the united arab emirates uae has elaborated its own philosophy of security driven by emergencies and increasing risks both in the region and globally emirati authorities have developed a sense of anticipation as well as an agility to react promptly to new threats through the ability to assess the risks in any given situation war and the avatars of conflict are a constant reality in the middle east transnational threats including the regional context the war in yemen insecurity in the levant and tensions with iran affect the overall stability of the peninsula and consequently that of the uae owing to the inclusion of the uae in the networks of globalization non traditional security issues are not relegated to the background issues such as covid 19 immigration cybersecurity and human trafficking need to be addressed domestically as well as globally this volume offers a comprehensive and multifaceted examination of the traditional and non traditional security measures present in the uae that allow the country to remain politically stable in an otherwise volatile region and aims to offer a comprehensive overview of all forms of security in the uae a hebrew and english lexicon of the old testament more commonly known as brown driver briggs or bdb from the name of its three authors is a standard reference for biblical hebrew and biblical aramaic first published in 1906 it was organized by hebrew alphabetical order of three letter roots but we put in strong numbering order the brown driver briggs hebrew and english lexicon since it first appeared in the early part of the twentieth century bdb has been considered the finest and most comprehensive hebrew lexicon available to the english speaking student based upon

the classic work of wilhelm gesenius the father of modern hebrew lexicography bdb gives not only dictionary definitions for each word but relates each word to its old testament usage and categorizes its nuances of meaning bdb s exhaustive coverage of old testament hebrew words as well as its unparalleled usage of cognate languages and the wealth of background sources consulted and quoted render bdb and invaluable resource for all students of the bible during the nineteenth century and into the early twentieth century more europeans visited the middle east than ever before as tourists archaeologists pilgrims settler colonists and soldiers these visitors engaged with the arabic language to differing degrees while some were serious scholars of classical arabic in the orientalist mould many did not learn the language at all between these two extremes lies a neglected group of language learners who wanted to learn enough everyday colloquial arabic to get by the needs of these learners were met by popular language books which boasted that they could provide an easy route to fluency in a difficult language arabic dialogues explores the motivations of arabic learners and effectiveness of instructional materials principally in egypt and palestine by analysing a corpus of arabic phrasebooks published in nine languages english french german spanish portuguese italian yiddish hebrew russian and in the territory of twenty five modern countries beginning with napoleon s expédition d Égypte 1798 1801 it moves through the periods of mass tourism and european colonialism in the middle east concluding with the second world war the book also considers how arab intellectuals understood the project of teaching arabic to foreigners the remarkable history of arabic learning among yiddish and hebrew speaking immigrants in palestine and the networks of language learners teachers and plagiarists who produced these phrasebooks with more than two

thousand languages spread over its territory multilingualism is a common reality in africa the main official languages of most african countries are indo european in many instances romance as they were primarily brought to africa in the era of colonization the areas discussed in this volume are thirty five states that were once ruled by belgium france italy portugal or spain and the african regions still belonging to three of them twenty six states are presented in relation to french four to italian six to portuguese and two to spanish they are considered in separate chapters according to their sociolinguistic situation linguistic history external language policy linguistic characteristics and internal language policy the result is a comprehensive overview of the romance languages in modern day africa it follows a coherent structure offers linguistic and sociolinguistic information and illustrates language contact situations power relations as well as the cross fertilization and mutual enrichment emerging from the interplay of languages and cultures in africa desert excursions can go badly wrong not only does it demand good sense and the ability to handle your vehicle but it also requires considerable skill in other fields navigation by day and night weather the capabilities of various types of vehicle and more jim stabler an expert in penetrating the desert terrain of arabia has distilled his wisdom to produce the essential handbook which no driver leaving the tarmac in desert regions can risk being without a 02 about the book psychology of arab management thinking m for a long time now i have been putting off the idea of writing this book though it had been on my mind for a long time now the mere idea of writing this book scared me to bits and pieces for many valid and pertinent reasons as arabs work is worshipped islamic religion calls on us to respect work like as if it is in praying we are also brought up to be polite

