1982-03-01

this is a very important and immense book single handedly smits has reviewed and checked this immense work to bring it to its final high standard in quality and accuracy and selection of laws the criminal lawyer this is a very important and immense book the elgar encyclopedia of comparative law is a treasure trove of honed knowledge of the laws of many countries it is a reference book for dipping into time and time again it is worth every penny and there is not another as comprehensive in its coverage as elgar s i highly recommend the elgar encyclopedia of comparative law to all english chambers this is a very important book that should be sitting in every university law school library sally ramage the criminal lawyer the entries are written in a lucid and accessible style with appropriate references being given for further research all in all a substantial work which will delight enthusiasts of comparative law the commonwealth lawyer the breadth of topics

plus the bibliographies allows a reader to use the elgar encyclopedia as an initial entry into a field of law a specific topic or a legal system any law library business library large public library or academic library supporting the study of international law or international business will want to have it in its collection this work is highly recommended ladyjane hickey american reference books annual comparative law is the comparison of law and legal systems from around the world at one time it was a field of limited interest and academic participation however increasing globalization whether of commerce or culture makes it imperative that citizens learn more about the law of other countries that is the premise of this comprehensive new research tool designed for general readers some 70 articles address topics as diverse as accident compensation legal culture the european civil code and the law and legal systems of a selected set of nations this single volume work provides an excellent comprehensive overview of the current state of affairs in comparative law highly recommended lower level undergraduates and above general readers j e stephens choice the timely publication of this encyclopedia reflects what is happening in international law and in a field where works even student textbooks are often expensive it comes at an attractive price stuart hannabuss reference reviews the elgar encyclopedia of comparative law looks set to become an indispensable source for the ever increasing body of lawyers needing accurate information on the structure and working of foreign systems as well as on points of a substantive law edited by professor jan smits of maastricht university the encyclopedia is the work of an extremely strong international team of noted specialists comprising articles on the nature methodology and focus of comparative law on the legal systems of particular jurisdictions and on matters of substantive law the work should be a very significant contribution to the literature it seems likely that the contributions on the comparative state of affairs in particular fields of substantive law will be an especially valuable aspect of the work there will be 37 such articles from accident compensation to unjustified enrichment with mistake personality rights product liability and transfer of moveable property only a sample of what the work will offer casting over this list one is again struck by the wealth of established expertise brought together in the encyclopedia i have little doubt that i can speak for the worldwide community of comparative lawyers in saying that the elgar encyclopedia

of comparative law is eagerly awaited david l carey miller university of aberdeen uk comparative law is moving swiftly from a long infancy to teenage maturity and jan smits provides the essential tonic in this outstanding work he has gathered together leading scholars each his her

law and economics deals with the economic analysis of legal relations legal provisions laws and regulations and is a research field which has a long tradition in economics it was lost after the expulsion of some of the leading economists from germany during 1933 to 1938 but then revived in chicago both the subject of law of economics and the need for a concise encyclopedia is particularly relevant in europe today currently in the european union there are several different legal cultures the anglo saxon legal framework the german legal framework which for example also includes greece and the roman legal family three jurisdictions which have to be covered with one and the same theory in the eu the task of the european commission to interact with the various european jurisdictions means different legal cultures collaborating and some degree of harmonization is necessary the result is an immediate need if only for the science to show how a given problem is solved in each legal tradition and jurisdiction this encyclopedia provides both a common language and precise definitions in the field which will be useful in the future to avoid misunderstandings during harmonization of eu law

The Oxford International Encyclopedia of Legal History

2009

from articles centering on the detailed and doctrinal exposition of the law to those which reside almost wholly within the realm of philosophical ethics this volume affords comprehensive treatment to both sides of the philosophico legal equation systematic and sustained coverage of the many dimensions of legal thought gives ample expression to the true breadth and depth of the philosophy of law with coverage of the modes of knowing and the kinds of normativity used in the law studies in international constitutional criminal administrative persons and property contracts and to
