i am considering buying a used 350 exc f from a friend we are both over 50 and the bike has never been raced what are the real world service intervals on this bike the ktm schedules are absurd assuming an average speed of 20 mph on dirt the mfg states new oil and filter at 300 miles and valv guarantee warranty the work prescribed in the service schedule must be carried out by an authorized ktm workshop only and confirmed in the customer s service warranty booklet and in the ktm dealer net otherwise all warranty claims will be void maintenance fuel recommendations the recommended fuel is specified in the owner s manual this must meet the requirements of the en 228 standard or equivalent and must show the corresponding octane number roz do not use fuel made from methanol e g m15 m85 m100 or with a proportion of more than 10 ethanol e g e15 e25 e85 e100 engine light compact and weighing only 63 4 lb 28 8 kg the ktm 350 exc f engine is an outstanding bit of engineering for 2025 the engine maintains its winning ways with a 2 backward tilt impeccable center of gravity and a high revving intelligent low friction design providing the goods at every twist of the throttle drop the clutch for the us spec 350 fes and exc f the oil change intervals are in miles 31 miles for the first service then every 500 miles roughly which is a little more reasonable than every 15 hours widely known for its 250 like agility and 450 like power the ktm 350 exc f has become a dual sport to be reckoned with thanks to its potent combination of sheer rideability and next level capability in any terrain it holds all the cards in the dual sport world i m looking into getting a used ktm 350 exc or 450exc if i can t find a deal on a 350 i ve been trying to better understand what i ll be getting when looking at used bikes and what kind of cost maintenance will be over time i m looking at the 2013 ktm 350 exc f which looks like a great bike i m trying to estimate the maintenance costs the small stuff oil filters coolant etc i can do but stuff that requires real mechanical abilities or special tools are out of my grasp at least currently ktm s manual the extreme maintenance recommendations allow you to expect 100 reliability good performance in exchange for the cost of replacing parts that haven t yet failed if you want to minimize your risk at your high mileage you should do a leak down test have you ever adjusted the tps from the stock position if so please follow these instructions to get it back to the factory position make sure the yellow enrichment knob it not engaged the tps setting at idle on the 2017 2022 is unlike past year exc and fe models with its blend of usable power and unmatched handling the 2024 ktm 350 exc f sets the benchmark in dual sport ability and when you consider this iteration hits the trail with a genetic makeup that is 95 new the ktm 350 exc f is better than ever new rage cycles fender eliminator kit ktm 350 500 exc 2024 275 00