courteous and decent at least a majority of us abrupt ugly rudeness and distort are discouraged also it is not easy to say no as part of the culture customs traditions and heritage so what went wrong here especially in management circles why are we behind the rest of the world despite all our riches and resources i hope you will enjoy the book i have tried to be as frank open forthright honest sincere and genuine as i can as readers who know me can give credence and credibility to me and will vouch and authenticate my works it is a no punch spared no barrels held stiff no frills play but to be as frank open and honest as possible so it can be a learning process for this generation and others to come in the future i have not spared myself so there is just for it to be honest sincere genuine and hard hitting sparing no one just no one this guide to the language the etiquette and the customs of the arab world will shepard you confidently through life and work in what soon becomes with this sound guidance no longer a mysterious environment advice on planning and conducting a visit information about making a temporary home there glossary of terms and maps are all included founded in 1909 as a garden suburb of the mediterranean port of jaffa tel aviv soon became a model of jewish self rule and was celebrated as a jewel in the crown of hebrew revival over time the city has transformed into a lively metropolis renowned for its architecture and culture openness and vitality a young city tel aviv continues to represent a fundamental idea that transcends the physical texture of the city and the everyday experiences of its residents combining historical research and cultural analysis maoz azaryahu explores the different myths that have been part of the vernacular and perception of the city he relates tel aviv s mythology to its physicality through buildings streets personal experiences and municipal policies with critical insight he

evaluates specific myths and their propagation in the spheres of both official and popular culture azaryahu explores three distinct stages in the history of the mythic tel aviv the first hebrew city assesses tel aviv as zionist vision and seed of the actual city non stop city depicts trendy global post zionist tel aviv and the white city describes tel aviv s architectural landscape created in the 1930s and imbued with nostalgia and local prestige tel aviv mythography of a city will appeal to urban geographers cultural historians scholars of myth and students of israeli society and culture whether a stopover or final destination oman and the uae are arabia s two most accessible countries from dubai s exuberance and muscat s elegance to remote wadis and serene oases this indispensable guide reveals it all 27 essential maps plus full colour regional map range of transport options including detailed directions for self drivers where to stay and eat for all budgets what to do and how to do it from driving to off the beaten track driving essential shopping guide to everything from camel kitsch to bedouin jewellery in the late 19th and early 20th centuries growing numbers of tourists and scholars from europe and america fascinated by new discoveries visited the near east and egypt attracted by the riches and mysteries of the land of the bible almost all such visitors no matter how esoteric or academic their pursuits had to deal with the local authorities and the native workforce for their archaeological excavations the vast majority of these visitors had to rely on interpreters dragomans translators and local guides this study based on published and unpublished travel memoirs guidebooks personal papers and archaeological reports of the british and american archaeologists deals with the socio political status and multi faceted role of interpreters at the time those bi or multi lingual individuals frequently took on or were forced to take on much more

than just interpreting they often played the role of go betweens servants bodyguards pimps diplomats spies messengers managers and overseers and had to mediate scheme and often improvise whether in an official or unofficial capacity for the most part denied due credit and recognition these interpreters are finally here given a new voice an engrossing story emerges of how through their many and varied actions and roles they had a crucial part to play in the introduction to britain and america of these mysterious past cultures and civilizations pcmag com is a leading authority on technology delivering labs based independent reviews of the latest products and services our expert industry analysis and practical solutions help you make better buying decisions and get more from technology space and nature have long been the concerns of human geography bound up with a strong sense of the importance of place understanding how society changes entails understanding the geography of social change in this new reader the editors argue for a new way of looking at the relationship between society and its spatial organization between society and nature and between the interdependence and unique character of places first through a selection of material ranging from the changing geography of class cultures gender relations city structures state power to the processes of international law the readings demonstrate that neither space nor society can be understood independently of the other social change involves spatial change and spatial change affects social organization the two sides of the relation mediate a geography of change second a number of the articles explore the relation between society and nature and demonstrate that that too involves a continuous and changing interrelationship nature cannot be understood outside of its social interpretation and use equally nature the environment has an impact upon the quality and future of our lives third

