Legal Ease

2012-05

sooner or later everyone will need a lawyer when that time comes this book will become the best investment you've ever made it's a certainty that someday in the lives of us all we'll have the need for legal services my guidebook provides the reader with the practical information they should have when that day arrives the concept is that the average person has been kept in the dark far too long about the truth of how lawyers operate and interact with clients and those in search of an attorney there is a shroud of mystery surrounding lawyers that fosters misinformation prejudice distrust and confusion the aim of this book is to penetrate this shroud and solve the mystery to accomplish this purpose i inform educate and illustrate what clients need to know armed with new found knowledge and awareness the layperson will be able to approach the attorney client relationship with confidence rather than distrust and apprehension this in turn will empower them to challenge the lawyer in ways that will save money time and disappointment clients have been exploited by lawyers in a multitude of ways that have come to be accepted as the norm it is my mission to expose the imbalance in the attorney client relationship i suggest ways and means for the client to assert his rights and restore equilibrium to the relationship a secondary theme of this book is to expose the under belly of the legal profession and the culture of greed that has come to identify lawyers what started with the exorbitant fees of big law firms has spilled over to smaller firms as well as sole practitioners attorney fees have increased to the point where they bear no reasonable relationship to the value of the service performed this abuse is known and tolerated by the organized bar

The Lawyer's Conscience

2023-07-21

in 1776 thomas paine declared the end of royal rule in the united states instead law is king for the people rule themselves paine's declaration is the dominant american understanding of how political power is exercised in making law king american lawyers became integral to the exercise of political power so integral to law that legal ethics philosopher david luban concluded lawyers are the law american lawyers have defended the exercise of this power from the revolution to the present by arguing their work is channeled by the profession's standards of ethical behavior those standards demand that lawyers serve the public interest and the interests of their paying clients before themselves the duties owed both to the public and to clients meant lawyers were in the marketplace selling their services but not of the marketplace this is the story of power and the limits of ethical constraints to ensure such power is properly wielded the lawyer's conscience is the first book examining the history of american lawyer ethics ranging from the mid eighteenth century to the professionalism crisis facing lawyers today

Congressional Record

1947

jews are a people of law and law defines who the jewish people are and what they believe this anthology engages with the growing complexity of what it is to be jewish and more problematically what it means to be at once jewish and participate in secular legal systems as lawyers judges legal thinkers civil rights advocates and teachers the essays in this book trace the history and chart the sociology of the jewish legal profession over time revealing new stories and dimensions of this significant aspect of the american jewish experience and at the same time exploring the impact of jewish lawyers and law firms on american legal practice this superb collection reveals what an older focus on assimilation obscured jewish lawyers wanted to make it but they also wanted to make law and the legal profession different and better these fascinating essays show how despite considerable obstacles they succeeded daniel r ernst professor of law georgetown university law center author of toqcqueville's nightmare the administrative state emerges in america 1900 1940 this fascinating collection of essays by distinguished scholars illuminates the distinctive and intricate relationship between jews and law exploring the various roles of jewish lawyers in the united states germany and israel they reveal how the practice of law has variously expressed reinforced or muted jewish identity as lawyers demonstrated their commitments to the public interest social justice jewish tradition or personal ambition any student of law lawyers or jewish values will be engaged by the questions asked and answered jerold s auerbach professor emeritus of history wellesley college author of unequal justice and rabbis and lawyers

AERA.

1927

why contrary to much expert and popular opinion more education may not be the answer to skyrocketing inequality for generations americans have looked to education as the solution to economic disadvantage yet although more people are earning degrees the gap between rich and poor is widening cristina groeger delves into the history of this seeming contradiction explaining how education came to be seen as a panacea even as it paved the way for deepening inequality the education trap returns to the first decades of the twentieth century when americans were grappling with the unprecedented inequities of the gilded age groeger's test case is the city of boston which spent heavily on public schools she examines how workplaces came to depend on an army of white collar staff largely women and second generation immigrants trained in secondary schools but groeger finds that the shift to more educated labor had negative consequences both intended and unintended for many workers employers supported training in schools in order to undermine the influence of craft unions and so shift workplace power toward management and advanced educational credentials became a means of controlling access to high paying professional and business jobs concentrating power and wealth formal education thus became a central force in maintaining inequality the idea that more education should be the primary means of reducing inequality may be appealing to politicians and voters but groeger warns that it may be a dangerous policy trap if we want a more equitable society we should not just prescribe more time in the classroom but fight for justice in the workplace

