data mining consists of attempting to discover novel and useful knowledge from data trying to find patterns among datasets that can help in intelligent decision making however reports of real world case studies are not generally detailed in the literature due to the fact that they are usually based on proprietary datasets making it impossible to publish the results this kind of situation makes hard to evaluate in a precise way the degree of effectiveness of data mining techniques in real world applications on the other hand researchers of this field of expertise usually exploit public domain datasets this volume offers a wide spectrum of research work developed for data mining for real world application in the following we give a brief introduction of the chapters that are included in this book

1896

with his sly little moustache broad gap toothed grin garish waistcoats and ostentatious cigarette holder terry thomas was known as an absolute bounder both onscreen and off graham mccann s hugely entertaining biography

celebrates the life and career of a very english rascal born in 1911 into an ordinary suburban family thomas terry hoar stevens set about transforming himself at a very early age into a dandy and a gadabout but he did not put the finishing touches to his persona until the mid 1950s with his groundbreaking tv comedy series how do you view a forerunner of the goon show and monty python terry thomas went on to carve out a long and lucrative career in america appearing on tv alongside judy garland bing crosby and lucille ball and in hollywood movies with jack lemmon rock hudson and doris day he became every american s idea of a mischievous english gent after a long battle with parkinson s disease he died in 1990 in comparative obscurity but his influence lives on basil brush was a polyester tribute to terry thomas and comedians including vic reeves and paul whitehouse hail t t as a role model dandyism is the product of a bored society d aureville observed terry thomas cocked a snook at the dull sobriety of post war britain with his sly humour as he would say himself good show

## ***Remote Sensing for a Changing Europe***

1858

for almost forty years the verdict on lyndon johnson s presidency has been reduced to a handful of harsh words tragedy betrayal lost opportunity initially historians focused on the vietnam war and how that conflict derailed liberalism tarnished the nation s reputation wasted lives and eventually even led to watergate more recently johnson has been excoriated in more personal terms as a player of political hardball as the product of machine style corruption as an opportunist as a cruel husband and boss in lbj randall b woods a distinguished historian of twentieth century america and a son of texas offers a wholesale reappraisal and sweeping authoritative account of the lbj who has been lost under this baleful gaze woods understands the political landscape of the american south and the differences between personal failings and political principles thanks to the release of thousands of hours of lbj s white house tapes along with the declassification of tens of thousands of documents and interviews with key aides woods s lbj brings crucial new evidence to bear on many key aspects of the man and the politician as private conversations reveal johnson intentionally exaggerated his stereotype in many interviews for reasons of both tactics and contempt it is time to set the record straight woods s johnson is a flawed but deeply sympathetic character he was born into a family with a liberal texas tradition of public service and a strong belief in the public good he worked tirelessly but not just for the sake of ambition his approach to reform at home and to fighting fascism and communism abroad was motivated by the same ideals and based on a liberal christian tradition that is often forgotten today

vietnam turned into a tragedy but it was part and parcel of johnson s commitment to civil rights and antipoverty reforms lbj offers a fascinating new history of the political upheavals of the 1960s and a new way to understand the last great burst of liberalism in america johnson was a magnetic character and his life was filled with fascinating stories and scenes through insights gained from interviews with his longtime secretary his secret service detail and his closest aides and confidants woods brings johnson before us in vivid and unforgettable color
