Beethoven's Symphonies: An Artistic Vision

## Beethoven's Symphonies: An Artistic Vision

2015-10-26

beethoven's music never grows old and enjoyed alongside mr lockwood's expert commentary it sparkles with fresh magic wall street journal more than any other composer beethoven left to posterity a vast body of material that documents the early stages of almost everything he wrote from this trove of sketchbooks lewis lockwood draws us into the composer's mind unveiling a creative process of astonishing scope and originality for musicians and nonmusicians alike beethoven's symphonies stand at the summit of artistic achievement loved today as they were two hundred years ago for their emotional cogency variety and unprecedented individuality beethoven labored to complete nine of them over his lifetime a quarter of mozart's output and a tenth of haydn's yet no musical works are more iconic more indelibly stamped on the memory of anyone who has heard them they are the products of an imagination that drove the composer to build out of the highest musical traditions of the past something startlingly new lockwood brings to bear a long career of studying the surviving sources that yield insight into beethoven's creative work including concept sketches for symphonies that were never finished from these lockwood offers fascinating revelations into the historical and biographical circumstances in which the symphonies were composed in this compelling story of beethoven's singular ambition lockwood introduces readers to the symphonies as individual artworks broadly tracing their genesis against the backdrop of political upheavals concert life and their relationship to his major works in other genres from the first symphonies written during his emerging deafness to the monumental ninth lockwood brings to life beethoven's lifelong passion to compose works of unsurpassed beauty

## *Beethoven's Lives*

2020

with basic assumptions shared and new facts evolving over time lockwood claims the beethoven biographer's role has remained highly personal

## *Beethoven and the Grosse Fuge*

2010

this book looks closely at both beethoven and the grosse fuge placing both in their historical and social contexts it considers interesting questions about whether absolute music music without words can have meaning and speculates that some works of western music can evoke synesthesia in listeners a sense of motion through three dimensional volumes of space the author also speculates that beethoven's long creative dry spell in his late 40s was caused by an extended bout with clinical depression

# Music in Renaissance Ferrara 1400-1505

2009-05-04

based on extensive documentary and archival research music in renaissance ferrara is a documentary history of music for one of the most important city states of the italian renaissance lockwood shows how patrons and musicians created a musical center over the course of the fifteenth century tracing the growth of music and musical life in rich detail it also sheds new light on the careers of such important composers as dufay martini obrecht and josquin desprez this paperback edition features a new preface that re introduces the book and reflects on its contribution to our modern knowledge of music in the culture of the italian renaissance

# Current Thought in Musicology

2014-12-01

current thought in musicology covers a variety of topics ranging from the middle ages to the present and touching on all the major disciplines of musicology music history theory and composition music education and performance taken together the nine papers constitute a broad overview of the direction of music scholarship in the 1970s in tractatus estheticus semioticus model of the systems of human communication charles seeger presents a model of the situations in which the study of humanistic art may best be conducted charles hamm writes in the ecstatic and the didactic a pattern in american music of the pattern of conflicting points of view in music history and theory american composer elliott carter in his chapter titled music and the time screen presents a lucid explanation of his compositional process including his concept of musical time in instruments and voices in the fifteenth century chanson howard mayer brown suggests the nature of fifteenth century performance drawn from iconography and various musical sources nottebohm revisited by lewis lockwood reexamines beethoven s sketchbooks showing the extent to which performing editions of his work must be updated daniel heartz s article the chanson in the humanist era is multidisciplinary and will interest a variety of scholars including french historians and french literary historians gilbert chase applies structuralism to musicological studies in his chapter musicology history and anthropology current thoughts the concluding essays the prospects for research in medieval music in the 1970 s by gilbert reaney and the library of the mind observations on the relationship between musical scholarship and bibliography by vincent duckles provide a unique view of the opportunities for further work in these areas the volume also includes an introduction by the editor notes on the contributors and an index current thought in musicology is the result of a symposium held at the university of texas at austin in 1971

2010

volume 20 of the series describes the development of the award for biographies and autobiographies from 1917 through 2006 in addition the complete jury reports from this period are reprinted by facsimile so it can be documented how the annual deliberations went until a winner was selected among the prize winners were john f kennedy before his presidency the diplomat george f kennan or the aviator charles lindbergh

