretation helps make small museums compelling so that the public understands that they are more than a repository of dusty objects this book considers researching and designing exhibits and best practices for sharing the stories with your audiences it explores how to orient your organization to be effective interpreters of what you collect including how to tell engaging stories and how to address difficult issues you may have ignored in the past like slavery prejudice and privilege for the non historian it also offers a step by step primer on good historical research offering a panoramic view of the history and culture of food and drink in america with fascinating entries on everything from the smell of asparagus to the history of white castle and the origin of bloody marys to jambalaya the oxford companion to american food and drink provides a concise authoritative and exuberant look at this modern american obsession ideal for the food scholar and food enthusiast alike it is equally appetizing for anyone fascinated by americana capturing our culture and history through what we love most food building on the highly praised and deliciously browseable two volume compendium the oxford encyclopedia of food and drink in america this new work serves up everything you could ever want to know about american consumables and their impact on popular culture and the culinary world within its pages for example we learn that lifesavers candy owes its success to the canny marketing idea of placing the original flavor mint next to cash registers at bars patrons who bought them to mask the smell of alcohol on their breath before heading home soon found they were just as tasty sober and the company began producing other flavors edited by andrew smith a writer and lecturer on culinary history the companion serves up more than just trivia however including hundreds of entries on fast food celebrity chefs fish sandwiches regional and ethnic cuisine food science and historical food traditions it also dispels a few commonly held myths veganism isn t simply the practice of a few hippies but is in fact wide spread among elite athletic circles many of the top competitors in the ironman and ultramarathon events go even further avoiding all animal products by following a strictly vegan diet anyone hungering to know what our nation has been cooking and eating for the last three centuries
