what do david foster wallace s essay on wars over usage and pico iyer s comma personification have to do with improving students academic writing everything for all of the attention supposedly paid to bloom s taxonomy with creativity at the top educators tend to shy away from encouraging students creative choices in areas where traditional analysis and the critic s style and tone have reigned while we do not want our students to write inane or empty verbiage we unintentionally

set them up for this inevitability or worse the movement away from children's natural creative impulses in elementary school to a direction in which they literally fit their writing into preconfigured shapes is a gradual one although purportedly taught to instill academic structures these boxes are also designed to facilitate the ease with which student product may be assessed we need a more creative approach to teaching writing a methodology incorporating creativity as modeled by students in this text demonstrates the kind of progress we are all seeking offering an exciting challenge for young writers and educators alike

the essays only you can write offers a perspective on essay writing that spotlights a writer s uniqueness resisting the perception that personal and academic writing are at odds with one another it treats the impulse to write personally as potential fuel for a variety of writing purposes the book encourages students to think like academics pursuing their enthusiasms trusting their ideas and questioning their conclusions by leading them through three main writing assignments a personal essay an essay based on texts and a research essay each chapter offers exercises and strategies for various stages in the pre writing drafting and revision processes freewriting extensive attention to planning devising a structure and order of ideas that both promote and reflect engagement with a topic developing rhetorical awareness and knowledge of conventions and an advocacy for expressive socially responsible writing all are central elements of the text s instruction by acknowledging the emotions inherent in the writing process many of which can muddle thinking i don t want anyone to see this what if i make mistakes what if the writing isn t good i don t want to be critiqued etc papoulis helps beginning college writers to navigate the psychological as well as the technical roadblocks that

can get in the way of their best personal and academic writing

## **Advances in Experimental Social Psychology**

1957

doing philosophy provides a practical guide to studying philosophy for students the book offers guidance on reading and analyzing philosophical texts preparing for and participating in seminars choosing essay topics constructing arguments and avoiding plagiarism using libraries the internet and other resources technical terms forms of expression and logical notation doing philosophy outlines the difficulties and challenges faced by students and the exciting scope of the subject as a consequence the book uses examples of philosophical texts from a wide range of authors to explore strategies that enable the student to develop critical reading skills the book also offers advice on taking notes analyzing arguments using resources effectively and writing philosophical essays concise and accessible this book equips the student with the tools needed to succeed at undergraduate level presenting a variety of practical strategies for tackling tasks that a first year student will inevitably encounter