Jews and the Law

2014-06-10

this volume brings together an international group of legal scholars to discuss different approaches to lawmaking as well as

reflecting the diversity of jurisprudence as a re-emerging academic field it offers a broad overview of current developments and challenges in the theory of legislation and aspires moreover to counterbalance some questionable ideas or misconceptions widespread among jurists on what making laws entails the book is organized into three parts the first comprises a sample of ways and models of legislation ranging from classic legislative ideals to contemporary forms of regulation the essays in this part variances of focus notwithstanding revolve around the notions of legislative rationality quality effectiveness and legitimacy which may be regarded as the cornerstones of jurisprudence interwoven with these notions is another core jurisprudential concern the justification of laws we address it separately in the next part by exploring the connection between lawmaking argumentation and constitutional democracy under the heading legislation in a culture of justification a number of aspects of this connection are tackled that have not been sufficiently considered so far in jurisprudential literature such as the intricacies of legislative reasoning and balancing or the justificatory problems posed by special interest legislation the underprivileged status of jurisprudence in legal studies and the need for socially attentive and citizen-oriented legislative research come to the fore in the third part of the book which turns to the relationships between jurisprudence lawyers and citizens all in all the thirteen articles gathered here provide a stimulating insight into the theory of legislation and can hopefully contribute to the reconciliation of the study of law and the study of its making

The Education Trap

2021-03-09

in this brilliant and immensely readable book Lawrence M. Friedman tells the whole fascinating story of American law from its beginnings in the colonies to the present day by showing how close the life of the law is to the economic and political life of the country he makes a complex subject understandable and engrossing a history of American law presents the achievements and failures of the American legal system in the context of America's commercial and working world family practices and attitudes toward property government crime and justice now completely revised and updated this groundbreaking work incorporates new material regarding slavery criminal justice and twentieth-century law for laymen and students alike this remains the only comprehensive authoritative history of American law

Conceptions and Misconceptions of Legislation

2019-06-14

renowned legal historian Lawrence Friedman presents an accessible and authoritative history of American law from the colonial era to the present day this fully revised fourth edition incorporates the latest research to bring this classic work into the twenty-first century in addition to looking closely at timely issues like race relations the book covers the changing configurations of commercial law criminal law family law and the law of property Friedman furthermore interrogates the vicissitudes of the legal profession and legal education the underlying theory of this eminently readable book is that the law is the product of society in this way we can view the history of the legal system through a sociological prism as it has evolved over the years

tricksters are known by their deeds obviously not all the examples in American tricksters are full-blown mythological tricksters like Coyote Raven or the Two Brothers found in Native American stories or superhuman figures like the larger-than-life Davy Crockett of nineteenth-century tales newer expressions of trickiness do share some qualities with the trickster archetype seen in myths rock stars who break taboos and get away with it heroes who overcome monstrous circumstances crafty folk who find a way to survive and thrive when the odds are against them men making spectacles of themselves by feeding their astounding

appetites in public all have some trickster qualities each person every living creature who ever faced an obstacle and needed to get around it has found the built in trickster impulse impasses turn the trickster gene on or stimulate the trick performing imagination that s life to explore the ways and means of trickster maneuvers can alert us to pitfalls help us appreciate tricks that are entertaining and aid us in fending off ploys which drain our resources and ruin our lives knowing more about the trickster archetype in our psyches helps us be more self aware

Quarterly Review

1954

over the past several decades the number of lawyers in large cities has doubled women have entered the bar at an unprecedented rate and the scale of firms has greatly expanded this immense growth has transformed the nature and social structure of the legal profession in the most comprehensive analysis of the urban bar to date urban lawyers presents a compelling portrait of how these changes continue to shape the field of law today drawing on extensive interviews with chicago lawyers the authors demonstrate how developments in the profession have affected virtually every aspect of the work and careers of urban lawyers their relationships with clients job tenure and satisfaction income social and political values networks of professional connections and patterns of participation in the broader community yet despite the dramatic changes much remains the same stratification of income and power based on gender race and religious background for instance still maintains inequality within the bar the authors of urban lawyers conclude that organizational priorities will likely determine the future direction of the legal profession and with this landmark study as their guide readers will be able to make their own informed predictions

