keeps your household under god s anointing building god s kingdom to subdue and have dominion over the earth allows your marriage to advance the kingdom oneness between one man and one woman with the help of the other essentials will allow your marriage to have a heavenly sex life family is the unit of society and christian churches what makes the society and churches of god come from the family if the family elude the moral conscience love peace and unity society will likely be a mere conglomerate of rascals and miscreants marriage relationship precedes family the thoughts and concerns god s plan and injunctions toward successful married life are enormous the book you are holding in your hand written by a highly spiritual dedicated husband and caring father joseph emeremini will avail you of god s transforming thoughts enduring ideas and efficacious common sense that will make you a winner in marriage be open to the truth and act let us change our world to a better world help disseminate this great message joseph emeremini david in the bible was not a perfect man king david made lots of mistakes but he corrected his mistakes king david sinned against god but he was quick to repent and make restitution king david s continual services to god demonstrate our heavenly father s forgiveness and love in our marriages we are not perfect we are bound to make mistakes and we are expected to correct ourselves a successful marriage needs couples with godly convictions that will stand strong against the devil s plan that is sweeping through marriages in our homes today psalm 119 indicates that david s convictions drew him close to god we need that type of conviction in our marriages lives and our homes the fear of the lord is clean enduring forever the judgments of the lord are true and righteous altogether the law of the lord is perfect converting the soul the testing of the lord is sure making wise the simple ps 197 7 10 do you really and truly believe that you or any other human being can remain absolutely committed to another for the rest of their lives when they couldn t remain committed to themselves and i am not necessarily talking about infidelity go to the mirror and fully scrutinize yourself do you see any extra pounds you may have put on because you couldn t remain committed enough to yourself to put down that extra piece of cake do you recall lying to yourself about quitting smoking what about that exercise regime that you lied to yourself

about the first and most important thing in life is to realize and recognize the fact that we are humans first and live within that knowledge and do the very best we can each partner must come to know that we are all human and will therefore do humanely things we must therefore respect some of the weaknesses of our partner truth that s what you ve opened this book to find you want information that is solid and trustworthy you need truth because truth always works just like two plus two always equals four truth will work in your marriage every time regardless of your circumstances the marriage miracle would be a facetious title for a book if it were based on a man s theory but this book is not based on man s theory it s based on the most trustworthy source of wisdom god s word isaiah 55 11 says that god s word will not return void how is that possible because god s word is truth and truth always works that scripture goes on to say that whatever his word is spoken into will prosper it prospers because the truth replaces the lie and when your decisions and actions are based on truth your circumstances begin to change this book is filled with biblical principles of truth that will bring new life to your marriage if you simply apply them as you read these pages you will learn techniques that when applied to your marriage will always work now i know the idea of learning techniques may sound less than exciting until you realize that you are already using them in your marriage the problem is they are not working you re not getting the results that you desire therefore your greatest challenge in this book will be to replace your ineffective techniques with new ones based on principles of truth my wife evie and i have been married for nearly 30 years now but in our 13th year of marriage we hit rock bottom it was a very very dark time we were two signatures away from a divorce and basically just trying to decide what would be best for our two children under the circumstances when somebody suggested that we go to marriage counseling i didn t like that idea because i always considered myself to be the helper and not the helpee besides i was a minister and truthfully i was pretty embarrassed to go but i decided to go for one reason only so that after my divorce i could look my two children in the eyes and tell them i tried everything to make it work with your mother even counseling it was definitely the wrong reason to go but it got me there we joined one of their

