war the next section compares lessons learned in the rest of europe over the next century and a half the final section comes back to original start of the narrative arc to suggest ways that today s policymakers and thinkers could use the historical experience of the public banks of naples to deal better with the ongoing problems stemming from the financial crisis of 2007 08

Financial Innovation and Resilience 1861 an account of the rise of banking since the middle ages and its place in the modern international economy first published in 1997

Catalogue of the Mathematical, Historical Bibliographical and Miscellaneous Portion of the Celebrated Library ... Apr. 26, 1861 ... 1867

this work offers a new portrayal of queen maria carolina of naples as a woman of power with weaknesses and ambitions and analyzes the queen s actions from her political choices to her alliance and betrayals a careful examination of the period 1781 1785 covered by the diary shows that the daily life of the queen and offers key evidence of her political acumen and her personal relationships recca cross analyses unpublished personal documents which include the integral diary and private correspondence the book focuses on the political influence that queen maria carolina wielded beside her husband king ferdinand iv and the criticism that has been made by contemporary historians and intellectuals who have often tended to discredit the sovereign for personal rather than political reasons

Catalogue of Scientific Papers (1800-1863) ; Compiled and Published by the Royal Society of London 1877 this is a collection of review articles and more specialized papers on the main issues of early universe physics both theoretical and experimental fields of research are dealt with

Catalogue of Scientific Papers (1800-1900): ser. 2 , 1864-1873 1997-05-15 this volume contains the scientific contributions presented at the international symposium held in naples italy in november 1992 at the national tumor institute fondazione pascale the meeting gathered together experts from different disciplines all involved in the vital and timely subject of nutrition and cancer about 15 years ago a consensus among cancer epidemiologists began to emerge suggesting that diet might be responsible for 30 60 of the cancers in the developed world the best estimate reported in a now classical paper by richard doll and richard peto 1981 was that by dietary modification it would be possible to reduce fatal cancers by about 35 within about six years there was widespread agreement that the principal changes required were a reduction in consumption of fat along with an increase in the consumption of fruit green and yellow vegetables dietary fiber and some micronutrients attention was also paid to the methods of cooking and preservation of foodstuffs on the other hand very few if any effects were attributed to food additives and to pollution of food by trace pesticides to which the general public often gives unfounded importance

Banking, Trade and Industry 1888 2011 winner of the phyllis goodhart gordan book prize of the renaissance society of america naples in the sixteenth and seventeenth centuries managed to maintain a distinct social character while under spanish rule john a marino s study explores how the population of the city of naples constructed their identity in the face of spanish domination as western europe s largest city early modern naples was a world unto itself its politics were decentralized and its neighborhoods diverse clergy nobles and commoners

struggled to assert political and cultural power looking at these three groups marino unravels their complex interplay to show how such civic rituals as parades and festival days fostered a unified neapolitan identity through the assimilation of aragonese customs burgundian models and spanish governance he discusses why the relationship between mythical and religious representations in ritual practices allowed naples s inhabitants to identify themselves as citizens of an illustrious and powerful sovereignty and explains how this semblance of stability and harmony hid the city s political cultural and social fissures in the process marino finds that being and becoming neapolitan meant manipulating the city s rituals until their original content and meaning were lost the consequent widening of divisions between rich and poor led naples s vying castes to turn on one another as the spanish monarchy weakened rich in source material and tightly integrated this nuanced synthetic overview of the disciplining of ritual life in early modern naples digs deep into the construction of neapolitan identity scholars of early modern italy and of italian and european history in general will find much to ponder in marino s keen insights and compelling arguments