this collection presents an approach to the geography of place which has methodological implications for all those in social science who are concerned with the central problem of appreciating the of outcomes without losing sight of general processes of chance to grasp the dynamic relation between society space and nature is important not only for human geography but for all the social sciences geography matters brings together a wide range of articles from both geographers and non geographers it addresses a series of economic political and cultural issues from a geographical angle that will put the social distinctiveness of place back on the agenda for all the social sciences this handbook explores the ways in which histories of colonialism and postcolonial thought and theory cast light on our understanding of the ancient mediterranean world and the discipline of classics utilizing a wide body of case studies and providing avenues for future research and discussion it brings together chapters by a wide international and intersectional range of scholars coming from a variety of backgrounds and sub disciplinary perspectives and from across the chronological and geographical scope of classics chapters cover the state of current research into ancient mediterranean and south central and west asian histories they provide case studies to illustrate both how postcolonial thought has already illuminated our understanding of the ancient mediterranean world and beyond as well as its potential for the future chapters also provide opportunities for reflection on the current state of the discipline an introduction by the volume editors offers a survey of the development of postcolonial theory its relationship to other bodies of theory and its connections to classics toward the end of the book three scholars with different career and disciplinary perspectives provide short reflections on the themes of the volume and

the directions of future research the routledge handbook of classics colonialism and postcolonial theory offers an impressive collection of current research and thought on the subject for students and scholars in classical studies understood in its larger sense as well as in related disciplines such as archaeology ancient history imperial history and the history of colonialism reception studies and museum studies for anyone interested in classical antiquity it provides an engaging introduction to a potentially bewildering but ultimately vital and enriching body of thought and theory the arab world is one of the fastest growing economies in the world in order to keep up with the ever progressing and expanding developments advancements must be made with the current systems process and procedures knowledge based economic policy development in the arab world focuses on knowledge economy as the most important engine for economic growth and development under the globalizing world economies this publication analyzes the major issues that constrain further access to knowledge economy in the arab countries with comparisons in eastern and central european economies researchers business practitioners and academics interested in new economic and development inclusive growth policies will benefit greatly from the wide variety of discussion in this publication a unique description and analysis of the domains and genres of uae folklore including folk customs and beliefs traditional arts and crafts folk dances folk narratives and proverbs challenging the established meaning of folklife this volume also deals with folklore in public life in the mass media in education and in politics the politics of palestinian multilingualism speaking for citizenship provides an essential contribution to understanding the politics of israel palestine through the prism of sociolinguistics and discourse analysis arabic speakers who also know hebrew resort to a range of

communicative strategies for their political ideas to be heard they either accommodate or resist the israeli institutional suppression of arabic they also codeswitch and borrow from hebrew as well as from arabic registers and styles in order to mobilise discursive authority on political and cultural stages multilingual palestinian politicians and artists challenge the existing political structures in the late capitalist market language skills are re packaged as commodified resources with new evidence from recent and historical discourse this book is about how speakers of a marginalised contained language engage with the political system in the idioms at their disposal the politics of palestinian multilingualism speaking for citizenship is key reading for advanced students and scholars of multilingualism language contact ideology and policy within sociolinguistics anthropology politics and middle eastern studies tracing the development journey of the arabian gulf region with a forward looking perspective this book describes how a combination of good fortune creative experimentation and determination has enabled the region to achieve prosperity today the arabian gulf is well positioned to assume a pivotal role in the new global order forced to balance an extreme climate and acute resource constraints but also an exceptional location the region s progress and prosperity have historically been precarious and vulnerable to external shocks efforts to transcend resource dependency have typically involved proactive attempts to enable other economic activities this book argues that while conventional economic diversification is making headway the gulf region is in fact amidst a far more holistic transformation that positions it for a pivotal role in the emerging multipolar global order it now offers globally competitive regulations and world class infrastructure at the heart of the old world flanked by two fast growing