groups and went on to learn things in that program that we had never heard before at the end of the twelve weeks we were not all better but we had all of the tools that we needed to get all better we continued to use the tools for weeks and months and i d like to tell you that we got better quick but it actually took us about two years to get to where we needed to be that might seem like a long time until you consider the fact that that was about 17 years ago so two years now seems like a drop in the bucket and certainly worth all of the healthy years of marriage that we ve enjoyed since then our children have also been able to grow up in a house with their biological mom and biological dad present so i know things may seem really tough for you i m sure that they are but i want to encourage you to put your trust not in a person not in a book but in god s truth and trust god to transform your marriage just like he did mine your relationship with your partner really started when you were in 4th grade since all the uncomfortable emotional reactions in you today were formed unconsciously in childhood you are married to these old reaction patterns but your adult self is afraid to embrace them so you blame your spouse boss friends parents kids and everything else for your discontent this is why relationships fail i call it half syndrome you need to return to this inner kingdom of experiences the other half of self this is where the work on marriage is run don t walk into the fire of your old feelings there is where all the answers to the test are well written and interesting an oddly sweet and moving book that i can highly recommend steven c hayes foundation professor univ of nevada author of 38 books including a liberated mind how to pivot toward what matters a uniquely insightful book explaining how our past can have a profound impact on our marriage the lessons scientific insights and learnings will help take yourself and your marriage to greater heights bento leal author of 4 essential keys to effective communication in love life work anywhere an enlightening uplifting and fresh look at the forces at play during marriage if your marriage is in trouble it s time to read this fascinating book brian nox best selling author of f ck him nice girls always finish single and red flags how to know he s playing games with you waking up marriage paints the way to understanding our old souls and offers a clear path to honesty and redemption i found myself

understood at a deep level once i began to follow its practices ron seibold author of the memoir stealing home a father a son and the road to the perfect game most marriage books assume the author did it right most marriage books barely mention friendship most marriage books use intimacy as code for sex this is not one of those books in real marriage pastor mark driscoll and his wife grace share how they have struggled and how they have found healing through the power of the only reliable source the bible they believe friendship is fundamental to marriage but not easy to maintain so they offer practical advice on how to make your spouse your best friend and keep it that way and they know from experience that sex related issues need to be addressed directly five chapters are dedicated to answering questions like should i confess my pre marital sexual sin to my spouse is it okay to have a work spouse what does the bible say about masturbation and oral sex stunningly honest and vulnerable real marriage is like a personal counseling session with a couple you cannot surprise you cannot shock into silence who will respond to every question with wisdom humility and realism if you want to have a long lasting fulfilling marriage you should read this book wrestle with this book pray over this book share this book and discover how god can use it to change your life endorsements if you re married or plan to be someday do yourself a favor and read every page of this book drs les leslie parrott founders of realrelationships com and authors of love talk whether engaged newlywed or veteran real marriage will serve as an invaluable resource i highly recommend this book andy stanley author of the grace of god and senior pastor north point community church one of my greatest concerns is that culture is going to continually define and redefine what marriage is and is not and the church is going to simply sit on the sidelines and react rather than seeking to actually become proactive by confidently teaching what the bible has to say about it that is why i am so thankful that mark and grace driscoll wrote this book their approach to marriage its benefits and challenges are transparent and challenging and i honestly believe that every married couple who will work through what they lead us through in this book will not just merely have a marriage that survives in this world but rather thrives in it perry noble senior pastor newspring church our thanks to mark and

Psychologist Dr. Robin Smith reveals how to turn vows made at the altar into realistic plans for a long and happy marriage. Dr. Robin Smith advises couples on how to take the wedding vows that were made in earnest and in innocence to a level where they can be used to build a happy, healthy, satisfying, and long-lasting marriage. Lies at the Altar is for couples who are planning marriage, are newly married, or who have been married for years. In Lies at the Altar, The Truth About Great Marriages, Dr. Robin Smith addresses the unspoken needs, unasked questions, outrageous expectations, and hidden agendas that often linger beneath the surface of the wedding vows and appear later to cause power struggles, suffering, and feelings of hopelessness in marriages. Dr. Smith discusses why it's important to have one's eyes wide open in a marriage, how to write true vows to live by, and why it's never too late to rewrite your vows. She illustrates her advice with detailed stories from her own life as well as from couples that she has counseled. And in her inspiring conclusion, she invites couples to light up their lives by acknowledging each other as individuals, each of whom lights a candle, and who together light a third candle, which represents us calling truth the secret ingredient of great marriages. Dr. Smith teaches individuals and couples how to find the truth within themselves and their partners, whether they are heading to the altar, suffering in an unhappy marriage, divorced, or simply want to bring more satisfaction and intimacy into their relationship.

