regulations and the recent succession regulation presents manifold risks of diverging judgments despite seemingly harmonised conflict of law rules there is now a real danger in light of the rapid increase in the number of legal instruments of the european union on conflict of laws that european private international law will become incoherent this collection of essays by twenty noted scholars in the field sheds clear light on the pivotal issues of whether a set of overarching rules a general part is required whether an eu regulation is the adequate legal instrument for such a purpose which general questions such an instrument should address and what solutions such an instrument should provide in analysing the possible emergence of general principles in european private international law over the past years the contributors discuss such issues and factors as the following the relationship between conflict of laws and recognition the room for party autonomy the concept of habitual residence adaptation when interplay between different laws leads to deadlock public policy exceptions the desirability of a general escape clause the classic topics of characterisation incidental question and renvoi and right to appeal in case of errors in the application of foreign law practitioners dealing with these notoriously difficult cases will welcome this in depth treatment of the issues as will interested policymakers throughout the eu member states and at the eu level itself scholars will discover an incomparable comparative analysis leading to expert recommendations in european private international law opening the way to an effective european framework in this area construction law in the united arab emirates and the gulf is an authoritative guide to construction legal position identifies lacunas in law and proposes possible legal solutions unfortunately laws regulations and policies have failed to stamp out hazing from university campuses and residential colleges hazing has spiralled out of control in a number of countries it has descended into a cruel barbaric and inhuman practice the number of students subjected to hazing and sexual abuse is alarming according to a 2022 survey more than half 53 of american students who were part of a fraternity or sorority experienced hazing students are murdered harmed abused and suffer long term trauma the prevention of hazing is one of the most important responsibilities of 21st century universities the theme of the book is that

universities are in the best position to protect students from hazing and must play a vital role as a sociological study the book also considers why hazing occurs and what can be done to prevent it without engaging with the underlying causes legal punitive measures continue to address the symptom rather than the cause the book therefore explores how a more innovative approach to regulation can help tackle the cause the book will be of interest to policy makers regulators at universities education and legal academics and personal injury lawyers dealing with all insurance risks other than