continents it has become the hub of choice for a growing share of inter continental flows of people trade and capital and has established strong economic ties in all directions this book shows how despite many risks and challenges the region possesses the forward looking vision and necessary resilience that can finally liberate it from its long standing resource curse and a development paradigm that looks likely to provide the foundation for sustained well being in the decades ahead the scope and rigor of the book make it suitable as a reference on the arabian gulf and for those interested in global affairs and economic development as well as policymakers and the business community this book examines the unsatisfactory situation in the arab world where there is a pressing need to address poverty unemployment political instability corruption and the existential threat of climate change the authors analyze the relationships between universities and governments in the arab world and make recommendations that will help develop intellectual capacity and thereby aid the economic and social transitions so desperately needed in all arab countries countries aspiring to participate fully in the global knowledge economy require dynamic university sectors operating in concert with governments that actively promote high quality education and research and foster innovation and entrepreneurship successful university government relationships can be complex and are continually evolving the book describes the impact of cultural perceptions on rulers behaviors in the united arab emirates once the crucial states despite differences in size economic resources and external political pressures the seven emirates rulers utilized very similar cultural expectations to gain the support of others over recent decades we have witnessed the globalization of research however this has yet to translate into a worldwide scientific network across which

competencies and resources can flow freely arab countries have strived to join this globalized world and become a knowledge economy yet little time has been invested in the region s fragmented scientific institutions institutions that should provide opportunities for individuals to step out on the global stage knowledge production in the arab world investigates research practices in the arab world using multiple case studies from the region with particular focus on lebanon and jordan it depicts the janus like face of arab research poised between the negative and the positive and faced with two potentially opposing strands local relevance alongside its internationalization the book critically assesses the role and dynamics of research and poses questions that are crucial to further our understanding of the very particular case of knowledge production in the arab region the book explores research s relevance and whom it serves as well as the methodological flaws behind academic rankings and the meaning and application of key concepts such as knowledge society economy providing a detailed and comprehensive examination of knowledge production in the arab world this book is of interest to students scholars and policy makers working on the issues of research practices and status of science in contemporary developing countries has appendices

Facets of Security in the United Arab Emirates 2022-01-23 the united arab emirates uae has elaborated its own philosophy of security driven by emergencies and increasing risks both in the region and globally emirati authorities have developed a sense of anticipation as well as an agility to react promptly to new threats through the ability to assess the risks in any given situation war and the avatars of conflict are a constant reality in the middle east transnational threats including the regional context the war in yemen insecurity in the levant and tensions with iran affect the overall stability of the peninsula and consequently that of the uae owing to the inclusion of the uae in the networks of globalization non traditional security issues are not relegated to the background issues such as covid 19 immigration cybersecurity and human trafficking need to be addressed domestically as well as globally this volume offers a comprehensive and multifaceted examination of the traditional and non traditional security measures present in the uae that allow the country to remain politically stable in an otherwise volatile region and aims to offer a comprehensive overview of all forms of security in the uae

Brown, Driver & Briggs Hebrew Lexicon 2022-04-26 a hebrew and english lexicon of the old testament more commonly known as brown driver briggs or bdb from the name of its three authors is a standard reference for biblical hebrew and biblical aramaic first published in 1906 it was organized by hebrew alphabetical order of three letter roots but we put in strong numbering order the brown driver briggs hebrew and english lexicon since it first appeared in the early part of the twentieth century bdb has been considered the finest and most comprehensive hebrew lexicon available to the english speaking student based upon the classic work of wilhelm gesenius the

father of modern hebrew lexicography bdb gives not only dictionary definitions for each word but relates each word to its old testament usage and categorizes its nuances of meaning bdb s exhaustive coverage of old testament hebrew words as well as its unparalleled usage of cognate languages and the wealth of background sources consulted and quoted render bdb and invaluable resource for all students of the bible

Arabic Dialogues 2024-03-04 during the nineteenth century and into the early twentieth century more europeans visited the middle east than ever before as tourists archaeologists pilgrims settler colonists and soldiers these visitors engaged with the arabic language to differing degrees while some were serious scholars of classical arabic in the orientalist mould many did not learn the language at all between these two extremes lies a neglected group of language learners who wanted to learn enough everyday colloquial arabic to get by the needs of these learners were met by popular language books which boasted that they could provide an easy route to fluency in a difficult language arabic dialogues explores the motivations of arabic learners and effectiveness of instructional materials principally in egypt and palestine by analysing a corpus of arabic phrasebooks published in nine languages english french german spanish portuguese italian yiddish hebrew russian and in the territory of twenty five modern countries beginning with napoleon s expédition d Égypte 1798 1801 it moves through the periods of mass tourism and european colonialism in the middle east concluding with the second world war the book also considers how arab intellectuals understood the project of teaching arabic to foreigners the remarkable history of arabic learning among yiddish and hebrew speaking immigrants in palestine and the networks of language