## **Chronicle of the Pulitzer Prizes for Biography**

2011-11-30

a decade after the french revolutionary and napoleonic wars had given way to an era of retrenchment and repression 1824 became a watershed year the premiere of the ninth symphony the death of lord byron who had been aiding the greeks in their struggle for independence delacroix s painting of the turkish massacre of greeks at chios and pushkin s anti tyrannical play boris godunov all signalled that the desire for freedom was not dead and all of these works and events were part of the flowering of the high romantic period in the ninth eminent music historian and biographer harvey sachs employs memoir anecdote and his vast knowledge of history to explain how the premiere of beethoven s staggering last symphony was emblematic of its time a work of art unlike any other and a magisterial humanistic statement that remains a challenge down to our own day and for future generations

## **The Ninth**

2010-06-17

over the last dozen years the writings of richard taruskin have transformed the debate about early music and authenticity text and act collects for the first time the most important of taruskin s essays and reviews from this period many of which now classics in the field taking a wide ranging cultural view of the phenomenon he shows that the movement far from reviving ancient traditions in fact represents the only truly modern style of performance being offered today he goes on to contend that the movement is therefore far more valuable and even authentic than the historical verisimilitude for which it ostensibly strives could ever be these essays cast fresh light on many aspects of contemporary music making and music thinking mixing lighthearted debunking with impassioned argumentation taruskin ranges from theoretical speculation to practical criticism and covers a repertory spanning from bach to stravinsky including a newly written introduction text and act collects the very best of one of our most incisive musical thinkers

## ***Text and Act***

1995-09-07

this collection of essays examines the common compositional practice of borrowing or imitation in fifteenth and sixteenth century music

## **Early Musical Borrowing**

2004-03

this volume of essays draws together recent work on historical music theory of the renaissance the collection spans the major themes addressed by renaissance writers on music and highlights the differing approaches to this body of work by modern scholars including historical and theoretical perspectives consideration of the broader cultural context for writing about music in the renaissance and the dissemination of such work selected from a variety of sources ranging from journals monographs and specialist edited volumes to critical editions translations and facsimiles these previously published articles reflect a broad chronological and geographical span and consider renaissance sources that range from the overtly pedagogical to the highly speculative taken together this collection enables consideration of key essays side by side aided by the editor s introductory essay which highlights ongoing debates and offers a general framework for interpreting past and future directions in the study of historical music theory from the renaissance

## **Ludwig van Beethoven**

2017-07-05

the beethoven syndrome is the inclination of listeners to hear music as the projection of a composer s inner self this was a radically new way of listening that emerged only after beethoven s death beethoven s music was a catalyst for this change but only in retrospect for it was not until after his death that listeners began to hear

composers in general and not just beethoven in their works particularly in their instrumental music the beethoven syndrome hearing music as autobiography traces the rise fall and persistence of this mode of listening from the middle of the eighteenth century to the present prior to 1830 composers and audiences alike operated within a framework of rhetoric in which the burden of intelligibility lay squarely on the composer whose task it was to move listeners in a calculated way but through a confluence of musical philosophical social and economic changes the paradigm of expressive objectivity gave way to one of subjectivity in the years around 1830 the framework of rhetoric thus yielded to a framework of hermeneutics concert goers no longer perceived composers as orators but as oracles to be deciphered in the wake of world war i however the aesthetics of new objectivity marked a return not only to certain stylistic features of eighteenth century music but to the earlier concept of expression itself objectivity would go on to become the cornerstone of the high modernist aesthetic that dominated the century s middle decades masterfully citing a broad array of source material from composers critics theorists and philosophers mark evan bonds s engaging study reveals how perceptions of subjective expression have endured leading to the present era of mixed and often conflicting paradigms of listening

