list of ip cores total 37 ip cores iprium com Apr 11 2024 iprium offers a family of high performance ip cores for dsp applications license netlist for one fpga family or full source code verilog sdc xdc perpetual without quantitative restrictions worldwide royalty free free remote technical support for 1 year

what is an ip core iprium com Mar 10 2024 what is an ip core an ip core intellectual property core is a library module with logic clouds registers and connections between them an ip core is usually based on a patented invention or a revolutionary technology

dvb s2 modulator ip core iprium com Feb 09 2024 the ip core implements the dvb s2 standard with qpsk 8 psk 16 apsk 32 apsk modulation and ccm vcm acm mode support version 7 0 build date 2022 09 ordering code ip dvbs2 modulator ofdm modem fpga ip core iprium com Jan 08 2024 features the ip core implements the ofdm modulation demodulation algorithm with differential psk subcarrier modulation dbpsk dqpsk d8psk license netlist for one fpga family or full source code verilog sdc xdc perpetual without quantitative restrictions worldwide royalty free free remote technical support for 1 year

dvb t modulator fpga ip core iprium com Dec 07 2023 features the ip core is full featured digital dvb t modulator and is fully compatible with this standard etsi en 300 744 v1 6 1 license netlist for one fpga family or full source code verilog sdc xdc perpetual without quantitative restrictions worldwide royalty free free remote technical support for 1 year deliverables *ip cores demo projects iprium com* Nov 06 2023 iprium streamer ts to udp streaming module for progdvb file size 110 kb you can download the ip core evaluation project main page ip cores modemkit news

company information iprium com Oct 05 2023 we can customize the ip core design according to the individual client needs we also offer ip core optimization for ultimate performance and at the same time minimum resource intensity without any loss of functionality for the fpga architecture design of your choice

iprium llc linkedin Sep 04 2023 iprium offers fpga and asic ip cores for high quality modems to customers worldwide iprium focuses on the intellectual part of wireline and wireless digital communication systems

iprium offers the modemkit for immediate wireless ip cores Aug 03 2023 iprium llc has today announced that it now offers the modemkit hardware platform for its ip cores including rf modems dvb modulators and dvb demodulators the modemkit is a complete set of fpga dsp rf boards iprium s ip cores and pc software that can be used for the effective evaluation of wireless communication systems

iprium releases 32 channel j 83b modulator ip core soc Jul 02 2023 fpga intellectual property ip provider iprium llc has today announced that it has expanded its family of dtv modulator ip products with a new 32 channel j 83b modulator ip core for max5861 max5862 dac

iprium releases 40g ldpc i 6 encoder decoder for dwdm systems Jun 01 2023 fpga intellectual property ip provider iprium llc iprium com today announced that it has expanded its family of super fec ip products with a new otu3 40g i 6 ldpc codec ip core for the g 975 1 standard

iprium releases ccscs 131 2 turbo sccc modulator Apr 30 2023 the ip core is a complete digital qpsk 8 psk 16 apsk 32 apsk and 64 apsk modulator with an integrated serially concatenated convolutional turbo coding turbo sccc optimized for high capacity satellite systems

iprium iprium twitter Mar 30 2023 iprium has introduced the dvb cid modulator ip core the ip core is completely verified and compliance with fcc and etsi requirements

[viterbi decoder ip core iprium com](#) Feb 26 2023 the ip core implements the decoding algorithm viterbi supporting both normal and trellis coding version 2 1 build date 2019 04 ordering code ip viterbi decoder supported technologies fpga xilinx intel altera lattice microsemi actel asic digital asic

iprium releases 100 gbps polar encoder and decoder Jan 28 2023 the 100 gbps polar codec ip core supports code block length n of 1024 bits payload length k from 100 to 1000 bits with fully parallel and unrolled architecture the ip core is customizable to any standard including 3gpp 5g pricing and availability

iprium adds 128 apsk and 256 apsk support to ip core soc Dec 27 2022 fpga intellectual property ip provider iprium llc today announced that it has added 128 apsk and 256 apsk dvb s2x constellation support to the qam modulator ip core

iprium releases dvb s2x modulator giscafe Nov 25 2022 the ip core is a complete digital qpsk psk apsk modulator with integrated bch ldpc forward error correction fec and is optimized for high capacity satellite systems up to 2 gbit s the dvb s2x modulator has been silicon proven and is compliant with etsi 302 307 2 standard

iprium releases burst bpsk modem design and reuse Oct 25 2022 fpga intellectual property ip provider iprium llc today announced that it has expanded its family of modem ip products with a new burst bpsk modem ip core for microwave communication systems
