We Have Never Been Modern 1993 what makes us modern this is a classic question in philosophy as well as in political science however it is often raised without including science and technology in its definition

**Modern Art and the Life of a Culture** 2016-05-23 christianity today book of the year award of merit culture and the arts for many christians engaging with modern art raises several questions is the christian faith at odds with modern art does modernism contain religious themes what is the place of christian artists in the landscape of modern art nearly fifty years ago dutch art historian and theologian hans rookmaaker offered his answers to these questions when he published his groundbreaking work modern art and the death of a culture which was characterized by both misgivings and hopefulness while appreciating rookmaaker s invaluable contribution to the study of theology

and the arts this volume coauthored by an artist and a theologian responds to his work and offers its own answers to these questions by arguing that there were actually strong religious impulses that positively shaped modern visual art instead of affirming a pattern of decline and growing antipathy towards faith the authors contend that theological engagement and inquiry can be perceived across a wide range of modern art french british german dutch russian and north american and through particular works by artists such as gauguin picasso david jones caspar david friedrich van gogh kandinsky warhol and many others this studies in theology and the arts volume brings together the disciplines of art history and theology and points to the signs of life in modern art in order to help christians navigate these difficult waters the studies in theology and the arts series encourages christians to thoughtfully engage with the relationship between their faith and artistic expression with contributions from both theologians and artists on a range of artistic media including visual art music poetry literature film and more

*The Off-modern* 2017 this book is based on two beliefs says john russell in his preface one is that in art as in the sciences ours is one of the big centuries the other is that the history of art if properly set out is the history of everything it is in this spirit that the book deals with the major movements in art and the major artists since the 1860s and it also interweaves the central historical and cultural events and themes of the

modern period the meanings of modern art is the work of a critic who has lived with modern art for almost half a century and has been close to many of those who have created the masterworks of our time the book contains a choice of illustrations as exacting as it is generous and the 328 illustrations in color and in black and white are integrated with the text the history of art as presented here is truly the history of everything in the words of the college art association which in 1978 gave john russell its mather award for art criticism john russell can illuminate everything from the stones of egypt to the bricks of carl andre publisher s description

**The Meanings of Modern Art** 1981 paul rabinow s study of space and society power and knowledge in france from the 1830s through the 1930s uses tools from anthropology philosophy and cultural criticism to make fascinating connections between diverse protagonists and domains in each of these domains ranging from medicine to the layout of colonial cities rabin ow describes the creation of norms and the search for forms adequate for understanding and regulating what became known as modern society he also focuses on an unexplored middle ground between the masters of high culture and the experiences of ordinary life which he calls middling modernism paul rabinow is professor of anthropology at the university of california at berkeley his most recent books include michel foucault beyond structuralism and hermeneutics with hubert dreyfus and the foucault reader