American Tricksters

2014-12-18

james cantrill hard working businessman family man the guy next door thinks he s having a day from hell when he is unexpectedly fired but hell gets hotter he s kidnapped hustled onto a corporate jet and smuggled to puerto rico there he finds himself embroiled in a brutal global conspiracy involving code 936 the obscure irs tax code which secretly benefits hundreds of huge manufacturers in puerto rico what james knows may get him killed out of her mind with worry trish his partner and wife struggles to find him she his daughters friends his trusted lawyer and finally the fbi endeavor to discover his whereabouts while trying to penetrate this airtight cover up they soon learn that a number of ruthless people will go to any length to make sure james is never found and the truth is never revealed powerfully evocative and steeped in international intrigue code 936 is a riveting expose of the irs tax code corporate greed medical fraud torture corporate corruption and managed healthcare it is also a story of love undaunted courage and spiritual triumph

Many Are the Crimes

2023-11-27

explores the critical role that american lawyers have played since the nation s founding and what the future holds for the profession the american legal profession faces significant challenges the changing nature of work in the wake of the covid 19 pandemic calls for greater racial and gender justice threats to democracy the inaccessibility of legal services for the majority of americans the risk of obsolescence owing to the emergence of new technologies and the disaffection many lawyers feel toward their work ambitious in its scope yet straightforward in its approach lawyer nation seeks to address these crises by offering a path forward for the legal profession ray brescia provides concrete ideas for transforming law into a field whose services are accessible egalitarian and viable in the long term further he addresses how the profession can improve so that the health of its practitioners is not compromised in the process if the legal profession does not respond to its crises in an effective way he argues the dysfunction and unfairness plaguing the legal world will deepen this is an unprecedented opportunity for the world of law to reimagine its future in way that honors its highest ideals preserving the rule of law protecting individual liberty and addressing social inequality in all of its forms

The Trial

1908

when media coverage of courtroom trials came under intense fire in the aftermath of the infamous new jersey v hauptmann lawsuit a k a the lindbergh kidnapping case a new wave of fictionalized courtroom programming arose to satiate the public s appetite for legal drama this book is an alphabetical examination of the nearly 200 shows telecast in the u s from 1948 through 2008 involving courtrooms lawyers and judges complete with cast and production credits airdates detailed synopses and background information included are such familiar titles as perry mason divorce court judge judy la law and the practice along with such obscure series as they stand accused the verdict is yours sam benedict trials of o brien and the law and mr jones the book includes an introductory overview of law oriented radio and tv broadcasts from the 1920s to the present including actual courtroom coverage or lack of same during those years in which cameras and microphones were forbidden in the courtroom and historical events within tv s factual and fictional treatment of the legal system also included in the introduction is an analysis of the rise and fall of cable s court tv channel

Proceedings of the Illinois State Bar Association

2015-06-26

tort reform is a favorite cause for many business leaders and right leaning politicians who contend that out of control lawsuits throttle growth and inflate costs particularly in healthcare less is said about how such reforms might affect the ability of individuals to recover damages for injuries suffered through another party s negligence on that count texas where efforts at tort reform have been energetic and successful provides an opportunity to appraise the outcome for plaintiffs and their lawyers an opportunity that stephen daniels and joanne martin take full advantage of in this timely and provocative work because much of the action on tort reform takes place on the state level a look at the experience of texas a large and important state with a very active plaintiff s bar is especially instructive plaintiffs lawyers work on a contingency fee basis collecting compensation for themselves as a percentage only if they win reduce lawyers ability to use contingency fees as compensation as tort reform inevitably does and you reduce their economic incentive to do this work daniels and martin s study bears this out drawing on over 20 years of research extensive surveys and interviews the authors explore the impact the tort reform movement in texas has had on the ability of plaintiffs to obtain judgments in short on private citizens meaningful access to the full power of the law in the course of their analysis the authors explain the history and economics behind the workings of the plaintiffs bar they explore how lawyers select cases and clients as well as the referral process that moves cases among lawyers and allows for specialization they also examine the effects of medical malpractice reforms on plaintiffs lawyers reforms that often close the courthouse doors to certain types of people tort reform s hidden victims plaintiffs lawyers are the civil justice system s gatekeepers providing meaningful access to the rights the law provides daniels and martin s thorough and fair minded work offers a unique and sobering perspective on how tort reform can curtail this access and thus the legal rights of american citizens