## ***Musical Theory in the Renaissance***

2019

this compendium reflects the latest international research into the many and various uses of music in relation to shakespeare s plays and poems the contributors lines of enquiry extending from the bard s own time to the present day the coverage is global in its scope and includes studies of shakespeare related music in countries as diverse as china the czech republic france germany india italy japan russia south africa sweden and the soviet union as well as the more familiar anglophone musical and theatrical traditions of the uk and usa the range of genres surveyed by the book s team of distinguished authors embraces music for theatre opera ballet musicals the concert hall and film in addition to shakespeare s ongoing afterlives in folk music jazz and popular music the authors take a range of diverse approaches some investigate the evidence for performative practices in the early modern and later eras while others offer detailed analyses of representative case studies situating these firmly in their cultural contexts or reflecting on the political and sociological ramifications of the music as a whole the volume provides a wide ranging compendium of cutting edge scholarship engaging with an extraordinarily rich body of music without parallel in the history of the global arts

## **The Beethoven Syndrome**

2022

dosso dossi has long been considered one of renaissance italy s most intriguing artists although a wealth of documents chronicles his life he remains in many ways an enigma and his art continues to be as elusive as it is compelling in dosso s fate leading scholars from a wide range of disciplines examine the social intellectual and historical contexts of his art focusing on the development of new genres of painting questions of style and chronology the influence of courtly culture and the work of his collaborators as well as his visual and literary sources and his painting technique the result is an important and original contribution not only to literature on dosso dossi but also to the study of cultural history in early modern italy

## The Oxford Handbook of Shakespeare and Music

1998

one of esquire s best books of spring 2022 an extended meditation on late style and last works from one of our greatest living critics kathryn schulz new york when artists and athletes age what happens to their work does it ripen or rot achieve a new serenity or succumb to an escalating torment as our bodies decay how do we keep on in this beguiling meditation geoff dyer sets his own encounter with late middle age against the last days and last works of writers painters footballers musicians and tennis stars who ve mattered to him throughout his life with a playful charm and penetrating intelligence he recounts friedrich nietzsche s breakdown in turin bob dylan s reinventions of old songs j m w turner s paintings of abstracted light john coltrane s cosmic melodies bjorn borg s defeats and beethoven s final quartets and considers the intensifications and modifications of experience that come when an ending is within sight throughout he stresses the accomplishments of uncouth geniuses who defied convention and went on doing so even when their beautiful youths were over ranging from burning man and the doors to the nineteenth century alps and back dyer s book on last things is also a book about how to go on living with art and beauty and on the entrancing effect and sudden illumination that an art pepper solo or annie dillard reflection can engender in even the most jaded and ironic sensibilities praised by steve martin for his hilarious tics and by tom bissell as perhaps the most bafflingly great prose writer at work in the english language today dyer has now blended criticism memoir and humorous banter of the most serious kind into something entirely new the last days of roger federer is a summation of dyer s passions and the perfect introduction to his sly and joyous work

### Dosso's Fate

## Varieties of Musical Irony

2020-09-17

brings to life the day to day details of staging the premiere of one the most iconic works of western classical music the ninth symphony of ludwig van beethoven with its final choral movement is one of the iconic works of western classical music and yet the story never fully told concerns the months leading to the symphony s world premiere in vienna on 7 may and repeat performance on 23 may 1824 in his new book theodore albrecht brings to life the day to day details that it took to stage that premiere it s a story of negotiating for performance halls and performers payments of hand copying legible scores and individual parts for over 120 performers of finding financiers as well as space and time for rehearsals importantly it is also a story of the relationship between beethoven and the musicians who performed this symphonic masterpiece in fact as the maddening rehearsal schedule towards the symphony s premiere shows it transpires that many passages of the ninth have been tailored to specific orchestral players many modern day musicians will recognize familiar situations in rehearsals many scholars and students will relish unprecedented new detail all this comes to the fore by reconstructing the story drawing on the almost deaf composer s conversation books which beethoven had been using since 1818 in the performance story of the ninth symphony s premiere albrecht makes full use of these invaluable documents which are now being translated for the first time into english in a series of 12 volumes published by the boydell press theodore albrecht professor emeritus of music at kent state university ohio is an award winning beethoven scholar he has authored many important articles on the composer and is the editor of letters to beethoven and other correspondence 1996 as well as translator and editor of beethoven s conversation books boydell press

## Beethoven Studies 4

2024-02-20

examines america s early reception to beethoven the use of his work and image in american music movies stage works and other forms of popular culture and related topics

