Beyond Pentatonics

2018-05-25

a lot of students ask me how they can take their improvisation skills to the next level and move beyond pentatonic scales and into modes and arpeggios my response is to tell them not to abandon pentatonic scales in favor of modes and other soloing devices but to use them as a springboard and a solid foundation from which to expand their harmonic awareness if you play rock blues and even jazz you ll be using pentatonic scales for the rest of your life so there s no need to discard them in this book we ll be using the much loved minor pentatonic scale as the basis for learning and having a quick way to access the modes of the major scale as well as the basic seventh chord arpeggios this means that when you go to improvise you ll have a vast array of options with which to go beyond pentatonic soloing work through this book daily and i guarantee you a smooth and painless transition from pentatonics to incorporating modes and arpeggios into your playing

Hacking the CAGED System

2016-10-18

hacking the caged system book 2 picks up where book 1 left off as we go deeper into scales chords arpeggios and harmony to expand our range of harmonic expression on the guitar as well as providing you with the tools you need to put that advanced harmonic expression into action in your own playing in book 2 we expand the diatonic chord range into 6s sus chords 9th chords put the finishing touches to our knowledge of the major scale and explore the possibilities of the melodic minor scale along with its chord arpeggio and modal system book 2 also includes 8 of the funkiest full band backing tracks you re ever likely to hear in a guitar book to help you get to grips with melodic minor scale and its modes who is this book for book 2 in the series is suitable for self study or with a guitar teacher and is aimed at anyone who s been working with the material from hacking the caged system book 1 and wishes to build on the solid foundation they ve created in structuring chords arpeggios scales and modes on the fretboard by adding more types of chords to their repertoire improving their picking technique gaining a complete picture of the major scale and exploring the melodic minor scale and its modes book contains the link to download the backing tracks

Stardom in Cinema, Television and the Web

2021-03-01

in the last 50 years the social importance of stars has steadily grown to the point that stars have now become key role models who strongly influence people s behaviours this book considers the connections between the three main media cinema television and the web and each of the three phases into which the history of stardom can be divided the first phase can largely be credited with the creation and codification of contemporary stardom while the second is linked to the spread of television which weakened the hollywood stardom model and gradually transformed the figure of the star making it more intimate and familiar in the last of these phases we have many outsiders personalities from a variety of professional domains and experiences who are able to achieve considerable social visibility thanks to their skilful use of the web

Singing on Stage

2014-05-08

singing on stage can be a daunting prospect for actors particularly for those who have not sung before yet singing should be an essential part of every actor s toolkit singing on stage an actor s guide gives an insight for the first time into the vocal techniques and practical approaches that have been developed over generations as an integral part of the training at the royal academy of dramatic art jane streeton and philip raymond are highly experienced performers and teachers their book encourages each actor to explore their own authentic voice as opposed to offering a one size fits all or quick fix approach written in an accessible friendly and enabling style singing on stage an actor s guide is packed with exercises to develop the actor s skills and gives an overview of elements of technique how to work on a song the process of singing theatrically how to choose the best songs for you featuring inspirational listening suggestions and the observations of successful performers and practitioners singing on stage an actor s guide is the must have companion for complete beginners as well as for experienced actors who wish to develop their understanding of singing on stage

Social Convergence in Times of Spatial Distancing: The Role of Music During the COVID-19 Pandemic

2022-07-19

have you ever seen those guitarists that sound like they know exactly what they re doing when they re improvising they just seem to hit all the right notes while their playing sounds crisp and melodic as if they d planned it all out beforehand or were born with a god given sense of melody i d always wondered how on earth they were able to come up with such melodic and flowing lines thinking that they must simply be gifted or have done some serious woodshedding then during one unforgettable class at music college the door was opened to a method for playing and thinking as melodically and as effortlessly as they did and this is what i want to share with you in this ebook

Melodic Soloing in 10 Days

2016-10-10

in the new guitarscape kevin dawe argues for a re assessment of guitar studies in the light of more recent musical social cultural and technological developments that have taken place around the instrument the author considers that a detailed study of the guitar in both contemporary and cross cultural perspectives is now absolutely essential and that such a study must also include discussion of a wide range of theoretical issues literature musical cultures and technologies as they come to bear upon the instrument dawe presents a synthesis of previous work on the guitar but also expands the terms by which the guitar might be studied moreover in order to understand the properties and potential of the guitar as an agent of music culture and society the author draws from studies in science and technology design theory material culture cognition sensual culture gender and sexuality power and agency ethnography real and virtual and globalization dawe presents the guitar as an instrument of scientific investigation and part of the technology of globalization created and disseminated through corporate culture and cottage industry held close to the body but taken away from the body in cyberspace and involved in an enormous variety of cultural interactions and political exchanges in many different contexts around the world in an effort to understand the significance and meaning of the guitar in the lives of those who may be seen to be closest to it as well as providing a critically informed discussion of various approaches to guitar performance technologies and techniques the book includes discussion of the work of a wide range of guitarists including robert fripp kamala shankar newton faulkner lionel loueke sharon isbin steve vai bob brozman kaki king fred frith john 5 jennifer batten guthrie govan dominic frasca i wayan balawan vicki genfan and hasan cihat ter

Apps for Learning

2011-10-20

property outlaws puts forth the intriguingly counterintuitive proposition that in the case of both tangible and intellectual property law disobedience can often lead to an improvement in legal regulation the authors argue that in property law there is a tension between the competing demands of stability and dynamism but its tendency is to become static and fall out of step with the needs of society the authors employ wide ranging examples of the behaviors of property outlaws the trespasser squatter pirate or file sharer to show how specific behaviors have induced legal innovation they also delineate the similarities between the actions of property outlaws in the spheres of tangible and intellectual property an important conclusion of the book is that a dynamic between the activities of property outlaws and legal innovation should be cultivated in order to maintain this avenue of legal reform