do you really and truly believe that you or any other human being can remain absolutely committed to another for the rest of their lives when they couldn't remain committed to themselves and i am not necessarily talking about infidelity go to the mirror and fully scrutinize yourself do you see any extra pounds you may have put on because you couldn't remain committed enough to yourself to put down that extra piece of cake do you recall lying to yourself about quitting smoking what about that exercise regime that you lied to yourself about the first and most important thing in life is to realize and recognize the fact that we are humans first and live within that knowledge and do the very best we can each partner must come to know that we are all human and will therefore do humanely things we must therefore respect some of the weaknesses of our partner

truth that's what you've opened this book to find you want information that is solid and trustworthy you need truth because truth always works just like two plus two always equals four truth will work in your marriage every time regardless of your circumstances the marriage miracle would be a facetious title for a book if it were based on a man's theory but this book is not based on man's theory it's based on the most trustworthy source of wisdom god's word isaiah 55:11 says that god's word will not return void how is that possible because god's word is truth and truth always works that scripture goes on to say that whatever his word is spoken into will prosper it prospers because the truth replaces the lie and when your decisions and actions are based on truth your circumstances begin to change this book is filled with biblical principles of truth that will bring new life to your marriage if you simply apply them as you read these pages you will learn techniques that when applied to your marriage will always work now i know the idea of learning techniques may sound less than exciting until you

realize that you are already using them in your marriage the problem is they are not working you re not getting the results that you desire therefore your greatest challenge in this book will be to replace your ineffective techniques with new ones based on principles of truth my wife evie and i have been married for nearly 30 years now but in our 13th year of marriage we hit rock bottom it was a very very dark time we were two signatures away from a divorce and basically just trying to decide what would be best for our two children under the circumstances when somebody suggested that we go to marriage counseling i didn t like that idea because i always considered myself to be the helper and not the helpee besides i was a minister and truthfully i was pretty embarrassed to go but i decided to go for one reason only so that after my divorce i could look my two children in the eyes and tell them i tried everything to make it work with your mother even counseling it was definitely the wrong reason to go but it got me there we joined one of their groups and went on to learn things in that program that we had never heard before at the end of the twelve weeks we were not all better but we had all of the tools that we needed to get all better we continued to use the tools for weeks and months and i d like to tell you that we got better quick but it actually took us about two years to get to where we needed to be that might seem like a long time until you consider the fact that that was about 17 years ago so two years now seems like a drop in the bucket and certainly worth all of the healthy years of marriage that we ve enjoyed since then our children have also been able to grow up in a house with their biological mom and biological dad present so i know things may seem really tough for you i m sure that they are but i want to encourage you to put your trust not in a person not in a book but in god s truth and trust god to transform your marriage just like he did mine

excerpt from wise wedlock the whole truth a book of counsel and instruction for all who seek happiness in marriage the demand for yet another edition of wise wedlock following so quickly upon the appearance of its predecessor is of course equally gratifying to the author and publishers the latter who were the pioneers of books on sex questions combining perfect candour with perfect wholesomeness may be reasonably proud of the success which has attended this as so many of their previous ventures believing as they do that there are few public services of greater importance than to spread what is truly saving knowledge on the most vital of all human relationships from the first the success of wise wedlock was never in doubt and the expressions of appreciation which have reached the author from readers who in these chapters found for the first time a frank statement of truths which it concerned them most intimately to know would fill many pages the writer takes this opportunity of thanking those who have written to him from far and near to bear their cordial testimony to the practical

benefit they have derived from the perusal of this book of counsel and instruction he earnestly hopes that wherever this new edition or its successors are read his work will prove a means of preventing the manifold unhappiness which so largely springs from ignorance and promote human wellbeing and harmony within the bonds of marriage he must needs say a word on the subject of the wise wedlock advisory bureau which it was found necessary to establish when questions on personal problems began to pour in about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