## Beethoven's Ninth Symphony

2011

in this study thomas peattie offers a new account of mahler s symphonies by considering the composer s reinvention of the genre in light of his career as a conductor and more broadly in terms of his sustained engagement with the musical theatrical and aesthetic traditions of the austrian fin de siècle drawing on the ideas of landscape mobility and theatricality peattie creates a richly interdisciplinary framework that reveals the uniqueness of mahler s symphonic idiom and its radical attitude toward the presentation and ordering of musical events the book goes on to identify a fundamental tension between the music s episodic nature and its often noted narrative impulse and suggests that mahler s symphonic dramaturgy can be understood as a form of abstract theatre

## ***Beethoven in America***

2015-04-06

combining musical insight with the most recent research william kinderman's beethoven is both a richly drawn portrait of the man and a guide to his music kinderman traces the composer's intellectual and musical development from the early works written in bonn to the ninth symphony and the late quartets looking at compositions from different and original perspectives that show beethoven's art as a union of sensuous and rational of expression and structure in analyses of individual pieces kinderman shows that the deepening of beethoven's musical thought was a continuous process over decades of his life in this new updated edition kinderman gives more attention to the composer's early chamber music his songs his opera fidelio and to a number of often neglected works of the composer's later years and fascinating projects left incomplete a revised view emerges from this of beethoven's aesthetics and the musical meaning of his works rather than the conventional image of a heroic and tormented figure kinderman provides a more complex more fully rounded account of the composer although beethoven's deafness and his other personal crises are addressed together with this ever increasing commitment to his art so too are the lighter aspects of his personality his humor his love of puns his great delight in juxtaposing the exalted and the commonplace

## **Gustav Mahler's Symphonic Landscapes**

2009-04-10

uses the works of monteverdi bach mozart and beethoven to support the claims that it was only in the later eighteenth century that music began to take the flow of time from the past to the future seriously

2012

dmitri shostakovich 1906 1975 has a reputation as one of the leading composers of the twentieth century but the story of his controversial role in history is still being told and his full measure as a musician still being taken this collection of essays goes far in expanding the traditional purview of shostakovich s world exploring the

composer's creativity and art in terms of the expectations historical cultural and political that forged them the collection contains documents that appear for the first time in english letters that young miti wrote to his mother offer a glimpse into his dreams and ambitions at the outset of his career shostakovich's answers to a 1927 questionnaire reveal much about his formative tastes in the arts and the way he experienced the creative process his previously unknown letters to stalin shed new light on shostakovich's position within the soviet artistic elite the essays delve into neglected aspects of shostakovich's formidable legacy simon morrison provides an in depth examination of the choreography costumes décor and music of his ballet the bolt and gerard mcburney of the musical references parodies and quotations in his operetta moscow cheryomushki david fanning looks at shostakovich's activities as a pedagogue and the mark they left on his students and his own music peter j schmelz explores the composer's late period adoption of twelve tone writing in the context of the distinctively soviet practice of serialism other contributors include caryl emerson christopher h gibbs levon hakobian leonid maximenkov and rosa sadykhova in a provocative concluding essay leon botstein reflects on the different ways listeners approach the music of shostakovich

## ***Beethoven's Chamber Music in Context***

2021-06-08

the connections between a great artist's life and work are subtle complex and often highly revealing in the case of beethoven however the standard approach has been to treat his life and his art separately now barry cooper's new volume incorporates the latest international research on many aspects of the composer's life and work and presents these in a truly integrated narrative cooper employs a strictly chronological approach that enables each work to be seen against the musical and biographical background from which it emerged the result is a much closer confluence of life and work than is usually achieved for two reasons first composition was beethoven's central preoccupation for most of his life i live entirely in my music he once wrote second recent study of his many musical sketches has enabled a much clearer picture of his everyday compositional activity than was previously possible leading to rich new insights into the interaction between his life and music this volume concentrates on beethoven's artistic achievements both by examining the origins of his works and by expert commentary on some of their most striking and original features it also reexamines virtually all the evidence from fictitious anecdotes right down to the translations of individual german words to avoid recycling old errors and it offers numerous new details derived from sketch studies and a new edition of beethoven's correspondence offering a wealth of fresh conclusions and intertwining life and work in illuminating ways beethoven will establish itself as the reference on one of the world's greatest composers