learners teachers and plagiarists who produced these phrasebooks

Manual of Romance Languages in Africa 2023-12-18 with more than two thousand languages spread over its territory multilingualism is a common reality in africa the main official languages of most african countries are indo european in many instances romance as they were primarily brought to africa in the era of colonization the areas discussed in this volume are thirty five states that were once ruled by belgium france italy portugal or spain and the african regions still belonging to three of them twenty six states are presented in relation to french four to italian six to portuguese and two to spanish they are considered in separate chapters according to their sociolinguistic situation linguistic history external language policy linguistic characteristics and internal language policy the result is a comprehensive overview of the romance languages in modern day africa it follows a coherent structure offers linguistic and sociolinguistic information and illustrates language contact situations power relations as well as the cross fertilization and mutual enrichment emerging from the interplay of languages and cultures in africa

Psychology of Arab Management Thinking 2009-04 space and nature have long been the concerns of human geography bound up with a strong sense of the importance of place understanding how society changes entails understanding the geography of social change in this new reader the editors argue for a new way of looking at the relationship between society and its spatial organization between society and nature

and between the interdependence and unique character of places first through a selection of material ranging from the changing geography of class cultures gender relations city structures state power to the processes of international law the readings demonstrate that neither space nor society can be understood independently of the other social change involves spatial change and spatial change affects social organization the two sides of the relation mediate a geography of change second a number of the articles explore the relation between society and nature and demonstrate that that too involves a continuous and changing interrelationship nature cannot be understood outside of its social interpretation and use equally nature the environment has an impact upon the quality and future of our lives third this collection presents an approach to the geography of place which has methodological implications for all those in social science who are concerned with the central problem of appreciating the of outcomes without losing sight of general processes of chance to grasp the dynamic relation between society space and nature is important not only for human geography but for all the social sciences geography matters brings together a wide range of articles from both geographers and non geographers it addresses a series of economic political and cultural issues from a geographical angle that will put the social distinctiveness of place back on the agenda for all the social sciences

The Arab World Handbook 2005 this handbook explores the ways in which histories of colonialism and postcolonial thought and theory cast light on our understanding of the ancient mediterranean world and the discipline of classics utilizing a wide body of case studies and providing avenues for future research and discussion it brings together chapters by a wide international and intersectional range of scholars

coming from a variety of backgrounds and sub disciplinary perspectives and from across the chronological and geographical scope of classics chapters cover the state of current research into ancient mediterranean and south central and west asian histories they provide case studies to illustrate both how postcolonial thought has already illuminated our understanding of the ancient mediterranean world and beyond as well as its potential for the future chapters also provide opportunities for reflection on the current state of the discipline an introduction by the volume editors offers a survey of the development of postcolonial theory its relationship to other bodies of theory and its connections to classics toward the end of the book three scholars with different career and disciplinary perspectives provide short reflections on the themes of the volume and the directions of future research the routledge handbook of classics colonialism and postcolonial theory offers an impressive collection of current research and thought on the subject for students and scholars in classical studies understood in its larger sense as well as in related disciplines such as archaeology ancient history imperial history and the history of colonialism reception studies and museum studies for anyone interested in classical antiquity it provides an engaging introduction to a potentially bewildering but ultimately vital and enriching body of thought and theory

State and Provincial Licensing Systems 1990 the arab world is one of the fastest growing economies in the world in order to keep up with the ever progressing and expanding developments advancements must be made with the current systems process and procedures knowledge based economic policy development in the arab world focuses on knowledge economy as the most important engine for economic growth and development under the globalizing world economies this publication analyzes the

major issues that constrain further access to knowledge economy in the arab countries with comparisons in eastern and central european economies researchers business practitioners and academics interested in new economic and development inclusive growth policies will benefit greatly from the wide variety of discussion in this publication