The New Partridge Dictionary of Slang and Unconventional English

1908

Whaley and Nehf's Consumer Law Ninth Edition is a concise, clear, and accessible problem-oriented casebook that takes students through the main issues of consumer law: deceptive practices, product quality, and consumer credit. The book employs a popular problems approach enjoyed by professors and students for its interesting fact patterns, which illustrate relevant issues and their resolution, and helps put consumer law statutes and regulations into context. It covers the federal Interstate Land Sales Full Disclosure Act, regulating sale of vacation homes (not mentioned in any other book on this topic) and includes quotes for the attorney's arsenal. Statements from famous cases eloquently encapsulate specific points new to the 9th edition. New co-author James Nehf, Indiana University Robert H. McKinney School of Law, updated regulations on odometer changes, new discussion of prepaid cards and accounts, new discussion of the Spokeo case limiting federal jurisdiction in consumer suits, expanded discussion of consumer rights of military personnel and their families, extended coverage and discussion of arbitration, new coverage of collection of time-barred debts, new coverage of email spam, online tracking, and cybersecurity, new cases, and updated citations throughout. On many other topics, professors and students will benefit from new focus on arbitration, expanded coverage of contracting in cyberspace, complete coverage of almost all consumer issues. Allows the professor to decide what are the most important matters to cover, updated problems that address contemporary issues.

Proceedings of the Illinois State Bar Association

1908

This book provides an introduction to the American legal system for a broad readership. Its focus is on law in practice, on the role of the law in American society, and how the social context affects the living law of the United States. It covers the institutions of law creation and application, law in American government, American legal culture, and the legal profession, American criminal and civil justice, and civil rights. Clearly written, the book has been widely used in both undergraduate and graduate courses as an introduction to the legal system. It will be useful too to a general audience interested in understanding how this vital social system works. This new edition follows the same basic structure as applied in the previous editions, providing a thorough revision and reworking of the text. This edition reflects upon what has happened in the years since the second edition was published in 1998 and how these events and evolutions have shaped our fundamental comprehension of the workings of the American legal system today.

Annual Report of the Illinois State Bar Association

1909

Nuclear holocaust destroys America and an ex-soldier must rescue his family, lead a resistance, and rebuild the country from a USA today best-selling author, the worst case scenario has come to pass: a nuclear strike has crippled America, gangs, looters, and vandals have seized the streets, the decent few can only pray for a leader to protect them. Luckily, one of the survivors is Ben Raines, a rebel mercenary, retired soldier, and tireless patriot. Raines is searching for his missing family in the aftermath of this devastating war. His relentless pursuit through the ruined cities of the West unites him with the civilians of the resistance. Forces they become his recruits for a revolutionary army dedicated to rebuilding America. Then comes the final outrage: an armed attack by government forces with the fate of America's new patriots hanging in the balance. Raines vows government be damned, to survive, find his family, and lead this once-great nation out of the ashes. First in the long-running series.

The Chronicle

1909

For one semester undergraduate courses in law and society, sociology of law, introduction to law, and a variety of criminal justice courses offered in departments of sociology, criminal justice, and political science. Examines the interplay between law and society. Law and Society 10e provides an informative, balanced, and comprehensive analysis of the interplay between law and society. This text presents an overview of the most advanced interdisciplinary and international research, theoretical advances, ongoing debates, and controversies. It raises new levels of awareness on the structure and functions of law and legal systems and the principal players in the legal arena and their impact on our lives. In addition, it looks at the legal system in the context of race, class, and gender and considers multicultural and cross-cultural issues in a contemporary and interdisciplinary context.
