limited run ktm factory editions that blur the lines between what is stock  
and what is factory november 15 2023 ktm s 250 sx f has been a front runner  
in dirt rider s 250 four stroke motocross shootout for several years thanks  
to its potent engine highly tunable suspension and the 250 sx f is designed  
specifically to make high rpm power you might say it runs like a very smooth  
250cc two stroke engine it shifts well enough when not under load though not  
as both the 2022 ktm 450 and 250 sx f factory edition models got a complete  
makeover the frame engine suspension and just about everything else in

on the market would they throw it all away and start over that s what ktm has  
done with the 2022 ½ 250sx f factory edition the bike is all new for real not  
just cosmetically restyled of nearly 20 new bikes in the greater pierer  
family the 2023 ktm 250sx f has one of the most extensive redesigns you could  
argue that this is the one bike that didn t need much it already was the  
lightest bike in the class and according to the dyno it had the best overall  
power spread at 218 pounds without fuel the 250sx f remains the lightest  
production 250 four stroke ever uppers powerful the orange frame is back  
light weight easy to adjust air fork excellent brakes downers requires  
commitment over geared pro oriented power plastic preload adjuster the 2025  
ktm 250 sx f adamo edition boasts the best 4 stroke powerplant in the pits  
with its sohc engine proving to be the perfect example of advanced  
engineering the engine is tilted 2 backward resulting in a 3mm lower front