The Presbyterian Quarterly 1889 a unique description and analysis of the domains and genres of uae folklore including folk customs and beliefs traditional arts and crafts folk dances folk narratives and proverbs challenging the established meaning of folklife this volume also deals with folklore in public life in the mass media in education and in politics

Tel Aviv 2020-03-10 the politics of palestinian multilingualism speaking for citizenship provides an essential contribution to understanding the politics of israel palestine through the prism of sociolinguistics and discourse analysis arabic speakers who also know hebrew resort to a range of communicative strategies for their political ideas to be heard they either accommodate or resist the israeli institutional suppression of arabic they also codeswitch and borrow from hebrew as well as from arabic registers and styles in order to mobilise discursive authority on political and cultural stages multilingual palestinian politicians and artists challenge the existing political structures in the late capitalist market language skills are re packaged as commodified resources with new evidence from recent and historical discourse this book is about how speakers of a marginalised contained language engage with the political system in the idioms at their disposal the politics of palestinian multilingualism speaking for citizenship is key reading for advanced students and scholars of multilingualism language contact ideology and

policy within sociolinguistics anthropology politics and middle eastern studies
Oman & the United Arab Emirates 2000 tracing the development journey of the arabian gulf region with a forward looking perspective this book describes how a combination of good fortune creative experimentation and determination has enabled the region to achieve prosperity today the arabian gulf is well positioned to assume a pivotal role in the new global order forced to balance an extreme climate and acute resource constraints but also an exceptional location the region s progress and prosperity have historically been precarious and vulnerable to external shocks efforts to transcend resource dependency have typically involved proactive attempts to enable other economic activities this book argues that while conventional economic diversification is making headway the gulf region is in fact amidst a far more holistic transformation that positions it for a pivotal role in the emerging multipolar global order it now offers globally competitive regulations and world class infrastructure at the heart of the old world flanked by two fast growing continents it has become the hub of choice for a growing share of inter continental flows of people trade and capital and has established strong economic ties in all directions this book shows how despite many risks and challenges the region possesses the forward looking vision and necessary resilience that can finally liberate it from its long standing resource curse and a development paradigm that looks likely to provide the foundation for sustained well being in the decades ahead the scope and rigor of the book make it suitable as a reference on the arabian gulf and for those interested in global affairs and economic development as well as policymakers and the business community

Archaeologists, Tourists, Interpreters 2015-09-24 this book examines the

unsatisfactory situation in the arab world where there is a pressing need to address poverty unemployment political instability corruption and the existential threat of climate change the authors analyze the relationships between universities and governments in the arab world and make recommendations that will help develop intellectual capacity and thereby aid the economic and social transitions so desperately needed in all arab countries countries aspiring to participate fully in the global knowledge economy require dynamic university sectors operating in concert with governments that actively promote high quality education and research and foster innovation and entrepreneurship successful university government relationships can be complex and are continually evolving

Readings in Arab Middle Eastern Societies and Cultures 2012-02-13 the book describes the impact of cultural perceptions on rulers behaviors in the united arab emirates once the trucional states despite differences in size economic resources and external political pressures the seven emirates rulers utilized very similar cultural expectations to gain the support of others

Comparative Data--state and Provincial Licensing Systems 1980 over recent decades we have witnessed the globalization of research however this has yet to translate into a worldwide scientific network across which competencies and resources can flow freely arab countries have strived to join this globalized world and become a knowledge economy yet little time has been invested in the region s fragmented scientific institutions institutions that should provide opportunities for individuals to step out on the global stage knowledge production in the arab world investigates research practices in the arab world using multiple case studies from the region with particular focus on lebanon and jordan it depicts the janus like

face of arab research poised between the negative and the positive and faced with two potentially opposing strands local relevance alongside its internationalization the book critically assesses the role and dynamics of research and poses questions that are crucial to further our understanding of the very particular case of knowledge production in the arab region the book explores research s relevance and whom it serves as well as the methodological flaws behind academic rankings and the meaning and application of key concepts such as knowledge society economy providing a detailed and comprehensive examination of knowledge production in the arab world this book is of interest to students scholars and policy makers working on the issues of research practices and status of science in contemporary developing countries
