in an era of change in education the time is right to refocus attention on guided reading practices guided reading remains an anchor in classroom literacy programs but how has it changed with the new shifts in education in this book dr michael p ford provides a practical resource for guided reading he explains how it evolved why it s still important how to fit it into a comprehensive literacy program how to select texts how to assess and support students and how to position it for intervention also included is an appendix with a listing of recommended guided reading books ideas resources and a list of childrens books that can be used to implement guided reading this book is the richest most comprehensive guided reading resource available today and the first systematic offering of instructional support for guided reading adherents in this his latest book the author describes clearly and succinctly what guided reading involves and gives practical and authoritative advice on how to incorporate guided reading into a literacy program has something to offer all teachers feeling exhausted after guided reading are you working tirelessly while your students aren t even breaking a sweat do you ever wonder if other teachers feels the same way you do about guided reading that it s not working the way you think it should you are not alone there seems to be much confusion surrounding guided reading the term even means something different from school to school now you can turn to the 50 years of collective experience of authors jan burkins and melody croft to prevent guided reading from going astray in your classroom jan and melody present personal clarifications adaptations and supports that have helped them work through their own tricky parts as they guide readers the book s six chapters each clarify a misunderstanding about guided reading instruction in the following areas the teacher s role and the gradual release of responsibility instructional reading level text gradients balanced instruction integrated processing assessment with 27 strategies you re sure to find the help you need to work through your own challenges as you guide groups of readers learn when and how to teach comprehension using comprehension during guided shared and independent reading for grades k 6 this 224 page book includes step by step lessons and research based strategies that can be adapted for any student or any classroom this book gives a glimpse into classrooms using these strategies as well as suggestions for materials needed planning and grouping students and a list of recommended children s books a fabulous range of guided reading resources based on the best loved children s books this new teacher resource book for ages 8 9 will focus on small group guided reading sessions based around 6 of the new read respond titles these notes include read revisit and respond and assessment opportunities and all activities are designed to engage the children with what they re reading and develop their comprehension skills guided reading notes in this title support the following read respond teacher s books stig of the dump hetty feather how to train your dragon george s marvellous medicine millions why the whales came presents information on how to implement guided reading in classroom and offers ideas and activities for using leveled books in a balanced literacy program a list of 200 leveled books is also included guided reading is the classroom reading recovery with supplements in the classroom every child is involved in focussed reading instruction small groups necessitate exceptional organization all this without the year long training that reading recovery participants have over the years teachers have been directed towards guided reading without knowledge of how to organize the class while working with small groups and further without the knowledge of what is involved in overt reading instruction this book will change that and give teachers the resources to organize and put in place worthwhile and relevant activities for children to independently engage in in this book significant suggestions are forwarded to make guided reading easier to implement and more effective this book challenges held views about guided reading misconceptions and misapplications of guided reading will be highlighted and in place will be effective pedagogy to help children move towards being truly confident thinking readers the teaching practices emphasized are managing differentiated reading instruction for early developing early fluent readers including a chapter relating to older readers class management while working with small groups independent tasks questioning and prompting so children acquire and use self help reading and comprehension strategies encouraging student talk where they explore and exchange ideas assessment and recording that informs instruction new expanded edition with an additional guest chapter by jo payne on whole class guided reading there are a multitude of problems with guided reading in its current state from poor book choices to lots of moving around in classroom the key benefit or these sessions to inspire a love of reading and understanding has been eroded what is unusual about many of these problems have evolved into their current awkward state we are prone to do this in education and less inclined to stop and consider why something might be broken i think it s something we need to get more in the habit of doing if we are going to make real progress this book sets out to correct this problem contained within is a blueprint for making your guided reading session really work day after day for any age group more than that it can be read in an hour implemented in less than that and will save you hours over a teaching year this hands on book presents an innovative approach to guided reading that is manageable even for teachers who are new to small group differentiated reading instruction from publisher description in an era of change in education the time is right to refocus attention on guided reading practices guided reading remains an anchor in
